**Approximate date of commencement of proposed sale to the public:** As soon as practicable after the effective date of this registration statement.

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933 check the following box. [ ]

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. [ ]

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. [ ]

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. [ ]

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.:

Large accelerated filer  
Non-accelerated filer

Accelerated filer  
Smaller reporting company  
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of the Securities Act.

#### CALCULATION OF REGISTRATION FEE

Title of Each Class of Security Being Registered	Amount Being Registered	Proposed Maximum Offering Price per Security <sup>(1)</sup>	Proposed Maximum Aggregate Offering Price <sup>(1)</sup>	Amount of Registration Fee
Units, each consisting of one share of common stock, \$0.0001 par value, and one half of one redeemable warrant <sup>(2)</sup>	11,500,000 Units	\$ 10.00	\$ 115,000,000	\$ 12,546.50 <sup>(5)</sup>
Shares of common stock included as part of the units <sup>(3)</sup>	11,500,000 Shares	—	—	— <sup>(4)</sup>
Redeemable warrants included as part of the units <sup>(3)</sup>	5,750,000 Warrants	—	—	— <sup>(4)</sup>
Total			<u>\$ 115,000,000</u>	<u>\$ 12,546.50<sup>(5)</sup></u>

(1) Estimated solely for the purpose of calculating the registration fee pursuant to Rule 457(a).

(2) Includes 1,500,000 units, consisting of 1,500,000 shares of common stock and 750,000 redeemable warrants, which may be issued upon exercise of a 45-day option granted to the underwriters to cover over-allotments, if any.

(3) Pursuant to Rule 416, there are also being registered an indeterminable number of additional securities as may be issued to prevent dilution resulting from stock splits, stock dividends or similar transactions.

(4) No fee pursuant to Rule 457(g).

(5) \$12,546.50 previously paid.

**The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until the Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.**

**The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.**

**PRELIMINARY PROSPECTUS**

**SUBJECT TO COMPLETION, DATED JANUARY 7, 2021**

**\$100,000,000**  
**Big Cypress Acquisition Corp.**  
**10,000,000 Units**

---

Big Cypress Acquisition Corp. is a newly organized blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, which we refer to as our initial business combination, with one or more businesses, which we refer to as target businesses. We have not selected any specific target business and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any target business with respect to an initial business combination with our company. While we may pursue a target business in any industry or sector, we intend to focus our search on companies in the life sciences industry.

This is an initial public offering of our securities. Each unit has an offering price of \$10.00 and consists of one share of our common stock and one half of one redeemable warrant. Each whole warrant entitles the holder thereof to purchase one share of our common stock at a price of \$11.50 per share, subject to adjustment as described herein. The underwriters have a 45-day option from the date of this prospectus to purchase up to an additional 1,500,000 units to cover over-allotments, if any.

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination, subject to the limitations described herein. If we are unable to complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination twice, each extension up to three months, as described in more detail in this prospectus), we will redeem 100% of the public shares for cash, subject to applicable law and certain conditions as further described herein. Our public stockholders will not be afforded an opportunity to vote on our extension of time to consummate an initial business combination from 15 months to up to 21 months as described above or redeem their shares in connection with such extension.

Our sponsor, Big Cypress Holdings LLC, has agreed to purchase an aggregate of 382,250 placement units (417,200 placement units if the over-allotment option is exercised in full) at a price of \$10.00 per unit, for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). Each placement unit will be identical to the units sold in this offering, except as described in this prospectus. The placement units will be sold in a private placement that will close simultaneously with the closing of this offering. On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share.

On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875.

On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part).

After the completion of the offering and the private placement, our sponsor and Ladenburg and certain of its employees will own approximately 20.72% and 1.65% of our issued and outstanding shares of common stock, respectively (including the placement shares and assuming they do not purchase any units in this offering).

Currently, there is no public market for our units, common stock or warrants. We have applied to list our units on the NASDAQ Capital Market, or NASDAQ, under the symbol "BCYPU". We expect that our units will be listed on the NASDAQ Capital Market on or promptly after the date of this prospectus. We cannot guarantee that our securities will be approved for listing on NASDAQ. We expect the common stock and warrants comprising the units will begin separate trading on the 52<sup>nd</sup> day following the date of this prospectus unless Ladenburg informs us of its decision to allow earlier separate trading, subject to our satisfaction of certain conditions, provided that no fractional warrants will be issued upon separation of the units and only whole warrants will trade or be exercisable. Once the securities comprising the units begin separate trading, we expect that the common stock and warrants will be listed on NASDAQ under the symbols "BCYP" and "BCYPW," respectively.

---

We are an “emerging growth company” under applicable federal securities laws and will be subject to reduced public company reporting requirements. Investing in our securities involves a high degree of risk. See “Risk Factors” beginning on page 27 for a discussion of information that should be considered in connection with an investment in our securities. Investors will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

	<u>Per Unit</u>	<u>Total</u>
Public offering price	\$ 10.00	\$ 100,000,000
Underwriting discounts and commissions <sup>(1)</sup>	\$ 0.50	5,000,000
Proceeds, before expenses, to Big Cypress Acquisition Corp.	\$ 9.50	\$ 95,000,000

(1) Includes \$0.367 per unit, or \$3,670,000 (or up to \$4,220,500 if the underwriters’ over-allotment option is exercised in full) in the aggregate payable to the representative of the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described in this prospectus. The deferred commissions will be released to the representative of the underwriters only on completion of an initial business combination, as described in this prospectus. Does not include certain fees and expenses payable to the underwriters in connection with this offering that will be payable in addition to the underwriting discount. Ladenburg Thalmann & Co. Inc., the representative of the underwriters, and certain of its employees have been issued certain shares of our common stock. See the section of this prospectus entitled “Underwriting” beginning on page 138 for a description of compensation and other items of value paid or payable to the underwriters.

Of the proceeds we receive from this offering and the sale of the placement units described in this prospectus, \$101,000,000 million or \$116,150,000 million if the underwriters’ over-allotment option is exercised in full (\$10.10 per unit in either case) will be deposited into a trust account in the United States at Morgan Stanley, N.A., with Continental Stock Transfer & Trust Company acting as trustee.

The underwriters are offering the units for sale on a firm commitment basis. The underwriters expect to deliver the units to the purchasers on or about \_\_\_\_\_, 2021.

We are responsible for the information contained in this prospectus. We have not authorized anyone to provide you with different information, and we take no responsibility for any other information others may give to you. We are not, and the underwriters are not, making an offer to sell securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information contained in this prospectus is accurate as of any date other than the date on the front of this prospectus.

## SUMMARY

*This summary only highlights the more detailed information appearing elsewhere in this prospectus. You should read this entire prospectus carefully, including the information under the section of this prospectus entitled “Risk Factors” and our financial statements and the related notes included elsewhere in this prospectus, before investing.*

*Unless otherwise stated in this prospectus, or the context otherwise requires, references to:*

- *“Ladenburg” are to Ladenburg Thalmann & Co. Inc., the representative of the underwriters in this offering;*
- *“founder shares” are to shares of our common stock initially purchased by our sponsor in a private placement prior to this offering;*
- *“initial stockholders” are to our sponsor, Ladenburg and certain of its employees and any other holders of our founder shares and representative shares prior to this offering (or their permitted transferees);*
- *“management” or our “management team” are to our officers and directors;*
- *“placement units” are to the units being purchased separately by our sponsor in the private placement, each placement unit consisting of one placement share and one-half of one placement warrant;*
- *“placement shares” are to the shares of our common stock included within the placement units being purchased separately by our sponsor in the private placement;*
- *“placement warrants” are to the warrants included within the placement units being purchased separately by our sponsor in the private placement as well as any warrants included in units that may be issued upon conversion of working capital loans; and*
- *“private placement” are to the private placement of 382,250 units being purchased by our sponsor (417,200 if the over-allotment option is exercised in full) which will occur simultaneously with the completion of this offering at a purchase price of \$10.00 per unit for a total purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full);*
- *“public shares” are to shares of our common stock sold as part of the units in this offering (whether they are purchased in this offering or thereafter in the open market);*
- *“public stockholders” are to the holders of our public shares, including our initial stockholders and management team to the extent our initial stockholders and/or members of our management team purchase public shares, provided that each initial stockholder’s and member of our management team’s status as a “public stockholder” shall only exist with respect to such public shares;*
- *“public warrants” are to our redeemable warrants sold as part of the units in this offering (whether they are purchased in this offering or thereafter in the open market, including warrants that may be acquired by our sponsor or its affiliates in this offering or thereafter in the open market);*
- *“representative shares” are to shares of our common stock initially purchased by Ladenburg and certain of its employees in a private placement prior to this offering;*

- “sponsor” are to Big Cypress Holdings LLC, a Delaware limited liability company which is an affiliate of certain of our officers and directors;
- “warrants” are to our public warrants, our placement warrants; and
- “we,” “us,” “company” or “our company” are to Big Cypress Acquisition Corp.

Unless we tell you otherwise, the information in this prospectus assumes that the underwriters will not exercise their over-allotment option.

### **Our Company**

We are a newly organized, blank check company formed as a Delaware corporation for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, which we refer to throughout this prospectus as our initial business combination, with one or more businesses, which we refer to throughout this prospectus as target businesses. We have not selected any specific target business and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any target business regarding an initial business combination with our company. While we may pursue an acquisition opportunity in any industry or sector, we intend to capitalize on our management team’s differentiated ability to source, acquire and manage a business in the life sciences industry.

We are led by an experienced management team who have played important roles in helping build and grow profitable public and private businesses, both organically and through acquisitions, to create value for stockholders. Our team is composed of individuals with over 150 years of combined experience operating and investing in life science companies, and a wide range of other industries, bringing us a diversity of experiences as well as valuable expertise and perspective. Our team has collectively closed over 50 mergers and acquisitions and has a unique ability to identify partners and negotiate and close transactions.

We believe that our management’s industry expertise should enable us to complete an initial business combination with a target company.

Notwithstanding the foregoing, the past performance of the members of our management team, or their respective affiliates, is not a guarantee either (i) that we will be able to identify a suitable candidate for our initial business combination or (ii) of success with respect to any business combination we may consummate. No member of our management team has had management experience with special purpose acquisition corporations in the past. You should not rely on the historical record of our management team, or their respective affiliates’ performance as indicative of our future performance.

### **Industry Opportunity**

While we may acquire a target business in any industry or sector, we intend to focus on life science companies in the United States and Israel that complement our management team’s background and proprietary network. We believe the life sciences industry is attractive for a number of reasons:

#### *Large and Growing Market Opportunity*

The life sciences sector represents an enormous market opportunity. According to a CMS (“Centers for Medicare and Medicaid Services”) report released in February 2019 total healthcare spending in the United States reached nearly \$3.7 trillion (or \$11,172 per person) in 2018 and is expected to grow by an average of 5.5% annually between 2018 – 2027. As a share of the nation’s GDP (“Gross Domestic Product”), healthcare spending accounted for 17.7% in 2018. The CMS has estimated that the healthcare share of GDP is expected to rise from 17.9% in 2017 to 19.4% by 2027. This growth is largely driven by demographics and scientific innovation.

### *Favorable Macro Dynamics*

Total global healthcare expenditure continues to grow due to an aging population, pervasiveness of chronic diseases, improved access to healthcare, and scientific and medical innovations. On average, according to AARP International, more than 10,000 people per day turn 65 in the United States. This is partially attributed to improved access to healthcare and general improvement of healthcare related services. As a result, global life expectancy has increased from approximately 62 years (in 1980) to 67 years (in 2000), and to 72 years (in 2018) according to the World Health Organization. Between 1960 and 2020, life expectancy has increased over 20 years. As the average age of the general population trends upward and diseases of aging become more prevalent and healthcare consumption climbs, we believe that healthcare spending will continue to increase creating a need for companies that solve unmet needs.

### *Broad Target Universe Driven by Significant Scientific and Clinical Advances*

Major scientific and clinical advances in life sciences have led to the creation of more than 10,000 life sciences companies located in the United States, Europe and Israel. Between 2010 and 2014, the United States Food and Drug Administration, or FDA, approved 158 novel drugs. By comparison, in the last five years 220 novel drugs have been approved by the FDA for a wide range of indications, a 40% increase compared to the preceding five years. In 2019, the FDA approved 10 new biosimilars, which will help create competition, increase patient access, and potentially reduce the cost of important biological drug therapies. These approvals cover a variety of conditions such as cancers, genetic disorders, and autoimmune diseases. The FDA has approved multiple novel gene and cellular therapies with disease modifying benefits in multiple indications. As scientific innovation continues to expand our understanding of diseases processes we believe that an increasing number of early-stage life sciences companies will be formed generating a significant number of acquisition targets in need of access to capital in the public markets as they create value along the development pathway.

### *Life Sciences SPAC Offers a Unique Opportunity for Private Companies and Investors Alike*

SPACs focused on life science companies currently represent only a small portion of the SPAC market (less than 10%) relative to other sectors. Of the approximately \$70 billion raised in the SPAC IPO market this year only approximately \$1.9 billion is focused on the life science sector. SPACs focused on life science companies are underrepresented in relation to the number of privately held healthcare companies that eventually require access to the public capital markets. We believe there are a significant number of high-quality private life sciences companies seeking alternative routes to the public markets and also healthcare investors willing to participate in SPACs and their business combinations.

### **Acquisition Criteria**

Consistent with our strategy, we have identified the following general criteria and guidelines that we believe are important in evaluating prospective target businesses. We will use these criteria and guidelines in evaluating acquisition opportunities, but we may decide to enter into our initial business combination with a target business that does not meet these criteria and guidelines.

We believe that our management team is well positioned to identify opportunities in the life sciences sector. Through our management's extensive industry relationships, we expect to have proprietary deal flow from our network of venture capital firms, private and public corporate clients, investment banking partners and existing investor referrals, essential in sourcing and vetting potential business combinations. Given our management team's profile and dedicated industry approach, we anticipate that potential target businesses may also be brought to our attention from various sources outside of our network. We believe that our management's reputation, with relationships across the life sciences industry and a track record of raising capital for first in class and best in class companies will enable us to become an ideal partner for potential targets in our preferred sector. We intend to filter our opportunities based on the following criteria:

*Growth-oriented Life Science Company*

We intend to complete an initial business combination with a target business that has an equity value of two to six times the total amount of the gross proceeds of this offering. We are not constrained to this valuation range but believe that there are significant numbers of private companies representing substantial growth opportunities in this domain for which access to the public markets would be advantageous. We may complete an initial business combination with companies within the life sciences sector ranging from preclinical to late stage clinical trials. We expect to assess targets that fall within the expertise of our management team.

*Well Situated to Act as a Standalone Public Company*

We intend to complete a business combination with a target that is ready to operate effectively in the public markets as it relates to corporate governance and reporting policies. We intend to focus on targets with talented and experienced management teams with a history of operating successful public companies and value creation. We expect to evaluate potential targets based on the pipeline of products and the application to the broader healthcare system while exhibiting rapid growth potential in an attempt to achieve long-term value creation and risk-adjusted equity returns for our shareholders.

*Novel Products and or Platform with potential to Address Unmet Medical needs*

We intend to complete a business combination with a target that has produced or is producing novel products or platforms that address unmet needs in the markets they operate in to take advantage of the current market dynamics. We intend to seek targets with intellectual property which provides strategic competitive advantages that will benefit from increased awareness in the public markets. Our management team and sponsor have extensive experience in identifying, investing in, and operating businesses that focus on anticipating and addressing unmet medical needs.

*Prospective value creation for opportunities that would be fully valued as a public company, through organic or inorganic growth*

We believe in the ability of our management team and our sponsor to lead rigorous sourcing and due diligence processes, utilizing the proprietary networks of the management team. Management expects to complete a business combination with a target that they believe will be more fully valued as a public company. We intend to find attractively valued target businesses by assessing sector and company specific dynamics, capital structure, preclinical and clinical data, validating partnerships, use of proceeds, proprietary intellectual property, and total addressable markets among other factors. Leveraging of our management team's experiences and processes, we expect to find a target that will be well received by public markets and create value for shareholders.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management team may deem relevant. In the event that we decide to enter into our initial business combination with a target business that does not meet the above criteria and guidelines, we will disclose that the target business does not meet the above criteria in our stockholder communications related to our initial business combination, which, as discussed in this prospectus, would be in the form of proxy solicitation materials or tender offer documents that we would file with the U.S. Securities and Exchange Commission.

## **Initial Business Combination**

We will have up to 15 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 15 months, we may, by resolution of our board if requested by our sponsor, extend the period of time to consummate a business combination twice, each time by an additional three months (for a total of 21 months to complete a business combination), subject to the sponsor depositing additional funds into the trust account as set out below. Our shareholders will not be entitled to vote or redeem their shares in connection with any such extension. However, our stockholders will be entitled to vote and redeem their shares in connection with a stockholder meeting held to approve an initial business combination or in a tender offer undertaken in connection with such an initial business combination if we propose such a business combination during the three-month extension period. Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order for the time available for us to consummate our initial business combination to be extended, our sponsor or its affiliates or designees, upon five days advance notice prior to the applicable deadline, must deposit into the trust account \$1,000,000, or \$1,150,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per unit in either case, up to an aggregate of \$2,000,000 or \$2,300,000 if the underwriters' over-allotment option is exercised in full) on or prior to the 15-month deadline. Any such payment would be made in the form of a non-interest bearing loan and would be repaid, if at all, from funds released to us upon completion of our initial business combination. In the event that we receive notice from our sponsor prior to the 15-month deadline of its wish for us to effect the extension, we intend to issue a press release announcing such intention at least three days prior to the 15-month deadline. In addition, we intend to issue a press release the day after the 15-month deadline announcing whether or not the funds had been timely deposited. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. If we are unable to consummate an initial business combination within such time period, we will redeem 100% of our issued and outstanding public shares for a pro rata portion of the funds held in the trust account, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and as further described herein, and then seek to dissolve and liquidate.

NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects. Additionally, pursuant to Nasdaq rules, any initial business combination must be approved by a majority of our independent directors.

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the "Investment Company Act". Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of NASDAQ's 80% fair market value test. If the initial business combination involves more than one target business, the 80% fair market value test will be based on the aggregate value of all of the transactions and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking stockholder approval, as applicable. If our securities are not listed on NASDAQ after this offering, we would not be required to satisfy the 80% requirement. However, we intend to satisfy the 80% requirement even if our securities are not listed on NASDAQ at the time of our initial business combination.

## **Our Business Combination Process**

In evaluating prospective business combinations, we expect to conduct a thorough due diligence review process that will encompass, among other things, a review of historical and projected financial and operating data, meetings with management and their advisors (if applicable), on-site inspection of facilities and assets, discussion with expert scientists and physicians, legal reviews and other reviews as we deem appropriate. We will also utilize the expertise of our management team in analyzing life sciences companies and evaluating operating projections, financial projections and determining the appropriate return expectations given the risk profile of the target business.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. However, we do not intend to contact any such prospective target businesses subsequent to the closing of this offering unless we become aware that such targets are interested in a potential initial business combination with us and such transaction would be attractive to our stockholders. In the event we seek to complete our initial business combination with a company that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that our initial business combination is fair to our company from a financial point of view.

Certain of our officers and directors presently have fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations to present the opportunity to such entity, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. We believe, however, that the fiduciary duties or contractual obligations of our officers or directors will not materially affect our ability to complete our initial business combination. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

### **Corporate Information**

Our executive offices are located at 300 W. 41st Street, Suite 202, Miami Beach, Florida 33140 and our telephone number is (305) 204-3338.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period. References herein to emerging growth company will have the meaning associated with it in the JOBS Act.

Additionally, we are a “smaller reporting company” as defined in Rule 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our common stock held by non-affiliates exceeds \$250 million as of the prior June 30<sup>th</sup>, or (2) our annual revenues exceed \$100 million during such completed fiscal year and the market value of our common stock held by non-affiliates exceeds \$700 million as of the prior June 30.

## THE OFFERING

*In deciding whether to invest in our securities, you should take into account not only the backgrounds of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. You will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. You should carefully consider these and the other risks set forth in the section of this prospectus entitled "Risk Factors."*

Securities offered	10,000,000 units, at \$10.00 per unit, each unit consisting of: <ul style="list-style-type: none"><li>• one share of common stock; and</li><li>• one half of one redeemable warrant.</li></ul>
Proposed NASDAQ symbols	Units: "BCYPU" Common Stock: "BCYP" Warrants: "BCYPW"
Trading commencement and separation of common stock and warrants	The units will begin trading on or promptly after the date of this prospectus. We expect the common stock and warrants comprising the units will begin separate trading on the 52 <sup>nd</sup> day following the date of this prospectus unless Ladenburg informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of common stock and warrants. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant.
Separate trading of the common stock and warrants is prohibited until we have filed a Current Report on Form 8-K	In no event will the common stock and warrants be traded separately until we have filed a Current Report on Form 8-K with the SEC containing an audited balance sheet reflecting our receipt of the gross proceeds at the closing of this offering. We will file the Current Report on Form 8-K promptly after the closing of this offering. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.
<b>Units:</b>

Number outstanding after this offering and the private placement	10,382,250 <sup>(1)</sup>
<b>Common stock:</b>	
Number outstanding before this offering and the private placement	2,875,000 shares of common stock <sup>(2)</sup>
Number outstanding after this offering and the private placement	12,882,250 shares of common stock <sup>(1)(3)</sup>

**Redeemable Warrants:**

Number outstanding before this offering  
and the private placement 0

Number of warrants to be outstanding  
after this offering and the private  
placement 5,191,125 <sup>(1)</sup>

Exercisability Each whole warrant is exercisable to purchase one share of our common stock and only whole warrants are exercisable.

We structured each unit to contain one-half of one redeemable warrant, with each whole warrant exercisable for one share of common stock, as compared to units issued by some other similar blank check companies which contain whole warrants exercisable for one whole share, in order to reduce the dilutive effect of the warrants upon completion of an initial business combination as compared to units that each contain a warrant to purchase one whole share, thus making us, we believe, a more attractive initial business combination partner for target businesses.

- 
- (1) Assumes no exercise of the underwriters' over-allotment option and the forfeiture by our sponsor of 343,125 founder shares and 31,875 representative shares held by Ladenburg and certain of its employees. Our sponsor has agreed to purchase an aggregate of 382,250 placement units (417,200 placement units if the over-allotment option is exercised in full) at a price of \$10.00 per unit, for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). Each placement unit will be identical to the units sold in this offering, except as described in this prospectus. The placement units are not subject to forfeiture but will be subject to transfer restrictions as described in "Principal Stockholders — Transfers of Founder Shares and Placement Units (including securities contained therein)".
- (2) Includes up to 343,125 founder shares held by our sponsor and up to 31,875 representative shares held by Ladenburg and its employees that are subject to forfeiture depending on the extent to which the underwriters' over-allotment option is exercised.
- (3) Comprised of 10,000,000 public shares, 2,287,500 founder shares, 212,500 representative shares and 382,250 placement shares, assuming shares subject to forfeiture as indicated in footnote 2 have been forfeited.

Exercise price

\$11.50 per share, subject to adjustment as described herein. In addition, if (x) we issue additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at an issue price or effective issue price of less than \$9.20 per share of common stock (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our sponsor or its affiliates, without taking into account any founder shares held by our sponsor or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and (z) the volume weighted average trading price of our common stock during the 20 trading day period starting on the trading day prior to the day on which we consummate our initial business combination (such price, the “Market Value”) is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described below under “Redemption of warrants” will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

Exercise period

The warrants will become exercisable on the later of:

- 30 days after the completion of our initial business combination, or
- 12 months from the closing of this offering;

provided in each case that we have an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or we permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement).

We are not registering the shares of common stock issuable upon exercise of the warrants at this time. However, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our best efforts to file with the SEC a registration statement covering the shares of common stock issuable upon exercise of the warrants, to cause such registration statement to become effective and to maintain a current prospectus relating to those shares of common stock until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the shares of common stock issuable upon exercise of the warrants is not effective by the 60<sup>th</sup> business day after the closing of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis.

The warrants will expire at 5:00 p.m., New York City time, five years after the completion of our initial business combination or earlier upon redemption or liquidation. On the exercise of any warrant, the warrant exercise price will be paid directly to us and not placed in the trust account.

## Redemption of warrants

Once the warrants become exercisable, we may redeem the outstanding warrants (except as described herein with respect to the placement warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption given after the warrants become exercisable, which we refer to as the 30-day redemption period; and
- if, and only if, the last sale price of our common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period commencing once the warrants become exercisable and ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

We will not redeem the warrants unless a registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of shares of common stock upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such shares of common stock under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering.

If we call the warrants for redemption as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a "cashless basis." In determining whether to require all holders to exercise their warrants on a "cashless basis," our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of shares of common stock issuable upon the exercise of our warrants. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" for this purpose shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

Please see the section of this prospectus entitled "Description of Securities — Redeemable Warrants — Public Stockholders' Warrants" for additional information.

None of the placement warrants will be redeemable by us so long as they are held by the sponsor or its permitted transferees.

Founder shares and representative shares

On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share. On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. Prior to these initial investments in the company, the company had no assets, tangible or intangible. The number of shares issued was determined based on the expectation that the founder shares held by our sponsor and representative shares held by Ladenburg and its employees would represent 20% of the outstanding shares after this offering (excluding the placement units and shares of common stock and warrants underlying the placement units). On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). As such, after the completion of the offering and the private placement, our sponsor and Ladenburg and certain of its employees will own approximately 20.72% and 1.65% of our issued and outstanding shares of common stock, respectively (including the placement shares and assuming they do not purchase any units in this offering). Neither our sponsor nor any of our officers or directors have expressed an intention to purchase any units in this offering. Up to 343,125 founder shares will be subject to forfeiture by our sponsor and up to 31,875 representative shares held by Ladenburg will be subject to forfeiture, depending on the extent to which the underwriters' over-allotment option is exercised so that the founder shares and representative shares that our sponsor and Ladenburg and certain of its employees hold will be equal to 20% of our common stock after this offering (excluding the placement units and the shares of common stock and warrants underlying the placement units). We will effect a stock dividend or share contribution prior to this offering should the size of the offering change, in order to maintain such ownership percentage. After the completion of the offering and the private placement, our sponsor and Ladenburg and certain of its employees will own approximately 20.72% and 1.65% of our issued and outstanding shares of common stock, respectively (including the placement shares and assuming they do not purchase any units in this offering).

The founder shares and representative shares are identical to the public shares included in the units being sold in this offering, except that:

- the founder shares and representative shares are subject to certain transfer restrictions, as described in more detail below;
- our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us) pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares, placement shares or representative shares, as applicable, and (except for Ladenburg) public shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their founder shares, placement shares or representative shares, as applicable, and (except for Ladenburg) public shares in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus) or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their founder shares, placement shares or representative shares, as applicable, if we fail to complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus), although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the prescribed time frame.

- pursuant to the letter agreement (and subscription agreement), our sponsor, officers and directors (and Ladenburg and its employees) have agreed to vote any founder shares and placement shares held by them and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. If we submit our initial business combination to our public stockholders for a vote, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination. As a result, in addition to the founder shares, placement shares, and representative's shares, we would need only 3,558,876, or 35.59%, of the 10,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all outstanding shares are voted) in order to have our initial business combination approved (assuming the over-allotment option is not exercised); and
- the founder shares, placement shares and representative shares are entitled to registration rights.

Transfer restrictions on founder shares

Our sponsor has agreed not to transfer, assign or sell 50% of their founder shares until the earlier of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which the closing price of our shares of common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after our initial business combination, and the remaining 50% of the founder shares may not be transferred, assigned or sold until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property (except as described herein under the section of this prospectus entitled "Principal Stockholders — Restrictions on Transfers of Founder Shares and Placement Units"). Any permitted transferees will be subject to the same restrictions and other agreements of our initial stockholders with respect to any founder shares. We refer to such transfer restrictions throughout this prospectus as the lock-up.

Placement units	Our sponsor has agreed to purchase an aggregate of 382,250 placement units (417,200 placement units if the over-allotment option is exercised in full) at a price of \$10.00 per unit, for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). Each placement unit will be identical to the units sold in this offering, except as described in this prospectus. There will be no redemption rights or liquidating distributions from the trust account with respect to the placement shares or placement warrants, which will expire worthless if we do not consummate a business combination within the allotted 15 period (or up to 21 months if we extend the period of time to consummate our initial business combination).
Transfer restrictions on placement units	The placement units and their component securities will not be transferable, assignable or salable until 30 days after the consummation of our initial business combination except to permitted transferees.
Redeemability and exercise of placement warrants	<p>The placement warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by our sponsor or its permitted transferees. If the placement warrants are held by someone other than our sponsor or its permitted transferees, the placement warrants will be redeemable by us and exercisable by such holders on the same basis as the warrants included in the units being sold in this offering. If holders of placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” for this purpose shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by the sponsor or its permitted transferees is because it is not known at this time whether they will be affiliated with us following an initial business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information.</p> <p>Accordingly, unlike public stockholders who could sell the shares of common stock issuable upon exercise of the warrants freely in the open market, the insiders could be significantly restricted from doing so. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.</p>

Proceeds to be held in trust account

NASDAQ rules require that at least 90% of the gross proceeds from this offering and the sale of the placement units be deposited in a trust account. Of the net proceeds of this offering and the sale of the placement units, \$101,000,000, or \$10.10 per unit (\$116,150,000, or \$10.10 per unit, if the underwriters' over-allotment option is exercised in full) will be placed into a trust account in the United States initially at Morgan Stanley, N.A., with Continental Stock Transfer & Trust Company acting as trustee.

Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our tax obligations and \$100,000 of interest for our dissolution expenses, the proceeds from this offering and the sale of the placement units will not be released from the trust account until the earliest of (a) the completion of our initial business combination, (b) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus) or (ii) with respect to any other provision relating to stockholders' rights or pre-business combination activity, and (c) the redemption of our public shares if we are unable to complete our initial business combination 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination), subject to applicable law. The proceeds deposited in the trust account could become subject to the claims of our creditors, if any, which could have priority over the claims of our public stockholders.

Anticipated expenses and funding sources

Except as described above with respect to the payment of taxes, unless and until we complete our initial business combination, no proceeds held in the trust account will be available for our use. The proceeds held in the trust account will be invested only in U.S. government securities with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. We will disclose in each quarterly and annual report filed with the SEC prior to our initial business combination whether the proceeds deposited in the trust account are invested in U.S. government treasury obligations or money market funds or a combination thereof. Based upon current interest rates, we expect the trust account to generate approximately \$202,000 of pre-tax interest annually assuming an interest rate of 0.2% per year; however, we can provide no assurances regarding this amount.

Unless and until we complete our initial business combination, we may pay our expenses only from:

- the net proceeds of this offering and the sale of the placement units not held in the trust account, which will be approximately \$850,000 in working capital after the payment of approximately \$642,500 in expenses relating to this offering excluding underwriting discounts; and
- any loans or additional investments from our sponsor, members of our management team or their affiliates or other third parties, although they are under no obligation to advance funds or invest in us, and provided that any such loans will not have any claim on the proceeds held in the trust account unless such proceeds are released to us upon completion of an initial business combination.

Conditions to completing our initial business combination

NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. If our securities are not listed on the NASDAQ after this offering, we would not be required to satisfy the 80% requirement. However, we intend to satisfy the 80% requirement even if our securities are not listed on NASDAQ at the time of our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects.

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target.

In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of NASDAQ's 80% fair market value test. If the initial business combination involves more than one target business, the 80% fair market value test will be based on the aggregate value of all of the transactions and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking stockholder approval, as applicable.

Permitted purchases of public shares and public warrants by our affiliates

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, initial stockholders, directors, officers, advisors or their affiliates may purchase shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares our initial stockholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and NASDAQ rules. However, (apart from the purchase of the placement units) they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements.

None of the funds held in the trust account will be used to purchase shares or public warrants in such transactions. See “Proposed Business — Permitted purchases of our securities” for a description of how our sponsor, initial stockholders, directors, officers, advisors or any of their affiliates will select which stockholders to purchase securities from in any private transaction.

The purpose of any such purchases of shares could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Redemption rights for public stockholders upon completion of our initial business combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.10 per public share. There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our sponsor, officers, and Ladenburg and its employees have entered into agreements with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and placement shares held by them and (excluding Ladenburg) any public shares they may acquire during or after this offering in connection with the completion of our initial business combination or otherwise.

Manner of conducting redemptions

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination either (i) in connection with a stockholder meeting called to approve the initial business combination or (ii) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed initial business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under the law or stock exchange listing requirements. Under NASDAQ rules, asset acquisitions and stock purchases would not typically require stockholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding common stock or seek to amend our amended and restated certificate of incorporation would require stockholder approval. We may conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC unless stockholder approval is required by law or stock exchange listing requirements or we choose to seek stockholder approval for business or other legal reasons. So long as we obtain and maintain a listing for our securities on NASDAQ, we will be required to comply with such rules.

If a stockholder vote is not required and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Such provisions may be amended if approved by holders of 65% of our common stock entitled to vote thereon.

Whether or not we maintain our registration under the Exchange Act or our listing on NASDAQ, we will provide our public stockholders with the opportunity to redeem their public shares by one of the two methods listed above. Upon the public announcement of our initial business combination, if we elect to conduct redemptions pursuant to the tender offer rules, we or our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase shares of our common stock in the open market, in order to comply with Rule 14e-5 under the Exchange Act.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public stockholders not tendering more than a specified number of public shares, which number will be based on the requirement that we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

If, however, stockholder approval of the transaction is required by law or stock exchange listing requirements, or we decide to obtain stockholder approval for business or other legal reasons, we will:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. Our initial stockholders will count towards this quorum and, pursuant to agreements with us, our sponsor, officers, directors and Ladenburg and its employees have agreed to vote their founder shares, placement shares, and representative shares and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock voted, non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. As a result, in addition to the founder shares, placement shares, and the representative shares, we would need only 3,558,876, or 35.59%, of the 10,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all outstanding shares are voted) in order to have our initial business combination approved (assuming the over-allotment option is not exercised). These voting agreements may make it more likely that we will consummate our initial business combination.

We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. Each public stockholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction.

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in "street name," to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically. We believe that this will allow our transfer agent to efficiently process any redemptions without the need for further communication or action from the redeeming public stockholders, which could delay redemptions and result in additional administrative cost. If the proposed initial business combination is not approved and we continue to search for a target company, we will promptly return any certificates delivered, or shares tendered electronically, by public stockholders who elected to redeem their shares.

Our amended and restated certificate of incorporation will provide that we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. For example, the proposed initial business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed initial business combination. In the event the aggregate cash consideration we would be required to pay for all public shares that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed initial business combination exceed the aggregate amount of cash available to us, we will not complete the initial business combination or redeem any shares, and all public shares submitted for redemption will be returned to the holders thereof.

Limitation on redemption rights of stockholders holding 15% or more of the shares sold in this offering if we hold stockholder vote

Notwithstanding the foregoing redemption rights, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares sold in this offering, without our prior consent. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights against an initial business combination if such holder’s shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders’ ability to redeem to no more than 15% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with an initial business with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our stockholders’ ability to vote all of their shares (including all shares held by those stockholders that hold more than 15% of the shares sold in this offering) for or against our initial business combination.

Redemption rights in connection with proposed amendments to our certificate of incorporation

Our amended and restated certificate of incorporation provides that any of its provisions related to pre-business combination activity (including the requirement to deposit proceeds of this offering and the private placement of warrants into the trust account and not release such amounts except in specified circumstances, and to provide redemption rights to public stockholders as described herein) may be amended if approved by holders of 65% of our common stock entitled to vote thereon, and corresponding provisions of the trust agreement governing the release of funds from our trust account may be amended if approved by holders of 65% of our common stock entitled to vote thereon. In all other instances, our amended and restated certificate of incorporation may be amended by holders of a majority of our outstanding common stock entitled to vote thereon, subject to applicable provisions of the Delaware General Corporation Law, or DGCL, or applicable stock exchange rules.

Under our amended and restated certificate of incorporation, we may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation or on our initial business combination or that would entitle holders thereof to receive funds from the trust account. Our sponsor, officers and directors who will collectively beneficially own approximately 20.72% of our common stock upon the closing of this offering (including the placement shares and assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated certificate of incorporation and/or trust agreement and will have the discretion to vote in any manner they choose. Our sponsor, executive officers, and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow holders to redeem their shares in connection with an initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus) or (ii) with respect to any other provision relating to stockholders' rights or pre-business combination activity, unless we provide our public stockholders with the opportunity to redeem their public shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable) divided by the number of then outstanding public shares. Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us) pursuant to which they have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and placement shares and (except for Ladenburg) any public shares held by them in connection with the completion of our initial business combination.

Release of funds in trust account on closing of our initial business combination

On the completion of our initial business combination, the funds held in the trust account will be used to pay amounts due to any public stockholders who exercise their redemption rights as described above under "Redemption rights for public stockholders upon completion of our initial business combination." We will use the remaining funds to pay the deferred commissions and pay all or a portion of the consideration payable to the target or owners of the target of our initial business combination and to pay other expenses associated with our initial business combination. If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

Redemption of public shares and distribution and liquidation if no initial business combination

Our amended and restated certificate of incorporation provides that we will have 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus) to complete our initial business combination. If we are unable to complete our initial business combination within such period, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to complete our initial business combination within the allotted time period.

Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and placement shares if we are forced to liquidate.

Limited payments to insiders

There will be no finder's fees, reimbursement, consulting fee, non-cash payments, monies in respect of any payment of a loan or other compensation paid by us to our sponsor, officers, directors or any affiliate of our sponsor, officers, directors prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). However, the following payments will be made to our sponsor, officers, directors, or our or their affiliates, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination:

- Repayment of up to an aggregate of \$250,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- Payment to our sponsor of \$10,000 per month, for up to 15 months (or up to 21 months if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus), for office space, utilities and secretarial and administrative support;
- Reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and

- Repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units.
- We have engaged Dentons US LLP in connection with legal matters relating to this offering and other corporate matters and intend to engage Dentons for general matters after this offering. We will pay Dentons US LLP fees in connection with these matters. Mr. Katz, one of our directors, is a partner at Dentons US LLP.

Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors, advisors or our or their affiliates.

Audit Committee

We established an audit committee composed entirely of independent directors on December 7, 2020. The audit committee shall, among other things, monitor compliance with the terms described above and the other terms relating to this offering. If any noncompliance is identified, then the audit committee will be charged with the responsibility to immediately take all action necessary to rectify such noncompliance or otherwise to cause compliance with the terms of this offering. For more information, see the section of this prospectus entitled “Management — Committees of the Board of Directors — Audit Committee.”

Indemnity

Our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor’s only assets are securities of our company. Therefore, we believe it is unlikely that our sponsor would be able to satisfy those obligations. None of our officers or directors is obligated to indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

## RISKS

We are a newly formed company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. The occurrence of one or more of the events or circumstances described in the section titled “Risk Factors,” alone or in combination with other events or circumstances, may materially adversely affect our business, financial condition and operating results. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.

This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. For additional information concerning how Rule 419 blank check offerings differ from this offering, please see the section of this prospectus entitled “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.” You should carefully consider these and the other risks set forth in the section of this prospectus entitled “Risk Factors” beginning on page 27 of this prospectus. Such risks include, but are not limited to:

- We are a newly formed company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.
- Our independent registered public accounting firm’s report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a “going concern.”
- Our public stockholders may not be afforded an opportunity to vote on our proposed initial business combination, which means we may complete our initial business combination even though a majority of our public stockholders do not support such a combination.
- If we seek stockholder approval of our initial business combination, our initial stockholders have agreed to vote in favor of such initial business combination, regardless of how our public stockholders vote.
- Your only opportunity to affect the investment decision regarding a potential business combination may be limited to the exercise of your right to redeem your shares from us for cash if we do not seek stockholder approval of the initial business combination.
- The ability of our public stockholders to redeem their shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into an initial business combination with a target.
- You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or warrants, potentially at a loss.
- NASDAQ may delist our securities from trading on its exchange, which could limit investors’ ability to make transactions in our securities and subject us to additional trading restrictions.
- You will not be entitled to protections normally afforded to investors of many other blank check companies.
- If we seek stockholder approval of our initial business combination and we do not conduct redemptions pursuant to the tender offer rules, and if you or a “group” of stockholders are deemed to hold in excess of 15% of the shares sold in this offering, you will lose the ability to redeem all such shares in excess of 15% of the shares sold in this offering.
- If the net proceeds of this offering and the sale of the placement units not being held in the trust account are insufficient to allow us to operate for at least the next 15 months (or up to 21 months), we may be unable to complete our initial business combination, in which case our public stockholders may only receive \$10.10 per share, or less than such amount in certain circumstances, and our warrants will expire worthless.

- If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share.
- Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.
- We may issue additional common stock or preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. Any such issuances would dilute the interest of our stockholders and likely present other risks.
- Resources could be wasted in researching business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less than such amount in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.
- Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.
- We may have a limited ability to assess the management of a prospective target business and, as a result, may affect our initial business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company, which could, in turn, negatively impact the value of our stockholders' investment in us.
- Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in allocating their time and determining to which entity a particular business opportunity should be presented.
- We may engage in an initial business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, officers, directors or existing holders which may raise potential conflicts of interest.
- We may issue notes or other debt securities, or otherwise incur substantial debt, to complete an initial business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders' investment in us.
- Our sponsor paid an aggregate of \$25,000, or approximately \$0.012 per founder share, and, accordingly, you will experience immediate and substantial dilution from the purchase of our founder shares.
- We may amend the terms of the warrants in a manner that may be adverse to holders of public warrants with the approval by the holders of at least a majority of the then outstanding public warrants. As a result, the exercise price of your warrants could be increased, the exercise period could be shortened and the number of shares of our common stock purchasable upon exercise of a warrant could be decreased, all without your approval.
- We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.
- The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.
- We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.
- There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.
- We are an emerging growth company and a smaller reporting company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies and smaller reporting companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.
- Provisions in our amended and restated certificate of incorporation and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.
- Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that derivative actions brought in our name, actions against our directors, officers, other employees or stockholders for breach of fiduciary duty and certain other actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will, subject to certain exceptions, be deemed to have consented to service of process on such stockholder's counsel, which may have the effect of discouraging lawsuits against our directors, officers, other employees or stockholders.
- Cyber incidents or attacks directed at us could result in information theft, data corruption, operational disruption and/or financial loss.
- If we effect our initial business combination with a company with operations or opportunities outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations.

- Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus (COVID-19) pandemic.

- An investment in this offering may result in uncertain or adverse U.S. federal income tax consequences.

## SUMMARY FINANCIAL DATA

The following table summarizes the relevant financial data for our business and should be read with our financial statements, which are included in this prospectus. We have not had any significant operations to date, so only balance sheet data is presented.

	November 20, 2020	
	Actual	As Adjusted
<b>Balance Sheet Data:</b>		
Working (deficiency) capital <sup>(1)</sup>	\$ (30,563)	\$ 98,206,542
Total assets <sup>(2)</sup>	80,000	101,876,542
Total liabilities <sup>(3)</sup>	55,563	3,670,000
Value of common stocks subject to possible conversion/tender <sup>(4)</sup>	-	93,206,540
Stockholders' (deficit) equity <sup>(5)</sup>	24,437	5,000,002

- (1) The "as adjusted" calculation includes \$101,000,000 of cash held in trust from the proceeds of this offering and the sale of the private warrants, plus \$850,000 of cash held outside the trust account, plus \$2,105 proceeds from the sale of representative shares, plus \$24,437 of actual stockholders' equity on November 20, 2020, less \$3,670,000 of deferred underwriting commissions.
- (2) The "as adjusted" calculation equals \$101,000,000 of cash held in trust from the proceeds of this offering and the sale of the private warrants, plus \$850,000 in cash held outside the trust account, plus \$2,105 proceeds from the sale of representative shares, plus \$24,437 of actual stockholders' equity on November 20, 2020.
- (3) The "as adjusted" calculation equals \$3,670,000 of deferred underwriting commissions, assuming the over-allotment option is not exercised.
- (4) The "as adjusted" calculation equals the "as adjusted" total assets, less the "as adjusted" total liabilities, less the "as adjusted" stockholders' equity, which is set to approximate the minimum net tangible assets threshold of at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination.
- (5) Excludes 9,228,370 common stocks purchased in the public market which are subject to conversion in connection with our initial business combination. The "as adjusted" calculation equals the "as adjusted" total assets, less the "as adjusted" total liabilities, less the value of common stocks that may be converted in connection with our initial business combination (\$10.10 per share).

## RISK FACTORS

*An investment in our securities involves a high degree of risk. You should consider carefully all of the risks described below, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.*

### **Risks Relating to Searching for and Consummating a Business Combination**

*We are a newly formed company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.*

We are a newly formed company with no operating results, and we will not commence operations until obtaining funding through this offering. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective of completing our initial business combination with one or more target businesses. We have no plans, arrangements or understandings with any prospective target business concerning an initial business combination and may be unable to complete our initial business combination. If we fail to complete our initial business combination, we will never generate any operating revenues.

*Our independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a "going concern."*

At November 20, 2020, we had \$25,000 in cash and a working capital deficit of \$30,563. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. Management's plans to address this need for capital through this offering are discussed in the section of this prospectus titled "Management's Discussion and Analysis of Financial Condition and Results of Operations." We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern. The financial statements contained elsewhere in this prospectus do not include any adjustments that might result from our inability to consummate this offering or our inability to continue as a going concern.

*Our public stockholders may not be afforded an opportunity to vote on our proposed initial business combination, which means we may complete our initial business combination even though a majority of our public stockholders do not support such a combination.*

We may choose not to hold a stockholder vote to approve our initial business combination unless the initial business combination would require stockholder approval under applicable law or stock exchange listing requirements or if we decide to hold a stockholder vote for business or other legal reasons. Except as required by law, the decision as to whether we will seek stockholder approval of a proposed initial business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors, such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. Accordingly, we may complete our initial business combination even if holders of a majority of our public shares do not approve of the initial business combination we complete. Please see the section of this prospectus entitled "Proposed Business — Stockholders May Not Have the Ability to Approve Our Initial Business Combination" for additional information.

***If we seek stockholder approval of our initial business combination, our initial stockholders have agreed to vote in favor of such initial business combination, regardless of how our public stockholders vote.***

Pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote their founder shares and placement shares, and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions), in favor of our initial business combination. As a result, in addition to our sponsor's founder shares and placement shares, and excluding the representative shares, we would need only 3,558,876, or 35.59%, of the 10,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all outstanding shares are voted) in order to have our initial business combination approved (assuming the over-allotment option is not exercised). Our sponsor will own shares representing approximately 20.72% of our outstanding shares of common stock immediately following the completion of this offering and the private placement. Accordingly, if we seek stockholder approval of our initial business combination, the agreement by our initial stockholders to vote in favor of our initial business combination will increase the likelihood that we will receive the requisite stockholder approval for such initial business combination.

***Your only opportunity to affect the investment decision regarding a potential business combination may be limited to the exercise of your right to redeem your shares from us for cash if we do not seek stockholder approval of the initial business combination.***

At the time of your investment in us, you will not be provided with an opportunity to evaluate the specific merits or risks of our initial business combination. Since our board of directors may complete an initial business combination without seeking stockholder approval, public stockholders may not have the right or opportunity to vote on the initial business combination, unless we seek such stockholder vote. Accordingly, if we do not seek stockholder approval, your only opportunity to affect the investment decision regarding a potential business combination may be limited to exercising your redemption rights within the period of time (which will be at least 20 business days) set forth in our tender offer documents mailed to our public stockholders in which we describe our initial business combination.

***The ability of our public stockholders to redeem their shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into an initial business combination with a target.***

We may seek to enter into an initial business combination agreement with a prospective target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights, we would not be able to meet such closing condition and, as a result, would not be able to proceed with the initial business combination. Furthermore, we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. Consequently, if accepting all properly submitted redemption requests would cause our net tangible assets to be less than \$5,000,001 or such greater amount necessary to satisfy a closing condition, each as described above, we would not proceed with such redemption and the related business combination and may instead search for an alternate business combination. Prospective targets will be aware of these risks and, thus, may be reluctant to enter into an initial business combination with us.

***The ability of our public stockholders to exercise redemption rights with respect to a large number of our shares may not allow us to complete the most desirable business combination or optimize our capital structure.***

At the time we enter into an agreement for our initial business combination, we will not know how many stockholders may exercise their redemption rights, and therefore will need to structure the transaction based on our expectations as to the number of shares that will be submitted for redemption. If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price, or requires us to have a minimum amount of cash at closing, we will need to reserve a portion of the cash in the trust account to meet such requirements, or arrange for third party financing. In addition, if a larger number of shares are submitted for redemption than we initially expected, we may need to restructure the transaction to reserve a greater portion of the cash in the trust account or arrange for additional third party financing. Raising additional third party financing may involve dilutive equity issuances or the incurrence of indebtedness at higher than desirable levels. The above considerations may limit our ability to complete the most desirable business combination available to us or optimize our capital structure. The amount of the deferred underwriting commissions payable to the underwriters will not be adjusted for any shares that are redeemed in connection with a business combination. The per-share amount we will distribute to stockholders who properly exercise their redemption rights will not be reduced by the deferred underwriting commission and after such redemptions, the per-share value of shares held by non-redeeming stockholders will reflect our obligation to pay the deferred underwriting commissions.

***The ability of our public stockholders to exercise redemption rights with respect to a large number of our shares could increase the probability that our initial business combination would not be consummated and that you would have to wait for liquidation in order to redeem your stock.***

If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price, or requires us to have a minimum amount of cash at closing, the probability that our initial business combination would not be consummated is increased. If our initial business combination is not consummated, you would not receive your pro rata portion of the trust account until we liquidate the trust account. If you are in need of immediate liquidity, you could attempt to sell your stock in the open market; however, at such time our stock may trade at a discount to the pro rata amount per share in the trust account. In either situation, you may suffer a material loss on your investment or lose the benefit of funds expected in connection with our redemption until we liquidate or you are able to sell your stock in the open market.

***The requirement that we complete our initial business combination within the prescribed time frame may give potential target businesses leverage over us in negotiating an initial business combination as we approach our dissolution deadline, which could undermine our ability to complete our initial business combination on terms that would produce value for our stockholders.***

Any potential target business with which we enter into negotiations concerning an initial business combination will be aware that we must complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering. Consequently, such target business may obtain leverage over us in negotiating an initial business combination, knowing that if we do not complete our initial business combination with that particular target business, we may be unable to complete our initial business combination with any target business. This risk will increase as we get closer to the timeframe described above.

***Our sponsor has the right to extend the term we have to consummate our initial business combination, without providing our stockholders with redemption rights.***

We will have until 15 months from the closing of this offering to consummate our initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 15 months, we may, by resolution of our board if requested by our sponsor, extend the period of time to consummate a business combination twice, each time by an additional three months (for a total of 21 months to complete a business combination), subject to the sponsor depositing additional funds into the trust account as set out below. Our shareholders will not be entitled to vote or redeem their shares in connection with any such extension. However, our stockholders will be entitled to vote and redeem their shares in connection with a stockholder meeting held to approve an initial business combination or in a tender offer undertaken in connection with such an initial business combination if we propose such a business combination during the three-month extension period. In order for the time available for us to consummate our initial business combination to be extended, our sponsor or its affiliates or designees must deposit into the trust account \$1,000,000, or \$1,150,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per unit in either case), on or prior to the 15-month deadline.

Any such payments would be made in the form of a non-interest bearing loan and would be repaid, if at all, from funds released to us upon completion of our initial business combination. The obligation to repay any such loans may reduce the amount available to us to pay as purchase price in our initial business combination, and/or may reduce the amount of funds available to the combined company following the initial business combination. This feature is different than the traditional special purpose acquisition company structure, in which any extension of the company's period to complete a business combination requires a vote of the company's shareholders and shareholders have the right to redeem their public shares in connection with such vote, and which do not provide the sponsor with the right to loan funds to the company to fund extension payments.

***Our sponsor may decide not to extend the term we have to consummate our initial business combination, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate, and the rights and warrants will be worthless.***

We will have until 15 months from the closing of this offering to consummate our initial business combination. However, as described above, if we anticipate that we may not be able to consummate our initial business combination within 15 months, we may, by resolution of our board if requested by our sponsor, extend the period of time to consummate a business combination twice, each time by an additional three months (for a total of 21 months to complete a business combination), subject to the sponsor depositing additional funds into the trust account as set out above. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. If we are unable to consummate our initial business combination within the applicable time period, we will, as promptly as reasonably possible but not more than five business days thereafter, redeem the public shares for a pro rata portion of the funds held in the trust account and as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. In such event, the rights and warrants will be worthless.

***We may not be able to complete our initial business combination within the prescribed time frame, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate, in which case our public stockholders may only receive \$10.10 per share, or less than such amount in certain circumstances, and our warrants will expire worthless.***

Our amended and restated certificate of incorporation provides that we must complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate our initial business combination, as described in more detail in this prospectus). We may not be able to find a suitable target business and complete our initial business combination within such time period. If we have not completed our initial business combination within such time period, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. In such case, our public stockholders may only receive \$10.10 per share, and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share on the redemption of their shares. See "— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share" and other risk factors below.

***If we seek stockholder approval of our initial business combination, our sponsor, directors, officers, advisors and their affiliates may elect to purchase shares or warrants from public stockholders, which may influence a vote on a proposed initial business combination and reduce the public "float" of our common stock.***

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or their affiliates may purchase shares or public warrants or a combination thereof in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination, although they are under no obligation to do so. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the trust account will be used to purchase shares or public warrants in such transactions.

Such a purchase may include a contractual acknowledgement that such stockholder, although still the record holder of our shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our sponsor, directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. The purpose of such purchases could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination, or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements.

In addition, if such purchases are made, the public “float” of our common stock or public warrants and the number of beneficial holders of our securities may be reduced, possibly making it difficult to obtain or maintain the quotation, listing or trading of our securities on a national securities exchange.

***If a stockholder fails to receive notice of our offer to redeem our public shares in connection with our initial business combination, or fails to comply with the procedures for tendering its shares, such shares may not be redeemed.***

We will comply with the tender offer rules or proxy rules, as applicable, when conducting redemptions in connection with our initial business combination. Despite our compliance with these rules, if a stockholder fails to receive our tender offer or proxy materials, as applicable, such stockholder may not become aware of the opportunity to redeem its shares. In addition, proxy materials or tender offer documents, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will describe the various procedures that must be complied with in order to validly tender or redeem public shares. For example, we may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically. In the event that a stockholder fails to comply with these or any other procedures, its shares may not be redeemed. See the section of this prospectus entitled “Proposed Business — Redemption Rights for Public Stockholders upon Completion of our Initial Business Combination — Tendering Stock Certificates in Connection with a Tender Offer or Redemption Rights.”

***You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or warrants, potentially at a loss.***

Our public stockholders will be entitled to receive funds from the trust account only upon the earliest to occur of: (i) our completion of an initial business combination, and then only in connection with those shares of common stock that such stockholder properly elected to redeem, subject to the limitations described herein, (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) months from the closing of this offering or (B) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity and (iii) the redemption of our public shares if we are unable to complete an initial business combination within 15 months (or up to 21 months) from the closing of this offering, subject to applicable law and as further described herein. In no other circumstances will a public stockholder have any right or interest of any kind in the trust account. Holders of warrants will not have any right to the proceeds held in the trust account with respect to the warrants. Accordingly, to liquidate your investment, you may be forced to sell your public shares or warrants, potentially at a loss.

***NASDAQ may delist our securities from trading on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.***

We have applied to have our units listed on NASDAQ. We expect that our units will be listed on NASDAQ on or promptly after the date of this prospectus. Following the date the shares of our common stock and warrants are eligible to trade separately, we anticipate that the shares of our common stock and warrants will be separately listed on NASDAQ. Although after giving effect to this offering we expect to meet, on a pro forma basis, the minimum initial listing standards set forth in the NASDAQ listing standards, we cannot assure you that our securities will be listed on NASDAQ in the future or prior to our initial business combination. In order to continue listing our securities on NASDAQ prior to our initial business combination, we must maintain certain financial, distribution and stock price levels. Generally, we must maintain a minimum amount in stockholders' equity (generally \$2,500,000) and a minimum number of holders of our securities (generally 300 public holders). Additionally, in connection with our initial business combination, we will be required to demonstrate compliance with NASDAQ's initial listing requirements, which are more rigorous than NASDAQ's continued listing requirements, in order to continue to maintain the listing of our securities on NASDAQ. For instance, our stock price would generally be required to be at least \$4.00 per share, our stockholders' equity would generally be required to be at least \$5.0 million and we would be required to have a minimum of 300 round lot holders (with at least 50% of such round lot holders holding securities with a market value of at least \$2,500) of our securities. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If NASDAQ delists our securities from trading on its exchange and we are not able to list our securities on another national securities exchange, we expect our securities could be quoted on an over-the-counter market. If this were to occur, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity for our securities;
- a determination that our common stock is a "penny stock" which will require brokers trading in our common stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for our securities;
- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as "covered securities." Because we expect that our units and eventually our common stock and warrants will be listed on NASDAQ, our units, common stock and warrants will be covered securities. Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. If we were no longer listed on NASDAQ, our securities would not be covered securities and we would be subject to regulation in each state in which we offer our securities, including in connection with our initial business combination.

***You will not be entitled to protections normally afforded to investors of many other blank check companies.***

Since the net proceeds of this offering and the sale of the placement units are intended to be used to complete an initial business combination with a target business that has not been identified, we may be deemed to be a “blank check” company under the United States securities laws. However, because we will have net tangible assets in excess of \$5,000,000 upon the successful completion of this offering and the sale of the placement units and will file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors in blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules. Among other things, this means our units will be immediately tradable while the securities of companies subject to Rule 419 would not be immediately tradable. Moreover, if this offering were subject to Rule 419, that rule would prohibit the release of any interest earned on funds held in the trust account to us unless and until the funds in the trust account were released to us in connection with our completion of an initial business combination. For a more detailed comparison of our offering to offerings that comply with Rule 419, please see the section of this prospectus entitled “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.”

***If we seek stockholder approval of our initial business combination and we do not conduct redemptions pursuant to the tender offer rules, and if you or a “group” of stockholders are deemed to hold in excess of 15% of the shares sold in this offering, you will lose the ability to redeem all such shares in excess of 15% of the shares sold in this offering.***

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the shares sold in this offering without our prior consent, which we refer to as the “Excess Shares.” However, we would not be restricting our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination. Your inability to redeem the Excess Shares will reduce your influence over our ability to complete our initial business combination and you could suffer a material loss on your investment in us if you sell Excess Shares in open market transactions. Additionally, you will not receive redemption distributions with respect to the Excess Shares if we complete our initial business combination. And as a result, you will continue to hold that number of shares exceeding 15% and, in order to dispose of such shares, would be required to sell your stock in open market transactions, potentially at a loss.

***Because of our limited resources and the significant competition for business combination opportunities, it may be more difficult for us to complete our initial business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on our redemption of our public shares, or less than such amount in certain circumstances, and our warrants will expire worthless.***

We expect to encounter intense competition from other entities having a business objective similar to ours, including private investors (which may be individuals or investment partnerships), other blank check companies and other entities competing for the types of businesses we intend to acquire. Many of these individuals and entities are well-established and have extensive experience in identifying and effecting, directly or indirectly, acquisitions of companies operating in or providing services to various industries. Many of these competitors possess greater technical, human and other resources or more industry knowledge than we do, and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there are numerous target businesses we could potentially acquire with the net proceeds of this offering and the sale of the placement units, our ability to compete with respect to the acquisition of certain target businesses that are sizable will be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, because we are obligated to pay cash for the shares of common stock which our public stockholders redeem in connection with our initial business combination, target companies will be aware that this may reduce the resources available to us for our initial business combination. This may place us at a competitive disadvantage in successfully negotiating an initial business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share upon our liquidation. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share” and other risk factors below.

***If the net proceeds of this offering and the sale of the placement units not being held in the trust account are insufficient to allow us to operate for at least the next 15 months (or up to 21 months), we may be unable to complete our initial business combination, in which case our public stockholders may only receive \$10.10 per share, or less than such amount in certain circumstances, and our warrants will expire worthless.***

The funds available to us outside of the trust account may not be sufficient to allow us to operate for at least the next 15 months (or up to 21 months), assuming that our initial business combination is not completed during that time. We believe that, upon the closing of this offering, the funds available to us outside of the trust account will be sufficient to allow us to operate for at least the next 15 months (or up to 21 months); however, we cannot assure you that our estimate is accurate. If our estimates are inaccurate, we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share upon our liquidation. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share” and other risk factors below.

***If the net proceeds of this offering and the sale of the placement units not being held in the trust account are insufficient, it could limit the amount available to fund our search for a target business or businesses and complete our initial business combination and we will depend on loans from our sponsor or management team to fund our search for an initial business combination, to pay our taxes and to complete our initial business combination. If we are unable to obtain these loans, we may be unable to complete our initial business combination.***

Of the net proceeds of this offering and the sale of the placement units, only approximately \$850,000 will be available to us initially outside the trust account to fund our working capital requirements. In the event that our offering expenses exceed our estimate of \$642,500, we may fund such excess with funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. The amount held in the trust account will not be impacted as a result of such increase or decrease. Conversely, in the event that the offering expenses are less than our estimate of \$642,500, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount. If we are required to seek additional capital, we would need to borrow funds from our sponsor, management team or other third parties to operate or may be forced to liquidate. None of our sponsor, members of our management team nor any of their affiliates is under any obligation to advance funds to us in such circumstances. Any such advances would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. Prior to the completion of our initial business combination, we do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account. If we are unable to obtain these loans, we may be unable to complete our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. Consequently, our public stockholders may only receive approximately \$10.10 per share on our redemption of our public shares, and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share on the redemption of their shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share” and other risk factors below.

***We may only be able to complete one business combination with the proceeds of this offering, the sale of the placement units, which will cause us to be solely dependent on a single business which may have a limited number of services and limited operating activities. This lack of diversification may negatively impact our operating results and profitability.***

Of the net proceeds from this offering and the sale of the placement units, \$101,000,000 (or \$116,150,000 if the underwriters' over-allotment option is exercised in full) will be available to complete our initial business combination and pay related fees and expenses.

We may effectuate our initial business combination with a single target business or multiple target businesses simultaneously or within a short period of time. However, we may not be able to effectuate our initial business combination with more than one target business because of various factors, including the existence of complex accounting issues and the requirement that we prepare and file pro forma financial statements with the SEC that present operating results and the financial condition of several target businesses as if they had been operated on a combined basis. By completing our initial business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. In addition, we intend to focus our search for an initial business combination in a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, property or asset, or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory risks, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination.

***We may attempt to simultaneously complete business combinations with multiple prospective targets, which may hinder our ability to complete our initial business combination and give rise to increased costs and risks that could negatively impact our operations and profitability.***

If we determine to simultaneously acquire several businesses that are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete our initial business combination. We do not, however, intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

***We may attempt to complete our initial business combination with a private company about which little information is available, which may result in an initial business combination with a company that is not as profitable as we suspected, if at all.***

In pursuing our initial business combination strategy, we may seek to effectuate our initial business combination with a privately held company. Very little public information generally exists about private companies, and we could be required to make our decision on whether to pursue a potential initial business combination on the basis of limited information, which may result in an initial business combination with a company that is not as profitable as we suspected, if at all.

***We do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete an initial business combination with which a substantial majority of our stockholders do not agree.***

Our amended and restated certificate of incorporation will not provide a specified maximum redemption threshold, except we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (such that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. As a result, we may be able to complete our initial business combination even though a substantial majority of our public stockholders do not agree with the transaction and have redeemed their shares or, if we seek stockholder approval of our initial business combination and do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, have entered into privately negotiated agreements to sell their shares to our sponsor, officers, directors, advisors or their affiliates. In the event the aggregate cash consideration we would be required to pay for all shares of common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed initial business combination exceed the aggregate amount of cash available to us, we will not complete the initial business combination or redeem any shares, all shares of common stock submitted for redemption will be returned to the holders thereof, and we instead may search for an alternate business combination.

***In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and other governing instruments, including their warrant agreements. We cannot assure you that we will not seek to amend our amended and restated certificate of incorporation or governing instruments in a manner that will make it easier for us to complete our initial business combination that our stockholders may not support.***

In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments, including their warrant agreements. For example, blank check companies have amended the definition of business combination, increased redemption thresholds and extended the time to consummate an initial business combination and, with respect to their warrants, amended their warrant agreements to require the warrants to be exchanged for cash and/or other securities. Amending our amended and restated certificate of incorporation will require the approval of holders of 65% of our common stock, and amending our warrant agreement will require a vote of holders of at least a majority of the public warrants (which may include public warrants acquired by our sponsor or its affiliates in this offering or thereafter in the open market). In addition, our amended and restated certificate of incorporation requires us to provide our public stockholders with the opportunity to redeem their public shares for cash if we propose an amendment to our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity.

To the extent any such amendments would be deemed to fundamentally change the nature of any securities offered through this registration statement, we would register, or seek an exemption from registration for, the affected securities. We cannot assure you that we will not seek to amend our charter or governing instruments or extend the time to consummate an initial business combination in order to effectuate our initial business combination.

***The provisions of our amended and restated certificate of incorporation that relate to our pre-business combination activity (and corresponding provisions of the agreement governing the release of funds from our trust account), including an amendment to permit us to withdraw funds from the trust account such that the per share amount investors will receive upon any redemption or liquidation is substantially reduced or eliminated, may be amended with the approval of holders of 65% of our common stock, which is a lower amendment threshold than that of some other blank check companies. It may be easier for us, therefore, to amend our amended and restated certificate of incorporation and the trust agreement to facilitate the completion of an initial business combination that some of our stockholders may not support.***

Our amended and restated certificate of incorporation will provide that any of its provisions related to pre-initial business combination activity (including the requirement to deposit proceeds of this offering and the private placement of warrants into the trust account and not release such amounts except in specified circumstances, and to provide redemption rights to public stockholders as described herein and including to permit us to withdraw funds from the trust account such that the per share amount investors will receive upon any redemption or liquidation is substantially reduced or eliminated) may be amended if approved by holders of 65% of our common stock entitled to vote thereon, and corresponding provisions of the trust agreement governing the release of funds from our trust account may be amended if approved by holders of 65% of our common stock entitled to vote thereon. In all other instances, our amended and restated certificate of incorporation may be amended by holders of a majority of our outstanding common stock entitled to vote thereon, subject to applicable provisions of the DGCL or applicable stock exchange rules. We may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation. Our sponsor, who will collectively beneficially own approximately 20.72% of our common stock upon the closing of this offering (including the placement shares and assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated certificate of incorporation and/or trust agreement and will have the discretion to vote in any manner they choose. As a result, we may be able to amend the provisions of our amended and restated certificate of incorporation which govern our pre-initial business combination behavior more easily than some other blank check companies, and this may increase our ability to complete an initial business combination with which you do not agree. Our stockholders may pursue remedies against us for any breach of our amended and restated certificate of incorporation.

Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (ii) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, divided by the number of then outstanding public shares. These agreements are contained in a letter agreement that we have entered into with our sponsor, officers and directors. Our stockholders are not parties to, or third-party beneficiaries of, these agreements and, as a result, will not have the ability to pursue remedies against our sponsor, officers or directors for any breach of these agreements. As a result, in the event of a breach, our stockholders would need to pursue a stockholder derivative action, subject to applicable law.

***We may be unable to obtain additional financing to complete our initial business combination or to fund the operations and growth of a target business, which could compel us to restructure or abandon a particular business combination.***

We have not selected any specific business combination target, but intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the placement units. As a result, we may be required to seek additional financing to complete such proposed initial business combination. We cannot assure you that such financing will be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to complete our initial business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. Further, the amount of additional financing we may be required to obtain could increase as a result of future growth capital needs for any particular transaction, the depletion of the available net proceeds in search of a target business, the obligation to repurchase for cash a significant number of shares from stockholders who elect redemption in connection with our initial business combination and/or the terms of negotiated transactions to purchase shares in connection with our initial business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share plus any pro rata interest earned on the funds held in the trust account and not previously released to us to pay our taxes on the liquidation of our trust account and our warrants will expire worthless. In addition, even if we do not need additional financing to complete our initial business combination, we may require such financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after our initial business combination. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.10 per share on the liquidation of our trust account, and our warrants will expire worthless. Furthermore, as described in the risk factor entitled "If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share," under certain circumstances our public stockholders may receive less than \$10.10 per share upon the liquidation of the trust account.

***As the number of special purpose acquisition companies evaluating targets increases, attractive targets may become scarcer and there may be more competition for attractive targets. This could increase the cost of our initial business combination and could even result in our inability to find a target or to consummate an initial business combination.***

In recent years, the number of special purpose acquisition companies that have been formed has increased substantially. Many potential targets for special purpose acquisition companies have already entered into an initial business combination, and there are still many special purpose acquisition companies seeking targets for their initial business combination, as well as many such companies currently in registration. As a result, at times, fewer attractive targets may be available, and it may require more time, more effort and more resources to identify a suitable target and to consummate an initial business combination.

In addition, because there are more special purpose acquisition companies seeking to enter into an initial business combination with available targets, the competition for available targets with attractive fundamentals or business models may increase, which could cause targets companies to demand improved financial terms. Attractive deals could also become scarcer for other reasons, such as economic or industry sector downturns, geopolitical tensions, or increases in the cost of additional capital needed to close business combinations or operate targets post-business combination. This could increase the cost of, delay or otherwise complicate or frustrate our ability to find and consummate an initial business combination, and may result in our inability to consummate an initial business combination on terms favorable to our investors altogether.

## **Risks Relating to the Post-Business Combination Company**

***Subsequent to the completion of our initial business combination, we may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and our stock price, which could cause you to lose some or all of your investment.***

Even if we conduct extensive due diligence on a target business with which we combine, we cannot assure you that this diligence will surface all material issues that may be present inside a particular target business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of the target business and outside of our control will not later arise. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining debt financing to partially finance the initial business combination. Accordingly, any stockholders who choose to remain stockholders following the initial business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the proxy solicitation or tender offer materials, as applicable, relating to the initial business combination constituted an actionable material misstatement or omission.

***If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share.***

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers, prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Marcum LLP, our independent registered public accounting firm, and the underwriters of the offering, will not execute agreements with us waiving such claims to the monies held in the trust account.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to complete our initial business combination within the prescribed timeframe, or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by public stockholders could be less than the \$10.10 per share initially held in the trust account, due to claims of such creditors. Pursuant to the letter agreement, the form of which is filed as Exhibit 10.1 to the registration statement of which this prospectus forms a part, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company. Therefore, we believe it is unlikely that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

***Our directors may decide not to enforce the indemnification obligations of our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.***

In the event that the proceeds in the trust account are reduced below the lesser of (i) \$10.10 per share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than \$10.10 per share due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes, and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations.

While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.10 per share.

***We may not have sufficient funds to satisfy indemnification claims of our directors and executive officers.***

We have agreed to indemnify our officers and directors to the fullest extent permitted by law. However, our officers and directors have agreed to waive any right, title, interest or claim of any kind in or to any monies in the trust account and to not seek recourse against the trust account for any reason whatsoever. Accordingly, any indemnification provided will be able to be satisfied by us only if (i) we have sufficient funds outside of the trust account or (ii) we consummate an initial business combination. Our obligation to indemnify our officers and directors may discourage stockholders from bringing a lawsuit against our officers or directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against our officers and directors, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against our officers and directors pursuant to these indemnification provisions.

***If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and we and our board may be exposed to claims of punitive damages.***

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors.

***If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.***

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

***The securities in which we invest the funds held in the trust account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per-share redemption amount received by public shareholders may be less than \$10.10 per share.***

The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations. While short-term U.S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial business combination or make certain amendments to our amended and restated certificate of incorporation, our public shareholders are entitled to receive their pro-rata share of the proceeds held in the trust account, plus any interest income, net of taxes paid or payable (less, in the case we are unable to complete our initial business combination, \$100,000 of interest). Negative interest rates could reduce the value of the assets held in trust such that the per-share redemption amount received by public shareholders may be less than \$10.10 per share.

***If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.***

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities, each of which may make it difficult for us to complete our initial business combination.

In addition, we may have imposed upon us burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading in securities and that our activities do not include investing, reinvesting, owning, holding or trading “investment securities” constituting more than 40% of our total assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete an initial business combination and thereafter to operate the post-transaction business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. The trust account is intended as a holding place for funds pending the earliest to occur of: (i) the completion of our initial business combination; (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity; or (iii) absent an initial business combination within 15 months (or up to 21 months) from the closing of this offering, our return of the funds held in the trust account to our public stockholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete an initial business combination or may result in our liquidation. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our warrants will expire worthless.

***Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, including our ability to negotiate and complete our initial business combination and results of operations.***

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly.

Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business, including our ability to negotiate and complete our initial business combination and results of operations.

***Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.***

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering may be considered a liquidating distribution under Delaware law. If a corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder’s pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, it is our intention to redeem our public shares as soon as reasonably possible following the 18<sup>th</sup> month from the closing of this offering in the event we do not complete our initial business combination and, therefore, we do not intend to comply with the foregoing procedures.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the 10 years following our dissolution. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. If our plan of distribution complies with Section 281(b) of the DGCL, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would likely be barred after the third anniversary of the dissolution. We cannot assure you that we will properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend beyond the third anniversary of such date. Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful (potentially due to the imposition of legal proceedings that a party may bring or due to other circumstances that are currently unknown), then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution.

***We may not hold an annual meeting of stockholders until after the consummation of our initial business combination, which could delay the opportunity for our stockholders to elect directors.***

In accordance with NASDAQ corporate governance requirements, we are not required to hold an annual meeting until no later than one year after our first fiscal year end following our listing on NASDAQ. Under Section 211(b) of the DGCL, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our bylaws unless such election is made by written consent in lieu of such a meeting. We may not hold an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

***Because we are neither limited to evaluating a target business in a particular industry sector nor have we selected any specific target businesses with which to pursue our initial business combination, you will be unable to ascertain the merits or risks of any particular target business's operations.***

We will seek to complete an initial business combination with companies in the life sciences industry but may also pursue other business combination opportunities, except that we will not, under our amended and restated certificate of incorporation, be permitted to effectuate our initial business combination with another blank check company or similar company with nominal operations. Because we have not yet selected or approached any specific target business with respect to a business combination, there is no basis to evaluate the possible merits or risks of any particular target business's operations, results of operations, cash flows, liquidity, financial condition or prospects. To the extent we complete our initial business combination, we may be affected by numerous risks inherent in the business operations with which we combine. For example, if we combine with a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by the risks inherent in the business and operations of a financially unstable or a development stage entity. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all of the significant risk factors or that we will have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business. We also cannot assure you that an investment in our units will ultimately prove to be more favorable to investors than a direct investment, if such opportunity were available, in a business combination target. Accordingly, any stockholders who choose to remain stockholders following our initial business combination could suffer a reduction in the value of their securities. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the proxy solicitation or tender offer materials, as applicable, relating to the business combination contained an actionable material misstatement or material omission.

***Past performance by our management team, or their respective affiliates may not be indicative of future performance of an investment in us.***

The past performance of our management team, or their respective affiliates is not a guarantee either (i) that we will be able to identify a suitable candidate for our initial business combination or (ii) of success with respect to any business combination we may consummate. No member of our management team has had management experience with special purpose acquisition corporations in the past. You should not rely on the historical record of our management team, or their respective affiliates' performance as indicative of our future performance.

***We may seek business combination opportunities in industries or sectors which may or may not be outside of our management's area of expertise.***

Although we intend to focus on identifying life sciences companies, we will consider an initial business combination outside of our management's area of expertise if an initial business combination candidate is presented to us and we determine that such candidate offers an attractive business combination opportunity for our company or we are unable to identify a suitable candidate in this sector after having expanded a reasonable amount of time and effort in an attempt to do so. Although our management will endeavor to evaluate the risks inherent in any particular business combination candidate, we cannot assure you that we will adequately ascertain or assess all of the significant risk factors. We also cannot assure you that an investment in our units will not ultimately prove to be less favorable to investors in this offering than a direct investment, if an opportunity were available, in an initial business combination candidate. In the event we elect to pursue a business combination outside of the areas of our management's expertise, our management's expertise may not be directly applicable to its evaluation or operation, and the information contained in this prospectus regarding the areas of our management's expertise would not be relevant to an understanding of the business that we elect to acquire. As a result, our management may not be able to adequately ascertain or assess all of the significant risk factors. Accordingly, any stockholders who choose to remain stockholders following our initial business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value.

***Although we have identified general criteria and guidelines that we believe are important in evaluating prospective target businesses, we may enter into our initial business combination with a target that does not meet such criteria and guidelines, and as a result, the target business with which we enter into our initial business combination may not have attributes entirely consistent with our general criteria and guidelines.***

Although we have identified general criteria and guidelines for evaluating prospective target businesses, it is possible that a target business with which we enter into our initial business combination will not have all of these positive attributes. If we complete our initial business combination with a target that does not meet some or all of these guidelines, such combination may not be as successful as a combination with a business that does meet all of our general criteria and guidelines. In addition, if we announce a prospective business combination with a target that does not meet our general criteria and guidelines, a greater number of stockholders may exercise their redemption rights, which may make it difficult for us to meet any closing condition with a target business that requires us to have a minimum net worth or a certain amount of cash. In addition, if stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, it may be more difficult for us to attain stockholder approval of our initial business combination if the target business does not meet our general criteria and guidelines. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share on the redemption of their shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share” and other risk factors below.

***We may seek business combination opportunities with a financially unstable business or an entity lacking an established record of revenue, cash flow or earnings, which could subject us to volatile revenues, cash flows or earnings or difficulty in retaining key personnel.***

To the extent we complete our initial business combination with a financially unstable business or an entity lacking an established record of revenues or earnings, we may be affected by numerous risks inherent in the operations of the business with which we combine. These risks include volatile revenues or earnings and difficulties in obtaining and retaining key personnel. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we may not be able to properly ascertain or assess all of the significant risk factors and we may not have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business.

***We are not required to obtain a fairness opinion and consequently, you may have no assurance from an independent source that the price we are paying for the business is fair to our company from a financial point of view.***

Unless we complete our initial business combination with an affiliated entity or our board cannot independently determine the fair market value of the target business or businesses, we are not required to obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that the price we are paying is fair to our company from a financial point of view. If no opinion is obtained, our stockholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our proxy materials or tender offer documents, as applicable, related to our initial business combination.

***We may issue additional common stock or preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. Any such issuances would dilute the interest of our stockholders and likely present other risks.***

Our amended and restated certificate of incorporation authorizes the issuance of up to 50,000,000 shares of common stock, par value \$0.0001 per share and 1,000,000 shares of preferred stock, par value \$0.0001 per share. Immediately after this offering, there will be 37,117,500 (assuming that the underwriters have not exercised their over-allotment option) authorized but unissued shares of common stock available for issuance, which amount does not take into account the shares of common stock reserved for issuance upon exercise of outstanding warrants. Immediately after the consummation of this offering, there will be no shares of preferred stock issued and outstanding.

We may issue a substantial number of additional shares of common or preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination (although our amended and restated certificate of incorporation will provide that we may not issue securities that can vote with common stockholders on matters related to our pre-initial business combination activity). However, our amended and restated certificate of incorporation will provide, among other things, that prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination. These provisions of our amended and restated certificate of incorporation, like all provisions of our amended and restated certificate of incorporation, may be amended with the approval of our stockholders. However, our executive officers, directors and director nominees have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable), divided by the number of then outstanding public shares.

The issuance of additional shares of common or preferred stock:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change of control if a substantial number of shares of our common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our units, common stock and/or warrants.

***Resources could be wasted in researching business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share, or less than such amount in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.***

We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys, consultants and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.10 per share on the liquidation of our trust account and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.10 per share on the redemption of their shares. See “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.10 per share” and other risk factors below.

***Our management may not be able to maintain control of a target business after our initial business combination.***

We may structure an initial business combination so that the post-transaction company in which our public stockholders own shares will own less than 100% of the equity interests or assets of a target business, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for us not to be required to register as an investment company under the Investment Company Act. We will not consider any transaction that does not meet such criteria. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares of common stock in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% interest in the target. However, as a result of the issuance of a substantial number of new shares of common stock, our stockholders immediately prior to such transaction could own less than a majority of our outstanding shares of common stock subsequent to such transaction. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company’s stock than we initially acquired. Accordingly, this may make it more likely that our management will not be able to maintain our control of the target business. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business.

## Risks Relating to our Management and Directors

***Our ability to successfully effect our initial business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.***

Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. The role of our key personnel in the target business, however, cannot presently be ascertained. Although some of our key personnel may remain with the target business in senior management or advisory positions following our initial business combination, it is likely that some or all of the management of the target business will remain in place. While we intend to closely scrutinize any individuals we employ after our initial business combination, we cannot assure you that our assessment of these individuals will prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements. In addition, the officers and directors of an initial business combination candidate may resign upon completion of our initial business combination. The departure of an initial business combination target's key personnel could negatively impact the operations and profitability of our post-combination business. The role of an initial business combination candidate's key personnel upon the completion of our initial business combination cannot be ascertained at this time. Although we contemplate that certain members of an initial business combination candidate's management team will remain associated with the initial business combination candidate following our initial business combination, it is possible that members of the management of an initial business combination candidate will not wish to remain in place. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.

***We are dependent upon our executive officers and directors and their departure could adversely affect our ability to operate.***

Our operations are dependent upon a relatively small group of individuals and, in particular, our executive officers and directors. We believe that our success depends on the continued service of our executive officers and directors, at least until we have completed our initial business combination. We do not have an employment agreement with, or key-man insurance on the life of, any of our directors or executive officers. The unexpected loss of the services of one or more of our directors or executive officers could have a detrimental effect on us.

***Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.***

Our key personnel may be able to remain with the company after the completion of our initial business combination only if they are able to negotiate employment or consulting agreements in connection with the initial business combination. Such negotiations would take place simultaneously with the negotiation of the initial business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the initial business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. However, we believe the ability of such individuals to remain with us after the completion of our initial business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. There is no certainty, however, that any of our key personnel will remain with us after the completion of our initial business combination. We cannot assure you that any of our key personnel will remain in senior management or advisory positions with us. The determination as to whether any of our key personnel will remain with us will be made at the time of our initial business combination.

***We may have a limited ability to assess the management of a prospective target business and, as a result, may effect our initial business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company, which could, in turn, negatively impact the value of our stockholders' investment in us.***

When evaluating the desirability of effecting our initial business combination with a prospective target business, our ability to assess the target business's management may be limited due to a lack of time, resources or information. Our assessment of the capabilities of the target's management, therefore, may prove to be incorrect and such management may lack the skills, qualifications or abilities we suspected. Should the target's management not possess the skills, qualifications or abilities necessary to manage a public company, the operations and profitability of the post-combination business may be negatively impacted. Accordingly, any stockholders who choose to remain stockholders following the initial business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value.

***Our officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to complete our initial business combination.***

Our officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and our search for an initial business combination and their other businesses. We do not intend to have any full-time employees prior to the completion of our initial business combination. Each of our officers is engaged in other business endeavors for which he may be entitled to substantial compensation and our officers are not obligated to contribute any specific number of hours per week to our affairs. Our independent directors may also serve as officers or board members for other entities. If our officers' and directors' other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to complete our initial business combination. For a complete discussion of our officers' and directors' other business affairs, please see the section of this prospectus entitled "Management — Directors and Officers."

***Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in allocating their time and determining to which entity a particular business opportunity should be presented.***

Following the completion of this offering and until we consummate our initial business combination, we intend to engage in the business of identifying and combining with one or more businesses. Our sponsor and officers and directors are, and may in the future become, affiliated with entities (such as operating companies or investment vehicles) that are engaged in a similar business, including other special purpose acquisition companies with a class of securities registered under the Exchange Act.

Our officers and directors also may become aware of business opportunities which may be appropriate for presentation to us and the other entities to which they owe certain fiduciary or contractual duties.

Accordingly, they may have conflicts of interest in determining to which entity a particular business opportunity should be presented. These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

For a complete discussion of our officers' and directors' business affiliations and the potential conflicts of interest that you should be aware of, please see the sections of this prospectus entitled "Management — Directors and Officers," "Management — Conflicts of Interest" and "Certain Relationships and Related Party Transactions."

***Our officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.***

We have not adopted a policy that expressly prohibits our directors, officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact, we may enter into an initial business combination with a target business that is affiliated with our sponsor, our directors or officers, although we do not intend to do so. We do not have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours.

***We may engage in an initial business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, officers, directors or existing holders which may raise potential conflicts of interest.***

In light of the involvement of our sponsor, officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our sponsor, officers or directors. Our directors also serve as officers and board members for other entities, including, without limitation, those described under the section of this prospectus entitled “Management — Conflicts of Interest.” Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete our initial business combination with any entities with which they are affiliated, and there have been no preliminary discussions concerning an initial business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for an initial business combination as set forth in the section of this prospectus entitled “Proposed Business — Selection of a Target Business and Structuring of our Initial Business Combination” and such transaction was approved by a majority of our disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions, regarding the fairness to our stockholders from a financial point of view of an initial business combination with one or more businesses affiliated with our officers, directors or existing holders, potential conflicts of interest still may exist and, as a result, the terms of the initial business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

***Since our sponsor, officers and directors will lose their entire investment in us if our initial business combination is not completed, a conflict of interest may arise in determining whether a particular business combination target is appropriate for our initial business combination.***

On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share. On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. The number of founder shares and representative shares issued was determined based on the expectation that such founder shares and representative shares held by our sponsor and Ladenburg and its employees would represent 20% of the outstanding shares after this offering (excluding the placement units and the shares of common stock and warrants underlying the placement units). On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters’ over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters’ over-allotment is not exercised in full or in part). The founder shares and representative shares will be worthless if we do not complete an initial business combination. Our sponsor has agreed to purchase an aggregate of 382,250 placement units at a price of \$10.00 per unit (417,200 placement units if the over-allotment option is exercised in full), for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). Each placement unit consists of one share of common stock and one-half of one warrant. Each whole warrant is exercisable to purchase one whole share of common stock at \$11.50 per share. These securities will also be worthless if we do not complete an initial business combination. Holders of founder shares have agreed (A) to vote any shares owned by them in favor of any proposed initial business combination and (B) not to redeem any founder shares in connection with a stockholder vote to approve a proposed initial business combination. In addition, we may obtain loans from our sponsor, affiliates of our sponsor or an officer or director. The personal and financial interests of our officers and directors may influence their motivation in identifying and selecting a target business combination, completing an initial business combination and influencing the operation of the business following the initial business combination.

## Risks Relating to Our Securities

*We may issue notes or other debt securities, or otherwise incur substantial debt, to complete an initial business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders' investment in us.*

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt following this offering, we may choose to incur substantial debt to complete our initial business combination. We have agreed that we will not incur any indebtedness unless we have obtained from the lender a waiver of any right, title, interest or claim of any kind in or to the monies held in the trust account. As such, no issuance of debt will affect the per-share amount available for redemption from the trust account. Nevertheless, the incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation;
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, and execution of our strategy; and
- other disadvantages compared to our competitors who have less debt.

***We are not registering the shares of common stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time, and such registration may not be in place when an investor desires to exercise warrants, thus precluding such investor from being able to exercise its warrants except on a cashless basis. If the issuance of the shares upon exercise of warrants is not registered, qualified or exempt from registration or qualification, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless.***

We are not registering the shares of common stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time. However, under the terms of the warrant agreement, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our best efforts to file with the SEC a registration statement for the registration under the Securities Act of the shares of common stock issuable upon exercise of the warrants and thereafter will use our best efforts to cause the same to become effective within 60 business days following our initial business combination and to maintain a current prospectus relating to the common stock issuable upon exercise of the warrants, until the expiration of the warrants in accordance with the provisions of the warrant agreement. We cannot assure you that we will be able to do so if, for example, any facts or events arise which represent a fundamental change in the information set forth in the registration statement or prospectus, the financial statements contained or incorporated by reference therein are not current or correct or the SEC issues a stop order. If the shares issuable upon exercise of the warrants are not registered under the Securities Act, we will be required to permit holders to exercise their warrants on a cashless basis. However, no warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder, or an exemption from registration is available. Notwithstanding the foregoing, if a registration statement covering the common stock issuable upon exercise of the warrants is not effective within a specified period following the consummation of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis. We will use our best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. In no event will we be required to net cash settle any warrant, or issue securities or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under applicable state securities laws and there is no exemption available. If the issuance of the shares upon exercise of the warrants is not so registered or qualified or exempt from registration or qualification, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In such event, holders who acquired their warrants as part of a purchase of units will have paid the full unit purchase price solely for the shares of common stock included in the units. If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of shares of common stock upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such shares of common stock under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering. However, there may be instances in which holders of our public warrants may be unable to exercise such public warrants but holders of our placement warrants may be able to exercise such placement warrants.

***If you exercise your public warrants on a “cashless basis,” you will receive fewer shares of common stock from such exercise than if you were to exercise such warrants for cash.***

There are circumstances in which the exercise of the public warrants may be required or permitted to be made on a cashless basis. First, if a registration statement covering the shares of common stock issuable upon exercise of the warrants is not effective by the 60<sup>th</sup> business day after the closing of our initial business combination, warrant holders may, until such time as there is an effective registration statement, exercise warrants on a cashless basis in accordance with Section 3(a)(9) of the Securities Act or another exemption. Second, if a registration statement covering the common stock issuable upon exercise of the warrants is not effective within a specified period following the consummation of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available; if that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis. Third, if we call the public warrants for redemption, our management will have the option to require all holders that wish to exercise warrants to do so on a cashless basis. In the event of an exercise on a cashless basis, a holder would pay the warrant exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (as defined in the next sentence) by (y) the fair market value. The “fair market value” is the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of exercise is received by the warrant agent or on which the notice of redemption is sent to the holders of warrants, as applicable. As a result, you would receive fewer shares of common stock from such exercise than if you were to exercise such warrants for cash.

***The grant of registration rights to our initial stockholders may make it more difficult to complete our initial business combination, and the future exercise of such rights may adversely affect the market price of our common stock.***

Pursuant to an agreement to be entered into concurrently with the issuance and sale of the securities in this offering, our initial stockholders and their permitted transferees can demand that we register the placement warrants, the shares of common stock issuable upon exercise of the placement warrants, the shares of common stock included in the placement units and holders of unit that may be issued upon conversion of working capital loans may demand that we register such common stock, warrants or the common stock issuable upon exercise of such units and warrants. We will bear the cost of registering these securities. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our common stock. In addition, the existence of the registration rights may make our initial business combination more costly or difficult to conclude. This is because the stockholders of the target business may increase the equity stake they seek in the combined entity or ask for more cash consideration to offset the negative impact on the market price of our common stock that is expected when the securities owned by our initial stockholders or holders of working capital loans or their respective permitted transferees are registered.

***Our initial stockholders may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support.***

Upon the closing of this offering, our sponsor will own shares representing approximately 20.72% of our issued and outstanding shares of common stock (including the placement shares and assuming they do not purchase any units in this offering). Accordingly, they may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support, including amendments to our amended and restated certificate of incorporation and approval of major corporate transactions. If our initial stockholders purchase any units in this offering or if our initial stockholders purchase any additional shares of common stock in the aftermarket or in privately negotiated transactions, this would increase their control. Factors that would be considered in making such additional purchases would include consideration of the current trading price of our common stock. In addition, our board of directors, whose members were elected by our initial stockholders, is and will be divided into two classes, each of which will generally serve for a term of two years with only one class of directors being elected in each year. We may not hold an annual meeting of stockholders to elect new directors prior to the completion of our initial business combination, in which case all of the current directors will continue in office until at least the completion of the initial business combination. If there is an annual meeting, as a consequence of our “staggered” board of directors, only a minority of the board of directors will be considered for election and our initial stockholders, because of their ownership position, will have considerable influence regarding the outcome. Accordingly, our initial stockholders will continue to exert control at least until the completion of our initial business combination.

***Our sponsor paid an aggregate of \$25,000, or approximately \$0.012 per founder share, and, accordingly, you will experience immediate and substantial dilution from the purchase of our founder shares.***

The difference between the public offering price per share (allocating all of the unit purchase price to the common stock and none to the warrant included in the unit) and the pro forma net tangible book value per share of our common stock after this offering constitutes the dilution to you and the other investors in this offering. Our sponsor acquired the founder shares at a nominal price, significantly contributing to this dilution. Upon the closing of this offering, and assuming no value is ascribed to the warrants included in the units, you and the other public stockholders will incur an immediate and substantial dilution of approximately 86.3% (or \$8.63 per share, assuming no exercise of the underwriters’ over-allotment option), the difference between the pro forma net tangible book value per share of \$1.37 and the initial offering price of \$10.00 per unit.

***Our sponsor paid an aggregate of \$25,000 for the founder shares, or approximately \$0.012 per founder share. As a result, our sponsor, its affiliates and our management team stand to make a substantial profit even if an initial business combination subsequently declines in value or is unprofitable for our public stockholders, and may have an incentive to recommend such an initial business combination to our stockholders.***

As a result of the low acquisition cost of our founder shares, our sponsor, its affiliates and our management team could make a substantial profit even if we select and consummate an initial business combination with an acquisition target that subsequently declines in value or is unprofitable for our public stockholders. Thus, such parties may have more of an economic incentive for us to enter into an initial business combination with a riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their founder shares, or if such a fee were not potentially payable.

***We may amend the terms of the warrants in a manner that may be adverse to holders of public warrants with the approval by the holders of at least a majority of the then outstanding public warrants. As a result, the exercise price of your warrants could be increased, the exercise period could be shortened and the number of shares of our common stock purchasable upon exercise of a warrant could be decreased, all without your approval.***

Our warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least a majority of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants (which may include public warrants acquired by our sponsor or its affiliates in this offering or thereafter in the open market). Accordingly, we may amend the terms of the public warrants in a manner adverse to a holder if holders of at least a majority of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the public warrants with the consent of at least a majority of the then outstanding public warrants is unlimited, examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, convert the warrants into cash or stock, shorten the exercise period or decrease the number of shares of our common stock purchasable upon exercise of a warrant.

***Our warrant agreement will designate the courts of the State of New York or the United States District Court for the Southern District of New York as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by holders of our warrants, which could limit the ability of warrant holders to obtain a favorable judicial forum for disputes with our company.***

Our warrant agreement will provide that, subject to applicable law, (i) any action, proceeding or claim against us arising out of or relating in any way to the warrant agreement, including under the Securities Act, will be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and (ii) that we irrevocably submit to such jurisdiction, which jurisdiction shall be the exclusive forum for any such action, proceeding or claim. We will waive any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

Notwithstanding the foregoing, these provisions of the warrant agreement will not apply to suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum. Any person or entity purchasing or otherwise acquiring any interest in any of our warrants shall be deemed to have notice of and to have consented to the forum provisions in our warrant agreement. If any action, the subject matter of which is within the scope the forum provisions of the warrant agreement, is filed in a court other than a court of the State of New York or the United States District Court for the Southern District of New York (a “foreign action”) in the name of any holder of our warrants, such holder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located in the State of New York in connection with any action brought in any such court to enforce the forum provisions (an “enforcement action”), and (y) having service of process made upon such warrant holder in any such enforcement action by service upon such warrant holder’s counsel in the foreign action as agent for such warrant holder.

This choice-of-forum provision may limit a warrant holder’s ability to bring a claim in a judicial forum that it finds favorable for disputes with our company, which may discourage such lawsuits. Alternatively, if a court were to find this provision of our warrant agreement inapplicable or unenforceable with respect to one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could materially and adversely affect our business, financial condition and results of operations and result in a diversion of the time and resources of our management and board of directors.

***We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.***

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the last reported sales price of our common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading-day period commencing once the warrants become exercisable and ending on the third trading day prior to the date on which we give proper notice of such redemption and provided certain other conditions are met. If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of shares of common stock upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such shares of common stock under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering. Redemption of the outstanding warrants could force you (i) to exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) to accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants. None of the placement warrants will be redeemable by us so long as they are held by the sponsor or its permitted transferees.

***Our warrants and founder shares may have an adverse effect on the market price of our common stock and make it more difficult to effectuate our initial business combination.***

We will be issuing warrants to purchase 5,000,000 shares of our common stock (or up to 5,750,000 shares of common stock if the underwriters' over-allotment option is exercised in full) as part of the units offered by this prospectus and, simultaneously with the closing of this offering, we will be issuing an aggregate of 191,125 placement warrants (or 208,600 if the over-allotment option is exercised in full). Our sponsor currently owns an aggregate of 2,630,625 founder shares and Ladenburg and certain of its employees currently owns an aggregate of 244,375 representative shares. In addition, if our sponsor makes any working capital loans, up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. To the extent we issue shares of common stock to effectuate an initial business combination, the potential for the issuance of a substantial number of additional shares of common stock upon exercise of these warrants could make us a less attractive business combination vehicle to a target business. Any such issuance will increase the number of issued and outstanding shares of our common stock and reduce the value of the shares of common stock issued to complete the initial business combination. Therefore, our warrants and founder shares may make it more difficult to effectuate an initial business combination or increase the cost of acquiring the target business.

The placement warrants included in the placement units are identical to the warrants sold as part of the units in this offering except that, so long as they are held by our sponsor or its permitted transferees, (i) they will not be redeemable by us, (ii) they (including the common stock issuable upon exercise of these warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by our sponsor until 30 days after the completion of our initial business combination and (iii) they may be exercised by the holders on a cashless basis.

***Because each unit contains one-half of one redeemable warrant and only a whole warrant may be exercised, the units may be worth less than units of other blank check companies.***

Each unit contains one-half of one redeemable warrant. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant. This is different from other offerings similar to ours whose units include one share of common stock and one warrant to purchase one whole share. We have established the components of the units in this way in order to reduce the dilutive effect of the warrants upon completion of an initial business combination since the warrants will be exercisable in the aggregate for one half of the number of shares compared to units that each contain a warrant to purchase one whole share, thus making us, we believe, a more attractive merger partner for target businesses. Nevertheless, this unit structure may cause our units to be worth less than if they included a warrant to purchase one whole share.

***A provision of our warrant agreement may make it more difficult for use to consummate an initial business combination.***

If:

- (i) we issue additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at a Newly Issued Price of less than \$9.20 per share;
- (ii) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and
- (iii) the Market Value is below \$9.20 per share,

then the exercise price of the warrants will be adjusted to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price. This may make it more difficult for us to consummate an initial business combination with a target business.

***The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.***

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the warrants were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with representatives of the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the common stock and warrants underlying the units, include:

- the history and prospects of companies whose principal business is the acquisition of other companies;
- prior offerings of those companies;

- our prospects for acquiring an operating business;
- a review of debt to equity ratios in leveraged transactions;
- our capital structure;
- an assessment of our management and their experience in identifying operating companies;
- general conditions of the securities markets at the time of this offering; and
- other factors as were deemed relevant.

Although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities of an operating company in a particular industry since we have no historical operations or financial results.

***There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.***

There is currently no market for our securities. Stockholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions. Furthermore, an active trading market for our securities may never develop or, if developed, it may not be sustained. You may be unable to sell your securities unless a market can be established and sustained.

***Because we must furnish our stockholders with target business financial statements, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.***

The federal proxy rules require that a proxy statement with respect to a vote on an initial business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. We will include the same financial statement disclosure in connection with our tender offer documents, whether or not they are required under the tender offer rules. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards as issued by the International Accounting Standards Board, or IFRS, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such financial statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame.

***We are an emerging growth company and a smaller reporting company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies and smaller reporting companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.***

We are an “emerging growth company” within the meaning of the Securities Act, as modified by the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. As a result, our stockholders may not have access to certain information they may deem important. We could be an emerging growth company for up to five years, although circumstances could cause us to lose that status earlier, including if the market value of our common stock held by non-affiliates exceeds \$700 million as of any June 30 before that time, in which case we would no longer be an emerging growth company as of the following December 31. We cannot predict whether investors will find our securities less attractive because we will rely on these exemptions. If some investors find our securities less attractive as a result of our reliance on these exemptions, the trading prices of our securities may be lower than they otherwise would be, there may be a less active trading market for our securities and the trading prices of our securities may be more volatile.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. We have elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of our financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accountant standards used.

Additionally, we are a “smaller reporting company” as defined in Rule 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our common stock held by non-affiliates exceeds \$250 million as of the end of the prior June 30<sup>th</sup>, or (2) our annual revenues exceeded \$100 million during such completed fiscal year and the market value of our common stock held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>. To the extent we take advantage of such reduced disclosure obligations, it may also make comparison of our financial statements with other public companies difficult or impossible.

## **General Risks**

***Compliance obligations under the Sarbanes-Oxley Act may make it more difficult for us to effectuate our initial business combination, require substantial financial and management resources, and increase the time and costs of completing an initial business combination.***

Section 404 of the Sarbanes-Oxley Act requires that we evaluate and report on our system of internal controls beginning with our Annual Report on Form 10-K for the year ending December 31, 2022. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. Further, for as long as we remain an emerging growth company, we will not be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to other public companies because a target company with which we seek to complete our initial business combination may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of its internal controls. The development of the internal control of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such business combination.

***Provisions in our amended and restated certificate of incorporation and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.***

Our amended and restated certificate of incorporation will contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include a staggered board of directors and the ability of the board of directors to designate the terms of and issue new series of preferred shares, which may make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

***Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that derivative actions brought in our name, actions against our directors, officers, other employees or stockholders for breach of fiduciary duty and certain other actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will, subject to certain exceptions, be deemed to have consented to service of process on such stockholder's counsel, which may have the effect of discouraging lawsuits against our directors, officers, other employees or stockholders.***

Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that derivative actions brought in our name, actions against our directors, officers, other employees or stockholders for breach of fiduciary duty and certain other actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel except any action (A) as to which the Court of Chancery in the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, (C) for which the Court of Chancery does not have subject matter jurisdiction or (D) any action arising under the Securities Act of 1933, as amended. Any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock shall be deemed to have notice of and consented to the forum provisions in our amended and restated certificate of incorporation. This choice of forum provision may limit or make more costly a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or any of our directors, officers, other employees or stockholders, which may discourage lawsuits with respect to such claims. Alternatively, if a court were to find the choice of forum provision contained in our amended and restated certificate of incorporation to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could harm our business, operating results and financial condition.

Our amended and restated certificate of incorporation will provide that the exclusive forum provision will be applicable to the fullest extent permitted by applicable law, subject to certain exceptions. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. As a result, the exclusive forum provision will not apply to suits brought to enforce any duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction.

***Cyber incidents or attacks directed at us could result in information theft, data corruption, operational disruption and/or financial loss.***

We depend on digital technologies, including information systems, infrastructure and cloud applications and services, including those of third parties with which we may deal. Sophisticated and deliberate attacks on, or security breaches in, our systems or infrastructure, or the systems or infrastructure of third parties or the cloud, could lead to corruption or misappropriation of our assets, proprietary information and sensitive or confidential data. As an early stage company without significant investments in data security protection, we may not be sufficiently protected against such occurrences. We may not have sufficient resources to adequately protect against, or to investigate and remediate any vulnerability to, cyber incidents. It is possible that any of these occurrences, or a combination of them, could have adverse consequences on our business and lead to financial loss.

***If we effect our initial business combination with a company with operations or opportunities outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations.***

If we effect our initial business combination with a company with operations or opportunities outside of the United States, we would be subject to any special considerations or risks associated with companies operating in an international setting, including any of the following:

- higher costs and difficulties inherent in managing cross-border business operations and complying with different commercial and legal requirements of overseas markets;
- rules and regulations regarding currency redemption;
- complex corporate withholding taxes on individuals;
- laws governing the manner in which future business combinations may be effected;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles and challenges in collecting accounts receivable;
- tax issues, including but not limited to tax law changes and variations in tax laws as compared to the United States;
- currency fluctuations and exchange controls;
- rates of inflation;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks, natural disasters and wars;
- deterioration of political relations with the United States; and
- government appropriations of assets.

We may not be able to adequately address these additional risks. If we were unable to do so, our operations might suffer, which may adversely impact our results of operations and financial condition.

***Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus (COVID-19) pandemic.***

The COVID-19 pandemic has resulted in a widespread health crisis that has adversely affected the economies and financial markets worldwide, and the business of any potential target business with which we consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company's personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

***There are risks related to the life sciences industry to which we may be subject.***

Business combinations with companies with operations in the life sciences industry entail special considerations and risks. If we are successful in completing a business combination with a target business with operations in such industry, we will be subject to, and possibly adversely affected by, the following risks:

- Competition could reduce profit margins.
- Our inability to comply with governmental regulations affecting the life sciences industry could negatively affect our operations.
- An inability to license or enforce intellectual property rights on which our business may depend.
- The success of our planned business following consummation of our initial business combination may depend on maintaining a well-secured business and technology infrastructure.
- If we are required to obtain governmental approval of our products, the production of our products could be delayed and we could be required to engage in a lengthy and expensive approval process that may not ultimately be successful.
- Continuing government and private efforts to contain healthcare costs, including through the implementation of legal and regulatory changes, may reduce our future revenue and our profitability following such business combination.
- Changes in the life sciences industry and markets for such products affecting our customers or retailing practices could negatively impact customer relationships and our results of operations.
- The life sciences industry is susceptible to significant liability exposure. If liability claims are brought against us following a business combination, it could materially adversely affect our operations.
- Dependence of our operations upon third-party suppliers, manufacturers or contractors whose failure to perform adequately could disrupt our business.
- The Affordable Care Act, possible changes to it, and how it is implemented could negatively impact our business.
- A disruption in supply could adversely impact our business.

Any of the foregoing could have an adverse impact on our operations following a business combination. However, our efforts in identifying prospective target businesses will not be limited to the life sciences sector. Accordingly, if we acquire a target business in another industry, these risks will likely not affect us and we will be subject to other risks attendant with the specific industry in which we operate or target business which we acquire, none of which can be presently ascertained.

***An investment in this offering may result in uncertain or adverse U.S. federal income tax consequences.***

An investment in this offering may result in uncertain U.S. federal income tax consequences. For instance, because there are no authorities that directly address instruments similar to the units we are issuing in this offering, the allocation an investor makes with respect to the purchase price of a unit between the share of common stock and the one-half of one redeemable warrant to purchase one share of our common stock included in each unit could be challenged by the Internal Revenue Service (“IRS”) or the courts. Furthermore, the U.S. federal income tax consequences of a cashless exercise of warrants included in the units we are issuing in this offering are unclear under current law, and the adjustment to the exercise price and/or redemption price of the warrants could give rise to dividend income to investors without a corresponding payment of cash. Finally, it is unclear whether the redemption rights with respect to our shares of common stock suspend the running of a U.S. holder’s holding period for purposes of determining whether any gain or loss realized by such holder on the sale or exchange of common stock is long-term capital gain or loss and for determining whether any dividend we pay would be considered “qualified dividends” for U.S. federal income tax purposes. See the section of this prospectus entitled “Material U.S. Federal Income Tax Considerations” for a summary of the material U.S. federal income tax considerations applicable to an investment in our securities. Prospective investors are urged to consult their tax advisors with respect to these and other tax consequences applicable to their specific circumstances when purchasing, holding or disposing of our securities.

***We may be subject to an increased rate of tax on our income if we are treated as a personal holding company.***

Depending on the date and size of our initial business combination, it is possible that we could be treated as a “personal holding company” for U.S. federal income tax purposes. A U.S. corporation generally will be classified as a personal holding company for U.S. federal income tax purposes in a given taxable year if more than 50% of its ownership (by value) is concentrated, within a certain period of time, in five or fewer individuals (without regard to their citizenship or residency and including as individuals for this purpose certain entities such as certain tax-exempt organizations, pension funds, and charitable trusts), and at least 60% of its income is comprised of certain passive items. See the section of this prospectus entitled “Material U.S. Federal Income Tax Considerations—Personal Holding Company Status” for more detailed information.

**CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS**

Certain statements in this prospectus may constitute “forward-looking statements” for purposes of the federal securities laws. Our forward-looking statements include, but are not limited to, statements regarding our or our management team’s expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “would” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about:

- our ability to select an appropriate target business or businesses in the life sciences industry;
- our ability to complete our initial business combination in the life sciences industry;
- our expectations around the performance of the prospective target business or businesses in the life sciences industry ;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;

- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination, as a result of which they would then receive expense reimbursements;
- our potential ability to obtain additional financing to complete our initial business combination;
- our pool of prospective target businesses in the life sciences industry;
- the ability of our officers and directors to generate a number of potential acquisition opportunities;
- our public securities' potential liquidity and trading;
- the lack of a market for our securities;
- the use of proceeds not held in the trust account or available to us from interest income on the trust account balance;
- the trust account not being subject to claims of third parties; or
- our financial performance following this offering.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the section of this prospectus entitled "Risk Factors." Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

#### USE OF PROCEEDS

We are offering 10,000,000 units at an offering price of \$10.00 per unit. We estimate that the net proceeds of this offering together with the funds we will receive from the sale of the placement units will be used as set forth in the following table.

	<b>Without Over-Allotment Option</b>	<b>Over-Allotment Option Fully Exercised</b>
<b>Gross proceeds</b>		
Gross proceeds from units offered to public <sup>(1)</sup>	\$ 100,000,000	\$ 115,000,000
Gross proceeds from placement units offered in the private placement	\$ 3,822,500	\$ 4,172,000
Total gross proceeds	<u>\$ 103,822,500</u>	<u>\$ 119,172,000</u>
<b>Offering expenses<sup>(2)</sup></b>		
Underwriting discount (1.33% of gross proceeds from units offered to public, excluding deferred portion of underwriting discount) <sup>(3)</sup>	\$ 1,330,000	\$ 1,529,500
Legal fees and expenses	\$ 227,500	\$ 227,500
Accounting fees and expenses	\$ 40,000	\$ 40,000
SEC/FINRA Expenses	\$ 20,000	\$ 20,000
NASDAQ listing and filing fees (including deferred fees)	\$ 50,000	\$ 50,000
Director and Officer liability insurance premiums	\$ 250,000	\$ 250,000
Printing and engraving expenses	\$ 30,000	\$ 30,000
Miscellaneous	\$ 25,000	\$ 25,000
Total offering expenses (excluding the deferred portion of underwriting discount)	<u>\$ 1,972,500</u>	<u>\$ 2,172,500</u>
Proceeds after offering expenses	\$ 101,850,000	\$ 117,000,000
Held in trust account	\$ 101,000,000	\$ 116,150,000
Not held in trust account	\$ 850,000	\$ 850,000

The following table shows the use of the approximately \$850,000 of net proceeds not held in the trust account.<sup>(4)</sup>

	<b>Amount</b>	<b>% of Total</b>
Legal, accounting, due diligence, travel, and other expenses in connection with any business combination	\$ 275,000	32.35%
Legal and accounting fees related to regulatory reporting obligations	275,000	32.35%
Payment for office space, utilities and secretarial and administrative support	150,000	17.65%
Working capital to cover miscellaneous expenses	150,000	17.65%
<b>Total</b>	<b>\$ 850,000</b>	<b>100.0%</b>

- 
- (1) Includes amounts payable to public stockholders who properly redeem their shares in connection with our successful completion of our initial business combination.
- (2) A portion of the offering expenses may be paid from the proceeds of loans from our sponsor of up to \$250,000 as described in this prospectus. As of December 7, 2020, we had borrowed \$150,000 (of up to \$250,000 available to us) under the promissory note with our sponsor to be used for a portion of the expenses of this offering. These amounts will be repaid upon completion of this offering out of the \$642,500 of offering proceeds that has been allocated for the payment of offering expenses (other than underwriting commissions). In the event that offering expenses are more than as set forth in this table, they will be repaid using a portion of the \$850,000 of offering proceeds not held in the trust account and set aside for post-closing working capital expenses. In the event that offering expenses are less than set forth in this table, any such amounts will be used for post-closing working capital expenses.

- (3) The representative of the underwriters has agreed to defer underwriting commissions of 3.67% of the gross proceeds of this offering (see “Underwriting”). Upon and concurrently with the completion of our initial business combination, \$3,670,000, which constitutes the underwriters’ deferred commissions (or \$4,220,500 if the underwriters’ over-allotment option is exercised in full) will be paid to the representative of the underwriters from the funds held in the trust account. The representative of the underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions. The remaining funds, less amounts released to the trustee to pay redeeming stockholders will be released to us and can be used to pay all or a portion of the purchase price of the business or businesses with which our initial business combination occurs or for general corporate purposes, including payment of principal or interest on outstanding indebtedness to fund the purchases of other companies or for working capital.
- (4) These expenses are estimates only. Our actual expenditures for some or all of these items may differ from the estimates set forth herein. For example, we may incur greater legal and accounting expenses than our current estimates in connection with negotiating and structuring our initial business combination based upon the level of complexity of such business combination. In the event we identify an initial business combination target in a specific industry subject to specific regulations, we may incur additional expenses associated with legal due diligence and the engagement of special legal counsel. In addition, our staffing needs may vary and as a result, we may engage a number of consultants to assist with legal and financial due diligence. We do not anticipate any change in our intended use of proceeds, other than fluctuations among the current categories of allocated expenses, which fluctuations, to the extent they exceed current estimates for any specific category of expenses, would not be available for our expenses.

Of the net proceeds of this offering and the sale of the placement units, \$101,000,000 (or \$116,150,000 if the underwriters’ over-allotment option is exercised in full) will be placed in a trust account in the United States at Morgan Stanley, N.A., with Continental Stock Transfer & Trust Company acting as trustee, and will be held as cash items or invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. We estimate that the pre-tax interest earned on the trust account will be approximately \$202,000 per year, assuming an interest rate of 0.2% per year; however, we can provide no assurance regarding this amount. Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our tax obligations and \$100,000 of interest for our dissolution expenses, the proceeds from this offering and the sale of the placement units will not be released from the trust account until the earliest to occur of: (a) the completion of our initial business combination, (b) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity, and (c) the redemption of our public shares if we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, subject to applicable law.

The net proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we ultimately complete our initial business combination. If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital. There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination.

We believe that amounts not held in trust will be sufficient to pay the costs and expenses to which such proceeds are allocated. This belief is based on the fact that while we may begin preliminary due diligence of a target business in connection with an indication of interest, we intend to undertake in-depth due diligence, depending on the circumstances of the relevant prospective business combination, only after we have negotiated and signed a letter of intent or other preliminary agreement that addresses the terms of an initial business combination. However, if our estimate of the costs of undertaking in-depth due diligence and negotiating an initial business combination is less than the actual amount necessary to do so, we may be required to raise additional capital, the amount, availability and cost of which is currently unascertainable. If we are required to seek additional capital, we could seek such additional capital through loans or additional investments from our sponsor, members of our management team or their affiliates, but such persons are not under any obligation to advance funds to, or invest in, us.

Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$250,000 to be used for a portion of the expenses of this offering. On December 4, 2020, we effected a drawdown of the loan in the amount of \$150,000. These loans are non-interest bearing, unsecured and are due at the earlier of March 31, 2021 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the offering proceeds not held in the trust account.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. Otherwise, such loans would be repaid only out of funds held outside the trust account. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, initial stockholders, directors, officers, advisors or their affiliates may purchase shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares our initial stockholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and NASDAQ rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase shares or public warrants in such transactions prior to completion of our initial business combination. See “Proposed Business — Permitted purchases of our securities” for a description of how our sponsor, initial stockholders, directors, officers, advisors or any of their affiliates will select which stockholders to purchase securities from in any private transaction.

The purpose of any such purchases of shares could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

We will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) and the agreement for our initial business combination may require as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights so that we cannot satisfy the net tangible asset requirement or any net worth or cash requirements, we would not proceed with the redemption of our public shares or the initial business combination, and instead may search for an alternate business combination.

A public stockholder will be entitled to receive funds from the trust account only upon the earliest to occur of: (i) our completion of an initial business combination, (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity, and (iii) the redemption of our public shares if we are unable to complete our initial business combination within 15 months (or up to 21 months) following the closing of this offering, subject to applicable law and as further described herein and any limitations (including but not limited to cash requirements) created by the terms of the proposed initial business combination. In no other circumstances will a public stockholder have any right or interest of any kind to or in the trust account.

Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and their placement shares and (except for Ladenburg) any public shares held by them in connection with the completion of our initial business combination. In addition, our initial stockholders have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares or representative shares, as applicable, held by them if we fail to complete our initial business combination within the prescribed time frame. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the prescribed time frame.

#### **DIVIDEND POLICY**

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. Further, if we incur any indebtedness in connection with our initial business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith. If we increase or decrease the size of the offering we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our founder shares and representative shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor and Ladenburg and its employees at 20% of the issued and outstanding shares of our common stock (excluding the placement units and the shares of common stock and warrants underlying the placement units) upon the consummation of this offering.

## DILUTION

The difference between the public offering price per share of common stock, assuming no value is attributed to the warrants included in the units we are offering pursuant to this prospectus or the placement warrants, and the pro forma net tangible book value per share of our common stock after this offering constitutes the dilution to investors in this offering. Such calculation does not reflect any dilution associated with the sale and exercise of warrants, including the placement warrants, which would cause the actual dilution to the public stockholders to be higher, particularly where a cashless exercise is utilized. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of common stock which may be redeemed for cash), by the number of outstanding shares of our common stock.

At November 20, 2020, our net tangible book deficit was \$(30,563), or approximately \$(0.01) per share of common stock. After giving effect to the sale of 10,000,000 shares of common stock included in the units we are offering by this prospectus (or 11,500,000 shares of common stock if the underwriters' over-allotment option is exercised in full), the sale of the placement units and the deduction of underwriting commissions and estimated expenses of this offering, and the issuance of representative shares to Ladenburg and its employees, our pro forma net tangible book value at November 20, 2020 would have been \$5,000,002, or approximately \$1.37 per share (or \$5,000,002, or \$1.21 per share if the underwriters' over-allotment option is exercised in full), representing an immediate increase in net tangible book value (as decreased by the value of 9,228,370 shares of common stock that may be redeemed for cash, or 10,673,865 shares of common stock if the underwriters' over-allotment option is exercised in full) of \$1.38 per share (or \$1.22 per share if the underwriters' over-allotment option is exercised in full) to our initial stockholders as of the date of this prospectus. Total dilution to public stockholders from this offering will be 86.3% or \$8.63 per share (or 87.9% or \$8.79 if the underwriters' over-allotment option is exercised in full).

The following table illustrates the dilution to the public stockholders on a per-share basis, assuming no value is attributed to the warrants included in the units or the placement warrants:

	<b>Without Over-allotment</b>	<b>With Over-allotment</b>
Public offering price	\$ 10.00	\$ 10.00
Net tangible book deficit before this offering	\$ (0.01)	\$ (0.01)
Increase attributable to public stockholders	\$ 1.38	\$ 1.22
Pro forma net tangible book value after this offering and the sale of the private placement units	\$ 1.37	\$ 1.21
Dilution to public stockholders	\$ 8.63	\$ 8.79
Percentage of dilution to public stockholders	86.3%	87.9%

For purposes of presentation, we have reduced our pro forma net tangible book value after this offering (assuming no exercise of the underwriters' over-allotment option) by \$93,206,540 because holders of up to approximately 92.3% of our stockholders may redeem their shares for a pro rata share of the aggregate amount then on deposit in the trust account at a per share redemption price equal to the amount in the trust account as set forth in our tender offer or proxy materials (initially anticipated to be the aggregate amount held in trust two days prior to the commencement of our tender offer or stockholders meeting, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes), divided by the number of shares of common stock sold in this offering.

The following table sets forth information with respect to our initial stockholders and the public stockholders:

	Shares Purchased		Total Consideration		Average Price
	Number	Percentage	Amount	Percentage	Per Share
Sponsor <sup>(1)</sup>	2,287,500	17.76%	\$ 25,000	0.02%	0.01
Representative Shares <sup>(1)</sup>	212,500	1.65%	\$ 2,105	0.00%	0.01
Private Placement Shares	382,250	2.97%	3,822,500	3.68%	10.00
Public Stockholders	10,000,000	77.63%	\$ 100,000,000	96.29%	10.00
	<u>12,882,250</u>	<u>100.0%</u>	<u>\$ 103,849,605</u>	<u>100.0%</u>	

(1) Assumes no exercise of the underwriters' over-allotment option and the corresponding forfeiture of an aggregate of 343,125 founder shares held by our sponsor and 31,875 representative shares held by Ladenburg and its employees.

The pro forma net tangible book value per share after the offering is calculated as follows:

	Without Over-allotment	With Over-allotment
Numerator:		
Net tangible book deficit before this offering	\$ (30,563)	\$ (30,563)
Net proceeds from this offering and sale of the private placement units, net of expenses <sup>(1)</sup>	101,850,000	117,000,000
Plus: Offering costs paid in advance, excluded from tangible book value before this offering	55,000	55,000
Plus: Proceeds of shares of common stock issued to Ladenburg	2,105	2,105
Less: Deferred underwriting commissions	(3,670,000)	(4,220,500)
Less: Proceeds held in trust subject to redemption <sup>(2)</sup>	(93,206,540)	(107,806,040)
	<u>\$ 5,000,002</u>	<u>\$ 5,000,002</u>
Denominator:		
Common stock outstanding prior to this offering, including representative shares	2,875,000	2,875,000
Common stock forfeited if over-allotment is not exercised, including representative shares <sup>(2)</sup>	(375,000)	-
Common stock included in the units offered	10,000,000	11,500,000
Common stock included in the placement units issued	382,250	417,200
Less: Shares subject to redemption	(9,228,370)	(10,673,865)
	<u>3,653,880</u>	<u>4,118,335</u>

(1) Expenses applied against gross proceeds include offering expenses of \$642,500 and underwriting commissions of \$1,330,000, excluding deferred portion of underwriting commissions. See "Use of Proceeds."

(2) Assumes that 343,125 founder shares held by our sponsor and 31,875 representative shares held by Ladenburg and certain of its employees are surrendered to us for no consideration.

## CAPITALIZATION

The following table sets forth our capitalization at November 20, 2020, and as adjusted to give effect to the sale of our units in this offering and the sale of the placement units and the application of the estimated net proceeds derived from the sale of such securities, assuming no exercise by the underwriters of its over-allotment option:

	November 20, 2020	
	Actual	As Adjusted
Notes payable to related party(1)	\$ —	\$ —
Deferred underwriting commissions	—	3,670,000
Common stock subject to possible redemption; -0- and 9,228,370 shares, actual and as adjusted, respectively(2)	—	93,206,540
Preferred stock, \$0.0001 par value, 1,000,000 shares authorized; none issued and outstanding, actual and as adjusted	—	—
Common stock, \$0.0001 par value, 50,000,000 shares authorized; 2,875,000 and 3,653,880 shares issued and outstanding, actual and as adjusted, respectively(3)	288	365
Additional paid-in capital	24,712	5,000,200
Accumulated deficit	(563)	(563)
Total stockholders' equity	\$ 24,437	\$ 5,000,002
Total capitalization	\$ 24,437	\$ 101,876,542

(1) Our sponsor has agreed to loan us up to \$250,000 to be used for a portion of the expenses of this offering. The “as adjusted” information gives effect to the repayment of any loans made under this note out of the proceeds from this offering and the sale of the placement units. As of November 20, 2020, we had not borrowed any amount under the promissory note with our sponsor to be used for a portion of the expenses of this offering.

(2) Upon the completion of our initial business combination, we will provide our stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, subject to the limitations described herein whereby our net tangible assets will be maintained at a minimum of \$5,000,001 and any limitations (including, but not limited to, cash requirements) created by the terms of the proposed initial business combination.

(3) Actual share amount is prior to any forfeiture of founder shares and representative shares by our initial stockholders and as adjusted amount assumes no exercise of the underwriters' over-allotment option.

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Overview

We are a blank check company incorporated as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. While our efforts to identify a target business may span many industries, we intend to focus our search for prospects within the life sciences industry. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the placement units, the proceeds of the sale of our shares in connection with our initial business combination (pursuant to backstop agreements we may enter into following the consummation of this offering or otherwise), shares issued to the owners of the target, debt issued to bank or other lenders or the owners of the target, or a combination of the foregoing.

The issuance of additional shares in connection with an initial business combination to the owners of the target or other investors:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of our common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change in control if a substantial number of shares of our common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our common stock and/or warrants.

Similarly, if we issue debt securities or otherwise incur significant debt to bank or other lenders or the owners of a target, it could result in:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes;

- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation;
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, and execution of our strategy; and
- other purposes and other disadvantages compared to our competitors who have less debt.

As indicated in the accompanying financial statements, at November 20, 2020, we had \$25,000 in cash and deferred offering costs of \$55,000. Further, we expect to continue to incur significant costs in the pursuit of our initial business combination plans. We cannot assure you that our plans to raise capital or to complete our initial business combination will be successful.

### **Results of Operations and Known Trends or Future Events**

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as expenses as we conduct due diligence on prospective business combination candidates. We expect our expenses to increase substantially after the closing of this offering.

### **Liquidity and Capital Resources**

Our liquidity needs have been satisfied prior to the completion of this offering through a capital contribution from our sponsor of \$25,000 for the founder shares and up to \$250,000 in loans available from our sponsor under an unsecured promissory note. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

We estimate that the net proceeds from (i) the sale of the units in this offering, after deducting offering expenses of approximately \$642,500, underwriting commissions of \$1,330,000, excluding deferred portion of underwriting commissions (or \$1,529,500 if the underwriters' over-allotment option is exercised in full) and (ii) the sale of the placement units for a purchase price of \$3,822,500, (or \$4,172,000 if the over-allotment option is exercised in full) will be \$101,850,000 (or \$117,000,000 if the underwriters' over-allotment option is exercised in full). Of this amount, \$101,000,000 (or \$116,150,000 if the underwriters' over-allotment option is exercised in full) will be held in the trust account. The proceeds held in the trust account will be held as cash items or invested only in U.S. government treasury obligations with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. The remaining approximately \$850,000 will not be held in the trust account. In the event that our offering expenses exceed our estimate of \$642,500, we may fund such excess with funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$642,500, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account, to complete our initial business combination. We may withdraw interest to pay taxes. We estimate our annual franchise tax obligations, based on the number of shares of our common stock authorized and outstanding after the completion of this offering, to be \$200,000, which is the maximum amount of annual franchise taxes payable by us as a Delaware corporation per annum, which we may pay from funds from this offering held outside of the trust account or from interest earned on the funds held in our trust account and released to us for this purpose. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. We expect the interest earned on the amount in the trust account will be sufficient to pay our income taxes. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Prior to the completion of our initial business combination, we will have available to us the approximately \$850,000 of proceeds held outside the trust account (as well as interest earned on the funds held in the trust account that may be released to us to pay our tax obligations and \$100,000 of interest for our dissolution expenses). We will use these funds to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete an initial business combination.

In order to fund working capital deficiencies or finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

We expect our primary liquidity requirements during the next 15 months to include approximately \$275,000 for legal, accounting, due diligence, travel and other expenses associated with structuring, negotiating and documenting successful business combinations; \$275,000 for legal and accounting fees related to regulatory reporting requirements; \$150,000 for office space, utilities and secretarial and administrative support (for the first 12 months following this offering); and approximately \$150,000 for working capital that will be used for miscellaneous expenses and reserves. These amounts are estimates and may differ materially from our actual expenses.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares upon completion of our initial business combination, in which case we may issue additional securities or incur debt in connection with such business combination. In addition, we intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the placement units, and may as a result be required to seek additional financing to complete such proposed initial business combination. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In addition, following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

## Controls and Procedures

We are not currently required to maintain an effective system of internal controls as defined by Section 404 of the Sarbanes-Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes-Oxley Act for the fiscal year ending December 31, 2022. Only in the event that we are deemed to be a large accelerated filer or an accelerated filer would we be required to comply with the independent registered public accounting firm attestation requirement. Further, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirement.

Prior to the closing of this offering, we have not completed an assessment, nor has our independent registered public accounting firm tested our systems, of internal controls. We expect to assess the internal controls of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal controls. Many small and mid-sized target businesses we may consider for our initial business combination may have internal controls that need improvement in areas such as:

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expense in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

Once our management's report on internal controls is complete, we will retain our independent registered public accounting firm to audit and render an opinion on such report when required by Section 404 of the Sarbanes-Oxley Act. The independent registered public accounting firm may identify additional issues concerning a target business's internal controls while performing their audit of internal control over financial reporting.

## Quantitative and Qualitative Disclosures about Market Risk

The net proceeds of this offering and the sale of the placement units held in the trust account will be invested in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

## Related Party Transactions

On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share. On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. The number of founder shares and representative shares issued was determined based on the expectation that such founder shares and representative shares held by our sponsor and Ladenburg and its employees would represent 20% of the outstanding shares after this offering (excluding the placement units and the shares of common stock and warrants underlying the placement units). If we increase or decrease the size of the offering we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our founder shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor at 20% of the issued and outstanding shares of our common stock (excluding the placement units and the shares of common stock and warrants underlying the placement units) upon the consummation of this offering.

On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part).

Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Our sponsor, officers and directors, or any of their respective affiliates, will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors, advisors or our or their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Prior to the consummation of this offering, our sponsor has agreed to loan us up to \$250,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of March 31, 2021 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the \$642,500 of offering proceeds that has been allocated to the payment of offering expenses (other than underwriting commissions).

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

Our sponsor has agreed to purchase an aggregate of 382,250 placement units (417,200 placement units if the over-allotment option is exercised in full) at a price of \$10.00 per unit, for an aggregate purchase price of \$3,822,500 (or \$4,172,000) if the over-allotment option is exercised in full). Each placement unit consists of one share of common stock and one-half of one warrant. Each whole warrant is exercisable to purchase one whole share of common stock at \$11.50 per share. There will be no redemption rights or liquidating distributions from the trust account with respect to the founder shares, placement shares or placement warrants, which will expire worthless if we do not consummate a business combination within the allotted 15 month period (or up to a 21 month period). Our sponsor has agreed to waive its redemption rights with respect to the placement shares (i) in connection with the consummation of a business combination, (ii) in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the completion of this offering and (iii) if we fail to consummate a business combination within 15 months (or up to 21 months) from the completion of this offering or if we liquidate prior to the expiration of the 15 month period (or 21 month period).

We have engaged Dentons US LLP in connection with legal matters relating to this offering and other corporate matters and intend to engage Dentons for general matters after this offering. We will pay Dentons US LLP fees in connection with these matters. Mr. Katz, one of our directors, is a partner at Dentons US LLP.

Pursuant to a registration rights agreement we will enter into with our initial stockholders on or prior to the closing of this offering, we may be required to register certain securities for sale under the Securities Act. These holders, and holders of warrants issued upon conversion of working capital loans, if any, are entitled under the registration rights agreement to make up to three demands that we register certain of our securities held by them for sale under the Securities Act and to have the securities covered thereby registered for resale pursuant to Rule 415 under the Securities Act. In addition, these holders have the right to include their securities in other registration statements filed by us. We will bear the costs and expenses of filing any such registration statements. See the section of this prospectus entitled “Certain Relationships and Related Party Transactions.”

#### **Off-Balance Sheet Arrangements; Commitments and Contractual Obligations; Quarterly Results**

As of November 20, 2020, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations. No unaudited quarterly operating data is included in this prospectus, as we have conducted no operations to date.

#### **JOBS Act**

On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an “emerging growth company” and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company”, we choose to rely on such exemptions we may not be required to, among other things, (i) provide an independent registered public accounting firm’s attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the report of independent registered public accounting firm providing additional information about the audit and the financial statements (auditor discussion and analysis), and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the Chief Executive Officer’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of this offering or until we are no longer an “emerging growth company,” whichever is earlier.

### **PROPOSED BUSINESS**

#### **Our Company**

We are a newly organized, blank check company formed as a Delaware corporation for the purpose of effecting an initial business combination with one or more target businesses. We have not selected any specific target business and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any target business regarding an initial business combination with our company. While we may pursue an acquisition opportunity in any industry or sector, we intend to capitalize on our management team’s differentiated ability to source, acquire and manage a business in the life sciences industry.

## Industry Opportunity

While we may acquire a target business in any industry or sector, we intend to focus on life science companies in the United States and Israel that complement our management team's background and proprietary network. We believe the life sciences industry is attractive for a number of reasons:

### *Large and Growing Market Opportunity*

The life sciences sector represents an enormous market opportunity. According to a CMS ("Centers for Medicare and Medicaid Services") report released in February 2019 total healthcare spending in the United States reached nearly \$3.7 trillion (or \$11,172 per person) in 2018 and is expected to grow by an average of 5.5% annually between 2018 – 2027. As a share of the nation's GDP ("Gross Domestic Product"), healthcare spending accounted for 17.7% in 2018. The CMS has estimated that the healthcare share of GDP is expected to rise from 17.9% in 2017 to 19.4% by 2027. This growth is largely driven by demographics and scientific innovation.

### *Favorable Macro Dynamics*

Total global healthcare expenditure continued to grow due to an aging population, pervasiveness of chronic diseases, improved access to healthcare, and scientific and medical innovations. On average, according to AARP International, more than 10,000 people per day turn 65 in the United States. This is partially attributed to improved access to healthcare and general improvement of healthcare related services. As a result, global life expectancy has increased from approximately 62 years (in 1980) to 67 years (in 2000), and to 72 years (in 2018) according to the World Health Organization. Between 1960 and 2020, life expectancy has increased over 20 years. As the average age of the general population trends upward and diseases of aging become more prevalent and healthcare consumption climbs, we believe that healthcare spending will continue to increase creating a need for companies that solve unmet needs.

### *Broad Target Universe Driven by Significant Scientific and Clinical Advances*

Major scientific and clinical advances in life sciences have led to the creation of more than 10,000 life sciences companies located in the United States, Europe and Israel. Between 2010-2014 United States Food and Drug Administration, or FDA, approved 158 novel drugs. By comparison, in the last five years 220 novel drugs have been approved by FDA for a wide range of indications, a 40% increase compared to the preceding five years. In 2019 FDA approved 10 new biosimilars, which will help create competition, increase patient access, and potentially reduce the cost of important biological drug therapies. These approvals cover a variety of conditions such as cancers, genetic disorders, and autoimmune diseases. The FDA has approved multiple novel gene and cellular therapies with disease modifying benefits in multiple indications. As scientific innovation continues to expand our understanding of diseases processes we believe that an increasing number of early-stage life sciences companies will be formed generating a significant number of acquisition targets in need of access to capital in the public markets as they create value along the development pathway.

### *Life Sciences SPAC Offers a Unique Opportunity for Private Companies and Investors Alike*

SPACs focused on life science companies currently represent only a small portion of the SPAC market (less than 10%) relative to other sectors. Of the \$9.9 billion raised in the SPAC IPO market this year only approximately \$170 million is focused on the life science sector as of June 30, 2020. SPACs focused on life science companies are underrepresented in relation to the number of privately held healthcare companies that eventually require access to the public capital markets. We believe there are a significant number of high-quality private life sciences companies seeking alternative routes to the public markets and also healthcare investors willing to participate in SPACs and their business combinations.

## Acquisition Criteria

Consistent with our strategy, we have identified the following general criteria and guidelines that we believe are important in evaluating prospective target businesses. We will use these criteria and guidelines in evaluating acquisition opportunities, but we may decide to enter into our initial business combination with a target business that does not meet these criteria and guidelines.

We believe that our management team is well positioned to identify opportunities in the life sciences sector. Through our management's extensive industry relationships, we have extensive proprietary deal flow from our network of venture capital firms, private and public corporate clients, investment banking partners and existing investor referrals, essential in sourcing and vetting potential business combinations. Given our profile and dedicated industry approach, we anticipate that potential target businesses may also be brought to our attention from various unaffiliated sources. We believe that our management's reputation, with relationships across the life sciences industry and a track record of raising capital for first in class and best in class companies will enable us to become an ideal partner for potential targets in our preferred sector. We intend to filter our opportunities based on the following criteria:

### *Growth-oriented Life Science Company*

We intend to complete an initial business combination with a target business that has an equity value of two to six times the total amount of the gross proceeds of this offering. We are not constrained to this valuation range but believe that there are significant numbers of private companies representing substantial growth opportunities in this domain for which access to the public markets would be advantageous. We may complete an initial business combination with companies ranging from preclinical to late stage clinical trials within the life sciences sector. We expect to assess targets that fall within the expertise of our management team and board of directors.

### *Well Situated to Act as a Standalone Public Company*

We intend to complete a business combination with a target that is ready to operate effectively in the public markets as it relates to corporate governance and reporting policies. We believe our target will have a talented and experienced management with a history of operating successful public companies and value creation. We expect to evaluate potential targets based on the pipeline of products and the application to the broader healthcare system while exhibiting rapid growth potential in an attempt to achieve long-term value creation and risk-adjusted equity returns for our shareholders.

### *Novel Products and or Platform with potential to Address Unmet Medical needs*

We intend to complete a business combination with a target that has produced or is producing novel products or platforms that address unmet needs in the markets they operate in to take advantage of the current market dynamics. We are seeking targets with intellectual property which provides strategic competitive advantages that will benefit from increased awareness in the public markets. Our management team, board of directors and sponsor have extensive experience in identifying, investing in, and operating businesses that focus on anticipating and addressing unmet medical needs.

### *Prospective value creation for opportunities that would be fully valued as a public company, through organic or inorganic growth*

We believe in the ability of our management team and our sponsor to lead rigorous sourcing and due diligence processes, utilizing the proprietary networks of the management team and board of directors. Management expects to complete a business combination with a target that we believe will be more fully valued as a public company. We intend to find attractively valued target businesses by assessing sector and company specific dynamics, capital structure, preclinical and clinical data, validating partnerships, use of proceeds, proprietary intellectual property, and total addressable markets among other factors. Leveraging of our management team's experiences and processes, we expect to find a target that will be well received by public markets and create value for shareholders. These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management team may deem relevant. In the event that we decide to enter into our initial business combination with a target business that does not meet the above criteria and guidelines, we will disclose that the target business does not meet the above criteria in our stockholder communications related to our initial business combination, which, as discussed in this prospectus, would be in the form of proxy solicitation materials or tender offer documents that we would file with the U.S. Securities and Exchange Commission.

We may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares upon completion of our initial business combination. We intend to acquire a company with an enterprise value significantly above the net proceeds of this offering and the sale of the placement units. Depending on the size of the transaction or the number of public shares we become obligated to redeem, we may potentially utilize several additional financing sources, including but not limited to the issuance of additional securities to the sellers of a target business, debt issued by banks or other lenders or the owners of the target, a private placement to raise additional funds, or a combination of the foregoing. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In addition, following our initial business combination, if cash on hand is insufficient to meet our obligations or our working capital needs, we may need to obtain additional financing.

### **Initial Business Combination**

We will have up to 15 months from the closing of this offering to consummate an initial business combination. However, if we anticipate that we may not be able to consummate our initial business combination within 15 months, we may, by resolution of our board if requested by our sponsor, extend the period of time to consummate a business combination twice, each time by an additional three months (for a total of 21 months to complete a business combination), subject to the sponsor depositing additional funds into the trust account as set out below. Our shareholders will not be entitled to vote or redeem their shares in connection with any such extension. However, our stockholders will be entitled to vote and redeem their shares in connection with a stockholder meeting held to approve an initial business combination or in a tender offer undertaken in connection with such an initial business combination if we propose such a business combination during the three-month extension period. Pursuant to the terms of our amended and restated certificate of incorporation and the trust agreement to be entered into between us and Continental Stock Transfer & Trust Company on the date of this prospectus, in order for the time available for us to consummate our initial business combination to be extended, our sponsor or its affiliates or designees, upon five days advance notice prior to the 15-month deadline, must deposit into the trust account \$1,000,000, or \$1,150,000 if the underwriters' over-allotment option is exercised in full (\$0.10 per unit in either case), on or prior to the 15-month deadline. Any such payments would be made in the form of a non-interest bearing loan and would be repaid, if at all, from funds released to us upon completion of our initial business combination. In the event that we receive notice from our sponsor five days prior to the 15-month deadline of its wish for us to effect an extension, we intend to issue a press release announcing such intention at least three days prior to the 15-month deadline. In addition, we intend to issue a press release the day after the 15-month deadline announcing whether or not the funds had been timely deposited. Our sponsor and its affiliates or designees are not obligated to fund the trust account to extend the time for us to complete our initial business combination. If we are unable to consummate an initial business combination within such time period, we will redeem 100% of our issued and outstanding public shares for a pro rata portion of the funds held in the trust account, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and as further described herein, and then seek to dissolve and liquidate.

NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects. Additionally, pursuant to Nasdaq rules, any initial business combination must be approved by a majority of our independent directors.

We anticipate structuring our initial business combination either (i) in such a way so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses, or (ii) in such a way so that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders, or for other reasons. However, we will only complete an initial business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be taken into account for purposes of NASDAQ's 80% fair market value test. If the initial business combination involves more than one target business, the 80% fair market value test will be based on the aggregate value of all of the transactions and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking stockholder approval, as applicable. If our securities are not listed on NASDAQ after this offering, we would not be required to satisfy the 80% requirement. However, we intend to satisfy the 80% requirement even if our securities are not listed on NASDAQ at the time of our initial business combination.

## **Our Business Combination Process**

In evaluating prospective business combinations, we expect to conduct a thorough due diligence review process that will encompass, among other things, a review of historical and projected financial and operating data, meetings with management, directors and their advisors (if applicable), on-site inspection of facilities and assets, discussion with expert scientists and physicians, analysis of intellectual property to ensure exclusivity and freedom to operate, legal reviews and other reviews as we deem appropriate.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. However, we do not intend to contact any such prospective target businesses subsequent to the closing of this offering unless we become aware that such targets are interested in a potential initial business combination with us and such transaction would be attractive to our stockholders. In the event we seek to complete our initial business combination with a company that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that our initial business combination is fair to our company from a financial point of view.

Each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors were to be included by a target business as a condition to any agreement with respect to our initial business combination.

Certain of our officers and directors presently have fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. We believe, however, that the fiduciary duties or contractual obligations of our officers or directors will not materially affect our ability to complete our initial business combination. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

Members of our management team may become an officer or director of another special purpose acquisition company with a class of securities registered under the Exchange Act even before we enter into a definitive agreement for an initial business combination.

## **Our Management Team**

Members of our management team are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they, in the exercise of their respective business judgement, deem necessary to our affairs until we have completed our initial business combination. The amount of time that any member of our management team will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the current stage of the business combination process. We do not have an employment agreement with any member of our management team.

We believe our management team's operating and transaction experience and relationships with companies will provide us with a substantial number of potential business combination targets. Over the course of their careers, the members of our management team have developed a broad network of contacts and corporate relationships in the life sciences industry. This network has grown through the activities of our management team sourcing, acquiring and financing businesses, our management team's relationships with sellers, financing sources and target management teams and the experience of our management team in executing transactions under varying economic and financial market conditions. See the section of this prospectus entitled "Management" for a more complete description of our management team's experience.

## **Initial Business Combination**

NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects.

## **Status as a Public Company**

We believe our structure will make us an attractive business combination partner to target businesses. As a public company, we offer a target business an alternative to the traditional initial public offering through a merger or other business combination with us. Following an initial business combination, we believe the target business would have greater access to capital and additional means of creating management incentives that are better aligned with stockholders' interests than it would as a private company. A target business can further benefit by augmenting its profile among potential new customers and vendors and aid in attracting talented employees. In a business combination transaction with us, the owners of the target business may, for example, exchange their shares of stock in the target business for our shares of common stock (or shares of a new holding company) or for a combination of our shares of common stock and cash, allowing us to tailor the consideration to the specific needs of the sellers.

Although there are various costs and obligations associated with being a public company, we believe target businesses will find this method a more expeditious and cost effective method to becoming a public company than the typical initial public offering. The typical initial public offering process takes a significantly longer period of time than the typical business combination transaction process, and there are significant expenses in the initial public offering process, including underwriting discounts and commissions, marketing and road show efforts that may not be present to the same extent in connection with an initial business combination with us.

Furthermore, once a proposed initial business combination is completed, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters' ability to complete the offering, as well as general market conditions, which could delay or prevent the offering from occurring or could have negative valuation consequences. Following an initial business combination, we believe the target business would then have greater access to capital and an additional means of providing management incentives consistent with stockholders' interests and the ability to use its shares as currency for acquisitions. Being a public company can offer further benefits by augmenting a company's profile among potential new customers and vendors and aid in attracting talented employees.

While we believe that our structure and our management team's backgrounds will make us an attractive business partner, some potential target businesses may view our status as a blank check company, such as our lack of an operating history and our ability to seek stockholder approval of any proposed initial business combination, negatively.

We are an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period.

### **Financial Position**

With funds available for an initial business combination initially in the amount of \$101,000,000 (or \$116,150,000 if the underwriters’ over-allotment option is exercised in full), before fees and expenses associated with our initial business combination, we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt or leverage ratio. Because we are able to complete our initial business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, we have not taken any steps to secure third party financing and there can be no assurance it will be available to us.

### **Effecting Our Initial Business Combination**

We are not presently engaged in, and we will not engage in, any operations for an indefinite period of time following this offering. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the placement units, the proceeds of the sale of our shares in connection with our initial business combination (pursuant to backstop agreements we may enter into following the consummation of this offering or otherwise), shares issued to the owners of the target, debt issued to bank or other lenders or the owners of the target, or a combination of the foregoing. We may seek to complete our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, which would subject us to the numerous risks inherent in such companies and businesses.

If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemptions of our common stock, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

We may seek to raise additional funds through a private offering of debt or equity securities in connection with the completion of our initial business combination, and we may effectuate our initial business combination using the proceeds of such offering rather than using the amounts held in the trust account. In addition, we intend to target businesses larger than we could acquire with the net proceeds of this offering and the sale of the placement units, and may as a result be required to seek additional financing to complete such proposed initial business combination. Subject to compliance with applicable securities laws, we would expect to complete such financing only simultaneously with the completion of our initial business combination. In the case of an initial business combination funded with assets other than the trust account assets, our proxy materials or tender offer documents disclosing the initial business combination would disclose the terms of the financing and, only if required by law, we would seek stockholder approval of such financing. There are no prohibitions on our ability to raise funds privately, or through loans in connection with our initial business combination. At this time, we are not a party to any arrangement or understanding with any third party with respect to raising any additional funds through the sale of securities or otherwise.

## Sources of Target Businesses

We anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment bankers and investment professionals. Target businesses may be brought to our attention by such unaffiliated sources as a result of being solicited by us by calls or mailings. These sources may also introduce us to target businesses in which they think we may be interested on an unsolicited basis, since many of these sources will have read this prospectus and know what types of businesses we are targeting. Our officers and directors, as well as our sponsor and their affiliates, may also bring to our attention target business candidates that they become aware of through their business contacts as a result of formal or informal inquiries or discussions they may have, as well as attending trade shows or conventions. In addition, we expect to receive a number of proprietary deal flow opportunities that would not otherwise necessarily be available to us as a result of the business relationships of our officers and directors and our sponsor and their affiliates. While we do not presently anticipate engaging the services of professional firms or other individuals that specialize in business acquisitions on any formal basis, we may engage these firms or other individuals in the future, in which event we may pay a finder's fee, consulting fee, advisory fee or other compensation to be determined in an arm's length negotiation based on the terms of the transaction. We will engage a finder only to the extent our management determines that the use of a finder may bring opportunities to us that may not otherwise be available to us or if finders approach us on an unsolicited basis with a potential transaction that our management determines is in our best interest to pursue. Payment of finder's fees is customarily tied to completion of a transaction, in which case any such fee will be paid out of the funds held in the trust account. Except as explicitly set forth herein (see "Certain Relationships and Related Party Transactions"), none of our sponsor, executive officers, directors, or any of their respective affiliates, will be allowed to receive any compensation, finder's fees or consulting fees from a prospective business combination target in connection with a contemplated initial business combination except that we may pay our sponsor or its affiliates, partners or employees, a fee for financial advisory services rendered in connection with our identification, negotiation and consummation of our initial business combination; the amount of any fee we pay to our sponsor or its affiliates, partners or employees, will be based upon the prevailing market for similar services for such transactions at such time, and will be subject to the review of our audit committee pursuant to the audit committee's policies and procedures relating to transactions that may present conflicts of interest. We have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support and to reimburse our sponsor for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination. Some of our officers and directors may enter into employment or consulting agreements with the post-transaction company following our initial business combination. The presence or absence of any such fees or arrangements will not be used as a criterion in our selection process of an initial business combination candidate.

We are not prohibited from pursuing an initial business combination with an initial business combination target that is affiliated with our sponsor, officers or directors or making the initial business combination through a joint venture or other form of shared ownership with our sponsor, officers or directors. However, we do not intend to contact any such prospective target businesses subsequent to the closing of this offering unless we become aware that such targets are interested in a potential initial business combination with us and such transaction would be attractive to our stockholders. In the event we seek to complete our initial business combination with an initial business combination target that is affiliated with our sponsor, officers or directors, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

As more fully discussed in the section of this prospectus entitled "Management — Conflicts of Interest," if any of our officers or directors becomes aware of an initial business combination opportunity that falls within the line of business of any entity to which he or she has pre-existing fiduciary or contractual obligations, he or she may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. Our officers and directors currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us.

## **Selection of a Target Business and Structuring of our Initial Business Combination**

NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. The fair market value of our initial business combination will be determined by our board of directors based upon one or more standards generally accepted by the financial community, such as discounted cash flow valuation, a valuation based on trading multiples of comparable public businesses or a valuation based on the financial metrics of M&A transactions of comparable businesses. If our board of directors is not able to independently determine the fair market value of our initial business combination, we will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions with respect to the satisfaction of such criteria. While we consider it unlikely that our board of directors will not be able to make an independent determination of the fair market value of our initial business combination, it may be unable to do so if it is less familiar or experienced with the business of a particular target or if there is a significant amount of uncertainty as to the value of a target's assets or prospects. We do not intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination. Subject to this requirement, our management will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses, although we will not be permitted to effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In any case, we will only complete an initial business combination in which we own or acquire 50% or more of the outstanding voting securities of the target or otherwise acquire a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. If we own or acquire less than 100% of the equity interests or assets of a target business or businesses, the portion of such business or businesses that are owned or acquired by the post-transaction company is what will be taken into account for purposes of NASDAQ's 80% fair market value test. There is no basis for investors in this offering to evaluate the possible merits or risks of any target business with which we may ultimately complete our initial business combination.

To the extent we effect our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth we may be affected by numerous risks inherent in such company or business. Although our management will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all significant risk factors.

In evaluating a prospective business target, we expect to conduct a thorough due diligence review, which may encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspection of facilities, as well as a review of financial and other information that will be made available to us.

The time required to select and evaluate a target business and to structure and complete our initial business combination, and the costs associated with this process, are not currently ascertainable with any degree of certainty. Any costs incurred with respect to the identification and evaluation of a prospective target business with which our initial business combination is not ultimately completed will result in our incurring losses and will reduce the funds we can use to complete another business combination.

## **Lack of Business Diversification**

For an indefinite period of time after the completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business. Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. In addition, we intend to focus our search for an initial business combination in a single industry. By completing our initial business combination with only a single entity, our lack of diversification may:

- subject us to negative economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact on the particular industry in which we operate after our initial business combination, and
- cause us to depend on the marketing and sale of a single product or limited number of products or services.

### Limited Ability to Evaluate the Target's Management Team

Although we intend to closely scrutinize the management of a prospective target business when evaluating the desirability of effecting our initial business combination with that business, our assessment of the target business' management may not prove to be correct. In addition, the future management may not have the necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of members of our management team, if any, in the target business cannot presently be stated with any certainty. The determination as to whether any of the members of our management team will remain with the combined company will be made at the time of our initial business combination. While it is possible that one or more of our directors will remain associated in some capacity with us following our initial business combination, it is unlikely that any of them will devote their full efforts to our affairs subsequent to our initial business combination. Moreover, we cannot assure you that members of our management team will have significant experience or knowledge relating to the operations of the particular target business.

We cannot assure you that any of our key personnel will remain in senior management or advisory positions with the combined company. The determination as to whether any of our key personnel will remain with the combined company will be made at the time of our initial business combination.

Following an initial business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that additional managers will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

### Stockholders May Not Have the Ability to Approve Our Initial Business Combination

We may conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC. However, we will seek stockholder approval if it is required by law or applicable stock exchange rule, or we may decide to seek stockholder approval for business or other legal reasons. Presented in the table below is a graphic explanation of the types of initial business combinations we may consider and whether stockholder approval is currently required under Delaware law for each such transaction.

Type of Transaction	Whether Stockholder Approval is Required
Purchase of assets	No
Purchase of stock of target not involving a merger with the company	No
Merger of target into a subsidiary of the company	No
Merger of the company with a target	Yes

Under NASDAQ's listing rules, stockholder approval would be required for our initial business combination if, for example:

- we issue shares of common stock that will be equal to or in excess of 20% of the number of shares of our common stock then outstanding;
- any of our directors, officers or substantial stockholders (as defined by NASDAQ rules) has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the target business or assets to be acquired or otherwise and the present or potential issuance of common stock could result in an increase in outstanding common shares or voting power of 5% or more; or
- the issuance or potential issuance of common stock will result in our undergoing a change of control.

## Permitted Purchases of our Securities

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, initial stockholders, directors, officers, advisors or their affiliates may purchase shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares our initial stockholders, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and NASDAQ rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase shares or public warrants in such transactions prior to completion of our initial business combination.

The purpose of any such purchases of shares could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Our sponsor, officers, directors and/or their affiliates anticipate that they may identify the stockholders with whom our sponsor, officers, directors or their affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders following our mailing of proxy materials in connection with our initial business combination. To the extent that our sponsor, officers, directors, advisors or their affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the trust account or vote against our initial business combination, whether or not such stockholder has already submitted a proxy with respect to our initial business combination. Our sponsor, officers, directors, advisors or their affiliates will only purchase shares if such purchases comply with Regulation M under the Exchange Act and the other federal securities laws.

Any purchases by our sponsor, officers, directors and/or their affiliates who are affiliated purchasers under Rule 10b-18 under the Exchange Act will only be made if such purchases are in compliance with Rule 10b-18, which is a safe harbor from liability for manipulation under Section 9(a)(2) and Rule 10b-5 of the Exchange Act. Rule 10b-18 has certain technical requirements that must be complied with in order for the safe harbor to be available to the purchaser. Our sponsor, officers, directors and/or their affiliates will not make purchases of common stock if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchases are subject to such reporting requirements.

## Redemption Rights for Public Stockholders upon Completion of our Initial Business Combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of common stock upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.10 per public share. Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and placement shares and (excluding Ladenburg) any public shares held by them in connection with the completion of our initial business combination.

### *Manner of Conducting Redemptions*

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of common stock upon the completion of our initial business combination either (i) in connection with a stockholder meeting called to approve the initial business combination or (ii) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed initial business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under the law or stock exchange listing requirement. Under NASDAQ rules, asset acquisitions and stock purchases would not typically require stockholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding common stock or seek to amend our amended and restated certificate of incorporation would require stockholder approval. If we structure an initial business combination with a target company in a manner that requires stockholder approval, we will not have discretion as to whether to seek a stockholder vote to approve the proposed initial business combination. We may conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC unless stockholder approval is required by law or stock exchange listing requirements or we choose to seek stockholder approval for business or other legal reasons. So long as we obtain and maintain a listing for our securities on NASDAQ, we will be required to comply with such rules.

If a stockholder vote is not required and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Upon the public announcement of our initial business combination, we or our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase shares of our common stock in the open market if we elect to redeem our public shares through a tender offer, to comply with Rule 14e-5 under the Exchange Act.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public stockholders not tendering more than a specified number of public shares which are not purchased by our sponsor, which number will be based on the requirement that we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

If, however, stockholder approval of the transaction is required by law or stock exchange listing requirement, or we decide to obtain stockholder approval for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

In the event that we seek stockholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide our public stockholders with the redemption rights described above upon completion of the initial business combination.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. Our initial stockholders will count toward this quorum and pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote their founder shares and placement shares and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock voted, non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. As a result, in addition to our sponsor's founder shares and placement shares, and excluding the representative shares, we would need only 3,558,876, or 35.59%, of the 10,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all outstanding shares are voted) in order to have our initial business combination approved (assuming the over-allotment option is not exercised). We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. These quorum and voting thresholds, and the voting agreements of our initial stockholders, may make it more likely that we will consummate our initial business combination. Each public stockholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction.

Our amended and restated certificate of incorporation will provide that we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. For example, the proposed initial business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed initial business combination. In the event the aggregate cash consideration we would be required to pay for all shares of common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed initial business combination exceed the aggregate amount of cash available to us, we will not complete the initial business combination or redeem any shares, and all shares of common stock submitted for redemption will be returned to the holders thereof.

### ***Limitation on Redemption upon Completion of our Initial Business Combination if we Seek Stockholder Approval***

Notwithstanding the foregoing, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the shares sold in this offering, which we refer to as the “Excess Shares.” Such restriction shall also be applicable to our affiliates. We believe this restriction will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to exercise their redemption rights against a proposed initial business combination as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights if such holder’s shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders’ ability to redeem no more than 15% of the shares sold in this offering without our prior consent, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with an initial business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination.

### ***Tendering Stock Certificates in Connection with a Stockholder Meeting***

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent up to two business days prior to the vote on the proposal to approve the initial business combination, or to deliver their shares to the transfer agent electronically using the Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option. The proxy materials that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements. Accordingly, a public stockholder would have up to two days prior to the vote on the initial business combination to tender its shares if it wishes to seek to exercise its redemption rights. Given the relatively short exercise period, it is advisable for stockholders to use electronic delivery of their public shares.

There is a nominal cost associated with the above-referenced tendering process and the act of certifying the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$80.00 and it would be up to the broker whether or not to pass this cost on to the redeeming holder. However, this fee would be incurred regardless of whether or not we require holders seeking to exercise redemption rights to tender their shares. The need to deliver shares is a requirement of exercising redemption rights regardless of the timing of when such delivery must be effectuated.

The foregoing is different from the procedures used by many blank check companies. In order to perfect redemption rights in connection with their business combinations, many blank check companies would distribute proxy materials for the stockholders’ vote on an initial business combination, and a holder could simply vote against a proposed initial business combination and check a box on the proxy card indicating such holder was seeking to exercise his or her redemption rights. After the initial business combination was approved, the company would contact such stockholder to arrange for him or her to deliver his or her certificate to verify ownership. As a result, the stockholder then had an “option window” after the completion of the initial business combination during which he or she could monitor the price of the company’s stock in the market. If the price rose above the redemption price, he or she could sell his or her shares in the open market before actually delivering his or her shares to the company for cancellation. As a result, the redemption rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become “option” rights surviving past the completion of the initial business combination until the redeeming holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a redeeming holder’s election to redeem is irrevocable once the initial business combination is approved.

Any request to redeem such shares, once made, may be withdrawn at any time up to the date of the stockholder meeting. Furthermore, if a holder of a public share delivered its certificate in connection with an election of redemption rights and subsequently decides prior to the applicable date not to elect to exercise such rights, such holder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to holders of our public shares electing to redeem their shares will be distributed promptly after the completion of our initial business combination.

If our initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their redemption rights would not be entitled to redeem their shares for the applicable pro rata share of the trust account. In such case, we will promptly return any certificates delivered by public holders who elected to redeem their shares.

If our initial proposed initial business combination is not completed, we may continue to try to complete an initial business combination with a different target until 15 months (or up to 21 months) from the closing of this offering.

#### ***Redemption of Public Shares and Liquidation if no Initial Business Combination***

Our amended and restated certificate of incorporation provides that we will have only 15 months (or up to 21 months) from the closing of this offering to complete our initial business combination. If we are unable to complete our initial business combination within such period, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to complete our initial business combination within the allotted time period.

Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to any founder shares and placement shares held by them if we fail to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering. However, if our sponsor, officers or directors acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the allotted time period.

Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (ii) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes divided by the number of then outstanding public shares. However, we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination (so that we are not subject to the SEC's "penny stock" rules). If this optional redemption right is exercised with respect to an excessive number of public shares such that we cannot satisfy the net tangible asset requirement (described above), we would not proceed with the amendment or the related redemption of our public shares at such time.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the approximately \$850,000 of proceeds held outside the trust account, although we cannot assure you that there will be sufficient funds for such purpose. We will depend on sufficient interest being earned on the proceeds held in the trust account to pay any tax obligations we may owe. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the trust account not required to pay taxes on interest income earned on the trust account balance, we may request the trustee to release to us an additional amount of up to \$100,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of this offering and the sale of the placement units, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, the per-share redemption amount received by stockholders upon our dissolution would be approximately \$10.10. The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public stockholders. We cannot assure you that the actual per-share redemption amount received by stockholders will not be substantially less than \$10.10. Under Section 281(b) of the DGCL, our plan of dissolution must provide for all claims against us to be paid in full or make provision for payments to be made in full, as applicable, if there are sufficient assets. These claims must be paid or provided for before we make any distribution of our remaining assets to our stockholders. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. Marcum LLP, our independent registered public accounting firm, and the underwriters of the offering, will not execute agreements with us waiving such claims to the monies held in the trust account.

In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.10 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.10 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company. Therefore, we believe it is unlikely that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below (i) \$10.10 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest which may be withdrawn to pay taxes, and our sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so if, for example, the cost of such legal action is deemed by the independent directors to be too high relative to the amount recoverable or if the independent directors determine that a favorable outcome is not likely. We have not asked our sponsor to reserve for such indemnification obligations and we believe it is unlikely that our sponsor would be able to satisfy those obligations. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.10 per public share.

We will seek to reduce the possibility that our sponsor will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Our sponsor will also not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We will have access to up to approximately \$850,000 from the proceeds of this offering with which to pay any such potential claims (including costs and expenses incurred in connection with our liquidation, currently estimated to be no more than approximately \$100,000). In the event that we liquidate and it is subsequently determined that the reserve for claims and liabilities is insufficient, stockholders who received funds from our trust account could be liable for claims made by creditors. In the event that our offering expenses exceed our estimate of \$642,500, we may fund such excess with funds from the funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$642,500, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering may be considered a liquidating distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within 15 months (or up to 21 months if we extend the extend the period of time to consummate a business combination by an additional three months, subject to the sponsor depositing additional funds into the trust account as described herein) from the closing of this offering, is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful (potentially due to the imposition of legal proceedings that a party may bring or due to other circumstances that are currently unknown), then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution. If we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our public shares as soon as reasonably possible following our 18<sup>th</sup> month and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent 10 years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in our underwriting agreement, we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of this obligation, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the trust account is remote. Further, our sponsor may be liable only to the extent necessary to ensure that the amounts in the trust account are not reduced below (i) \$10.10 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest withdrawn to pay taxes and will not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our sponsor will not be responsible to the extent of any liability for such third-party claims.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.10 per share to our public stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our stockholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

Our public stockholders will be entitled to receive funds from the trust account only upon the earlier to occur of: (i) the completion of our initial business combination, (ii) the redemption of any public shares properly tendered in connection with a stockholder vote to amend any provisions of our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the extend the period of time to consummate a business combination by an additional three months, subject to the sponsor depositing additional funds into the trust account as described herein) or (B) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity, and (iii) the redemption of all of our public shares if we are unable to complete our business combination within 15 months from the closing of this offering (or up to 21 months from the closing of this offering if we extend the period of time to consummate a business combination by an additional three months, subject to the sponsor depositing additional funds into the trust account as described herein), subject to applicable law. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account. In the event we seek stockholder approval in connection with our initial business combination, a stockholder’s voting in connection with the initial business combination alone will not result in a stockholder’s redeeming its shares to us for an applicable pro rata share of the trust account. Such stockholder must have also exercised its redemption rights as described above. These provisions of our amended and restated certificate of incorporation, like all provisions of our amended and restated certificate of incorporation, may be amended with a stockholder vote.

***Comparison of Redemption or Purchase Prices in Connection with Our Initial Business Combination and if We Fail to Complete Our Initial Business Combination***

The following table compares the redemptions and other permitted purchases of public shares that may take place in connection with the completion of our initial business combination and if we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering.

	<b>Redemptions in Connection with our Initial Business Combination</b>	<b>Other Permitted Purchases of Public Shares by us or our Affiliates</b>	<b>Redemptions if we fail to Complete an Initial Business Combination</b>
<b>Calculation of redemption price</b>	Redemptions at the time of our initial business combination may be made pursuant to a tender offer or in connection with a stockholder vote. The redemption price will be the same whether we conduct redemptions pursuant to a tender offer or in connection with a stockholder vote. In either case, our public stockholders may redeem their public shares for cash equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination (which is initially anticipated to be \$10.10 per public share), including interest earned on the funds held in the trust account and not previously released to us to pay our taxes divided by the number of then outstanding public shares, subject to the limitation that no redemptions will take place, if all of the redemptions would cause our net tangible assets to be less than \$5,000,001 as described elsewhere in this prospectus and any limitations (including but not limited to cash requirements) agreed to in connection with the negotiation of terms of a proposed initial business combination.	If we seek stockholder approval of our initial business combination, our sponsor, directors, officers, advisors or their affiliates may purchase shares in privately negotiated transactions or in the open market prior to or following completion of our initial business combination. There is no limit to the prices that our sponsor, directors, officers, advisors or their affiliates may pay in these transactions.	If we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, we will redeem all public shares at a per-share price, payable in cash, equal to the aggregate amount, then on deposit in the trust account (which is initially anticipated to be \$10.10 per public share) including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares.
<b>Impact to remaining stockholders</b>	The redemptions in connection with our initial business combination will reduce the book value per share for our remaining stockholders, who will bear the burden of the taxes payable.	If the permitted purchases described above are made there would be no impact to our remaining stockholders because the purchase price would not be paid by us.	The redemption of our public shares if we fail to complete our initial business combination will reduce the book value per share for the shares held by our initial stockholders, who will be our only remaining stockholders after such redemptions.

## Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419

The following table compares the terms of this offering to the terms of an offering by a blank check company subject to the provisions of Rule 419. This comparison assumes that the gross proceeds, underwriting commissions and underwriting expenses of our offering would be identical to those of an offering undertaken by a company subject to Rule 419, and that the underwriters will not exercise their over-allotment option. None of the provisions of Rule 419 apply to our offering.

	<u>Terms of Our Offering</u>	<u>Terms Under a Rule 419 Offering</u>
<b>Escrow of offering proceeds</b>	\$101,000,000 of the net proceeds of this offering and the sale of the placement units will be deposited into a trust account in the United States at Morgan Stanley, N.A., with Continental Stock Transfer & Trust Company acting as trustee.	Approximately \$85,500,000 of the offering proceeds would be deposited into either an escrow account with an insured depository institution or in a separate bank account established by a broker-dealer in which the broker-dealer acts as trustee for persons having the beneficial interests in the account.
<b>Investment of net proceeds</b>	\$101,000,000 of the net offering proceeds and the sale of the placement units held in trust will be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations.	Proceeds could be invested only in specified securities such as a money market fund meeting conditions of the Investment Company Act or in securities that are direct obligations of, or obligations guaranteed as to principal or interest by, the United States.
<b>Receipt of interest on escrowed funds</b>	Interest on proceeds from the trust account to be paid to stockholders is reduced by (i) any taxes paid or payable, and (ii) in the event of our liquidation for failure to complete our initial business combination within the allotted time, up to \$100,000 of net interest that may be released to us should we have no or insufficient working capital to fund the costs and expenses of our dissolution and liquidation.	Interest on funds in escrow account would be held for the sole benefit of investors, unless and only after the funds held in escrow were released to us in connection with our completion of a business combination.
<b>Limitation on fair value or net assets of target business</b>	NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of the agreement to enter into the initial business combination. If our securities are not listed on NASDAQ after this offering, we would not be required to satisfy the 80% requirement. However, we intend to satisfy the 80% requirement even if our securities are not listed on NASDAQ at the time of our initial business combination.	The fair value or net assets of a target business must represent at least 80% of the maximum offering proceeds.

**Terms of Our Offering**

**Terms Under a Rule 419 Offering**

**Trading of securities issued**

We expect the units will begin trading on or promptly after the date of this prospectus. The common stock and warrants comprising the units will begin separate trading on the 52<sup>nd</sup> day following the date of this prospectus unless Ladenburg informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. We will file the Current Report on Form 8-K promptly after the closing of this offering. If the over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, an additional Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the over-allotment option.

No trading of the units or the underlying common stock and warrants would be permitted until the completion of a business combination. During this period, the securities would be held in the escrow or trust account.

**Exercise of the warrants**

The warrants cannot be exercised until the later of 30 days after the completion of our initial business combination or 12 months from the closing of this offering.

The warrants could be exercised prior to the completion of a business combination, but securities received and cash paid in connection with the exercise would be deposited in the escrow or trust account.

**Election to remain an investor**

**Terms of Our Offering**

We will provide our public stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, upon the completion of our initial business combination, subject to the limitations described herein. We may not be required by law to hold a stockholder vote. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. If we are not required by law and do not otherwise decide to hold a stockholder vote, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC and file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. If, however, we hold a stockholder vote, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination. Additionally, each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting.

**Terms Under a Rule 419 Offering**

A prospectus containing information pertaining to the business combination required by the SEC would be sent to each investor. Each investor would be given the opportunity to notify the company in writing, within a period of no less than 20 business days and no more than 45 business days from the effective date of a post-effective amendment to the company's registration statement, to decide if it elects to remain a stockholder of the company or require the return of its investment. If the company has not received the notification by the end of the 45<sup>th</sup> business day, funds and interest or dividends, if any, held in the trust or escrow account are automatically returned to the stockholder. Unless a sufficient number of investors elect to remain investors, all funds on deposit in the escrow account must be returned to all of the investors and none of the securities are issued.

**Business combination  
deadline**

**Terms of Our Offering**

If we are unable to complete an initial business combination within 15 months (or up to 21 months) from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

**Limitation on redemption  
rights of stockholders  
holding more than 15% of  
the shares sold in this  
offering if we hold a  
stockholder vote**

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder (including our affiliates), together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to Excess Shares (more than an aggregate of 15% of the shares sold in this offering). Our public stockholders' inability to redeem Excess Shares will reduce their influence over our ability to complete our initial business combination and they could suffer a material loss on their investment in us if they sell any Excess Shares in open market transactions.

**Terms Under a Rule 419 Offering**

If a business combination has not been completed within 18 months after the effective date of the company's registration statement, funds held in the trust or escrow account are returned to investors.

Many blank check companies provide no restrictions on the ability of stockholders to redeem shares based on the number of shares held by such stockholders in connection with an initial business combination.

**Tendering stock certificates  
in connection with  
redemption rights**

**Terms of Our Offering**

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent up to two business days prior to the vote on the proposal to approve the initial business combination, or to deliver their shares to the transfer agent electronically using The Depository Trust Company’s DWAC System, at the holder’s option. The proxy materials that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements. Accordingly, a public stockholder would have up to two days prior to the vote on the initial business combination to tender its shares if it wishes to seek to exercise its redemption rights.

**Terms Under a Rule 419 Offering**

In order to perfect redemption rights in connection with their business combinations, holders could vote against a proposed initial business combination and check a box on the proxy card indicating such holders were seeking to exercise their redemption rights. After the business combination was approved, the company would contact such stockholders to arrange for them to deliver their certificate to verify ownership.

**Release of funds****Terms of Our Offering**

Except with respect to interest earned on the funds held in the trust account that may be released to us to pay our tax obligations or dissolution expenses, the proceeds from this offering and the sale of the placement units held in the trust account will not be released from the trust account until the earliest to occur of: (i) the completion of our initial business combination, (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-business combination activity and (iii) the redemption of 100% of our public shares if we are unable to complete an initial business combination within the required time frame (subject to the requirements of applicable law). On the completion of our initial business combination, all amounts held in the trust account will be released to us, less amounts released to a separate account controlled by the trustee for disbursement to redeeming stockholders. We will use these funds to pay amounts due to any public stockholders who exercise their redemption rights as described above under "Redemption rights for public stockholders upon completion of our initial business combination," to pay all or a portion of the consideration payable to the target or owners of the target of our initial business combination and to pay other expenses associated with our initial business combination.

**Terms Under a Rule 419 Offering**

The proceeds held in the escrow account are not released until the earlier of the completion of a business combination or the failure to effect a business combination within the allotted time.

## **Competition**

In identifying, evaluating and selecting a target business for our initial business combination, we may encounter intense competition from other entities having a business objective similar to ours, including other blank check companies, private equity groups and leveraged buyout funds, and operating businesses seeking strategic business combinations. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Moreover, many of these competitors possess greater financial, technical, human and other resources than we do. Our ability to acquire larger target businesses will be limited by our available financial resources. This inherent limitation gives others an advantage in pursuing the initial business combination of a target business. Furthermore, our obligation to pay cash in connection with our public stockholders who exercise their redemption rights may reduce the resources available to us for our initial business combination and our outstanding warrants, and the future dilution they potentially represent, may not be viewed favorably by certain target businesses. Either of these factors may place us at a competitive disadvantage in successfully negotiating an initial business combination.

## **Facilities**

Our executive offices are located at 300 W. 41st Street, Suite 202, Miami Beach, Florida 33140 and our telephone number is (305) 204-3338. Our executive offices are provided to us by an affiliate of our sponsor. Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. We consider our current office space adequate for our current operations.

## **Employees**

We currently have one officer. This individual is not obligated to devote any specific number of hours to our matters but he intends to devote as much of his time as he deems necessary, in the exercise of his business judgement, to our affairs until we have completed our initial business combination. The amount of time he will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the stage of the initial business combination process we are in. We do not intend to have any full time employees prior to the completion of our initial business combination. We do not have an employment agreement with any member of our management team.

## **Periodic Reporting and Financial Information**

We will register our units, common stock and warrants under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual reports will contain financial statements audited and reported on by our independent registered public accountants.

We will provide stockholders with audited financial statements of the prospective target business as part of the tender offer materials or proxy solicitation materials sent to stockholders to assist them in assessing the target business. In all likelihood, these financial statements will need to be prepared in accordance with, or reconciled to, GAAP, or IFRS, depending on the circumstances, and the historical financial statements may be required to be audited in accordance with the standards of the PCAOB. These financial statement requirements may limit the pool of potential targets we may conduct an initial business combination with because some targets may be unable to provide such statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame. We cannot assure you that any particular target business identified by us as a potential business combination candidate will have financial statements prepared in accordance with GAAP or that the potential target business will be able to prepare its financial statements in accordance with the requirements outlined above. To the extent that these requirements cannot be met, we may not be able to acquire the proposed target business. While this may limit the pool of potential business combination candidates, we do not believe that this limitation will be material.

We will be required to evaluate our internal control procedures for the fiscal year ending December 31, 2022 as required by the Sarbanes-Oxley Act. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to have our internal control procedures audited. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls.

The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such business combination. Prior to the date of this prospectus, we will file a Registration Statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our shares of common stock that are held by non-affiliates exceeds \$700 million as of the prior June 30<sup>th</sup>, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

### **Legal Proceedings**

There is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team in their capacity as such.

## MANAGEMENT

### Officers, Directors and Director Nominees

Our officers, directors and director nominees are as follows:

Name	Age	Position
Samuel J. Reich	45	Chief Executive Officer, Chief Financial Officer and Director
Jeffrey G. Spragens	79	Non-Executive Chairman of the Board
James Martin	54	Director
Ilan Katz	48	Director
Stephen D. Collins, MD, PhD.	68	Director

**Samuel J. Reich** has served as our Chief Executive Officer, Chief Financial Officer and member on our Board of Directors since November 2020. Mr. Reich co-founded Biscayne Neurotherapeutics, Inc. in 2011 and served as its Executive Chairman until its sale to Supernus Pharmaceuticals (Nasdaq: SUPN) in October 2018. Biscayne Neurotherapeutics was focused on novel treatments for seizure disorders. Previously, Mr. Reich was the Executive Vice President of OPKO Ophthalmologics, a division of OPKO Health, Inc. (Nasdaq: OPK) from March 2007 to November 2008, where Mr. Reich served on the executive committee and lead the Ophthalmologics business division. Prior to his position at OPKO, Mr. Reich was the Founder and Executive Vice President of Acuity Pharmaceuticals, Inc., where he worked from July 2002 through March 2007, at which time Acuity Pharmaceuticals merged with OPKO Health. Mr. Reich was a doctoral candidate in the Department of Ophthalmology at the University of Pennsylvania Medical School. He left graduate school prior to the completion of his Ph.D. in order to establish Acuity. Prior to that, he was a graduate student at the University of Pennsylvania in the Biomedical Studies graduate program. He has authored six peer-reviewed scientific publications, and is currently an inventor on sixteen issued U.S. patents and over 50 issued foreign patents. Mr. Reich holds a B.A. with High Honors in Biochemistry from Clark University, cum laude, Phi Beta Kappa.

**Mr. Jeffrey G. Spragens** has served as our Non-Executive Chairman of the Board of Directors since November 2020. From 2005 through 2013, Mr. Spragens was a Co-Founder and the CEO of SafeStitch Medical, Inc., a medical device company that pioneered incisionless surgery techniques that helps to relieve GERD and obesity. In 2013, SafeStitch merged with TransEnterix, Inc. (NYSE: TRXC). In addition, Mr. Spragens was one of the three founding board members of North American Vaccine, which became a publicly traded company in 1990. At North American Vaccine, Mr. Spragens was responsible for securing initial financing and building a commercial manufacturing facility. Mr. Spragens was instrumental in North American Vaccine's acquisition by Baxter International (NYSE: BAX) in 1999. Mr. Spragens has also been a successful real estate developer and entrepreneur. Mr. Spragens was President of FCH services from 1973 until 1986. FCH developed and managed units of coop and condo housing financed with HUD financing with offices in several major cities. In 1986, Mr. Spragens converted to condo ownership 1,000 apartment units in San Mateo, California, resulting in one of the largest residential project in California at that time. Mr. Spragens was Managing Partner of Gateway Associates, Inc. from 1990 to 2000. In addition, Mr. Spragens developed, owned and operated apartment units in New Jersey, Michigan and Kansas, and has successfully sold many of these units. Mr. Spragens developed, and continues to own and operate Inman Grove Shopping Center in Edison, New Jersey. Mr. Spragens is also a well-known and respected philanthropist. Mr. Spragens is a Founding Board Member and Treasurer of Foundation for Peace. Foundation for Peace provides healthcare, education, and clean water to those in need in Dominican Republic and Haiti. He is also a member of the Board of Directors and Finance Committee of Hernia Help, which provides free hernia surgery to underserved children and adults in developing countries. Mr. Spragens has a BA from the University of Cincinnati, a Law Degree from George Washington University and an MA from American University. Mr. Spragens is well qualified to serve on our board of directors because of his extensive public company management and multi-sector investment experience, and his public company board experience.

**Mr. James J. Martin** has served as a member on our Board of Directors since November 2020. Since February 2017, Mr. Martin has served as the Chief Financial Officer of Cocrystal Pharma, Inc. (Nasdaq: COCP), a clinical stage therapeutic development company. From 2014 to 2017, Mr. Martin served as Chief Financial Officer of Scivac Therapeutics, Inc., a vaccine development and manufacturing company based in Rehovot, Israel. During his tenure, Scivac merged with Levon Resources, listed on the Toronto Stock Exchange, successfully obtained a dual listing on Nasdaq and Toronto Stock Exchange, and merged with VBI Vaccines (Nasdaq:VBIV). Additionally, from 2016 to 2017, Mr. Martin served as Chief Financial Officer of Motus GI Holdings, Inc. (Nasdaq: MOTS) a medical device company based in Haifa, Israel. From 2011 to 2013, Mr. Martin served as Chief Financial Officer of SafeStitch, Inc. Prior to that, Mr. Martin served as Chief Financial Officer of Avborne Heavy Maintenance, Inc., a venture capital owned aviation company from 2006 to 2011. During his tenure, Mr. Martin was played an integral role in the sale of Avborne Heavy Maintenance to AAR Corp (NYSE: AIR) in 2008. Mr. Martin has an MBA from Barry University and is a veteran of the U.S. armed forces after serving five years in the United States Navy. Mr. Martin is well qualified to serve on our board of directors because of his accounting and financial modeling expertise, and his significant experience acting as principal financial officer for multiple public companies.

**Stephen D. Collins, MD, PhD.** has served as a member on our Board of Directors since November 2020. Dr. Collins has led or had senior leadership positions in multiple pharmaceutical and biotech companies in a wide range of therapeutic areas, resulting in over a dozen approved drugs and multiple company acquisitions totaling over \$1.5 billion. Since 2013, he is Executive Chairman of Xalud Therapeutics, an anti-inflammatory focused company in Phase 2 clinical studies of a novel biological platform. Prior to this, he was most recently the President and CEO of Biscayne Neurotherapeutics. Prior to his position at Biscayne Neurotherapeutics, Mr. Collins was the CEO and President of NeuroTherapeutics Pharma, an early stage biotechnology company focused on the advancement of novel therapeutics for the central nervous system (CNS). Prior to his position at NeuroTherapeutics, he was Chief Scientific Officer & VP for Clinical Affairs of Ovation Pharmaceuticals, an oncology and CNS-focused biopharmaceutical company acquired by Lundbeck A/S. Dr. Collins joined Ovation in 2003, and was responsible for establishing the company's R&D group. He was also responsible for establishing the safety and post-marketing research groups and led all scientific and medical in-licensing activities. Prior to joining Ovation, Dr. Collins served as a Global Director at Johnson & Johnson, overseeing early-stage development of a variety of agents and as a member of the global in-licensing advisory team. Prior to Johnson and Johnson, he worked in Abbott Laboratories' Pharmaceutical and Hospital Products Divisions where he developed drugs for multiple indications and supported their business development groups in the review and acquisition of several assets. Dr. Collins has served on the faculty of medicine at Case Western Reserve University and the University of California-San Francisco. He earned his MD and PhD at Case Western Reserve University after completing undergraduate studies in Physics at the University of California, Berkeley. Dr. Collins is well qualified to serve on our board of directors due to his decades of experience in senior leadership positions with pharmaceutical and biotech companies and as a leading physician.

**Mr. Ilan Katz** is a member on our Board of Directors. Mr. Katz is a corporate attorney with over 20 years of experience specializing in mergers and acquisitions, with a focus on representing life science and technology companies. Mr. Katz is currently a Partner at Dentons where he has been since 2015. At Dentons, Mr. Katz focuses on mergers and acquisitions, private equity, securities law compliance and venture transactions from startups to publicly traded companies. He has previously counsel at Latham & Watkins LLP and served as lead U.S. M&A counsel for Siemens Corporation from 2011 to 2014. After clerking for a Federal judge, Mr. Katz began his career as an attorney at Skadden, Arps, Slate, Meagher & Flom LLP, and he also worked at Frank, Harris, Shriver & Jacobson LLP and Pepper Hamilton, LLP. In addition, Mr. Katz has demonstrated success as an entrepreneur. He co-founded Acuity Pharmaceuticals and served as its outside counsel, including representing Acuity in the reverse merger transaction which resulted in the creation and funding of OPKO Health. Mr. Katz has represented acquirers and target companies in many public and private merger and acquisitions. Mr. Katz has a J.D. from the University of Pennsylvania Law School, cum laude and Order Of The Coif. While at the University of Pennsylvania Law School, Mr. Katz was an Editor of the Law Review. Mr. Katz has a B.A. in economics from Brandeis University where he was magna cum laude. Mr. Katz is well qualified to serve on our board of directors due to his significant experience advising innovative public and private life science and technology companies in connection with hundreds of M&A transactions, as well as his experience counseling public companies in connection with securities and stock exchange matters and public company governance.

## **Number and Terms of Office of Officers and Directors**

We have five directors. Upon completion of this offering, our board of directors will be divided into two classes with only one class of directors being elected in each year and each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a two-year term. In accordance with NASDAQ corporate governance requirements, we are not required to hold an annual meeting until one year after our first fiscal year end following our listing on NASDAQ. The term of office of the first class of directors, consisting of James R. Martin and Dr. Stephen D. Collins, will expire at our first annual meeting of stockholders. The term of office of the second class of directors, consisting of Samuel J. Reich, Jeffrey G. Spragens and Ilan Katz, will expire at the second annual meeting of stockholders.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our bylaws as it deems appropriate. Our bylaws provide that our officers may consist of a Chairman of the Board, a Chief Executive Officer, Chief Financial Officer, President, Vice Presidents, Secretary, Treasurer, Assistant Secretaries and such other offices as may be determined by the board of directors.

## **Director Independence**

NASDAQ listing standards require that a majority of our board of directors be independent. An “independent director” is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company’s board of directors, would interfere with the director’s exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined Mr. Spragens, Mr. Martin and Dr. Collins are “independent directors” as defined in the NASDAQ listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

## **Officer and Director Compensation**

None of our officers has received any cash compensation for services rendered to us. Commencing on the date of this prospectus, we have agreed to pay an affiliate of our sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees. Other than as set forth elsewhere in this prospectus, no compensation of any kind, including any finder’s fee, reimbursement, consulting fee or monies in respect of any payment of a loan, will be paid by us to our sponsor, officers, directors or any affiliate of our sponsor, officers or directors, prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is) except that we may pay our sponsor or its affiliates, partners or employees, a fee for financial advisory services rendered in connection with our identification, negotiation and consummation of our initial business combination; the amount of any fee we pay to our sponsor or its affiliates, partners or employees, will be based upon the prevailing market for similar services for such transactions at such time, and will be subject to the review of our audit committee pursuant to the audit committee’s policies and procedures relating to transactions that may present conflicts of interest. Our officers and directors will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors, advisors or our or their affiliates. Any such payments prior to an initial business combination will be made using funds held outside the trust account. Other than quarterly audit committee review of such payments, we do not expect to have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with identifying and consummating an initial business combination.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting or management fees from the combined company. All of these fees will be fully disclosed to stockholders, to the extent then known, in the tender offer materials or proxy solicitation materials furnished to our stockholders in connection with a proposed initial business combination. We have not established any limit on the amount of such fees that may be paid by the combined company to our directors or members of management. It is unlikely the amount of such compensation will be known at the time of the proposed initial business combination, because the directors of the post-combination business will be responsible for determining officer and director compensation. Any compensation to be paid to our officers will be determined, or recommended to the board of directors for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on our board of directors.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our officers and directors may negotiate employment or consulting arrangements to remain with us after our initial business combination. The existence or terms of any such employment or consulting arrangements to retain their positions with us may influence our management's motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the consummation of our initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our officers and directors that provide for benefits upon termination of employment.

### **Committees of the Board of Directors**

Our board of directors has three standing committees: an audit committee, a nominating and corporate governance committee ("nominating committee") and a compensation committee. Subject to phase-in rules and a limited exception, NASDAQ rules and Rule 10A-3 of the Exchange Act require that the audit committee of a listed company be comprised solely of independent directors, and NASDAQ rules require that the compensation committee and nominating committee of a listed company be comprised solely of independent directors. Each of our committees is comprised entirely of independent directors.

### **Audit Committee**

On December 7, 2020, we established an audit committee of the board of directors. Mr. Spragens and Dr. Collins serve as members of our audit committee and Mr. Martin serves as chair of our audit committee. Under the NASDAQ listing standards and applicable SEC rules, we are required to have at least three members of the audit committee, all of whom must be independent. Each of Mr. Spragens, Mr. Martin and Dr. Collins meet the independent director standard under NASDAQ listing standards and under Rule 10-A-3(b)(1) of the Exchange Act.

Each member of the audit committee is financially literate and our board of directors has determined Mr. Martin qualifies as an "audit committee financial expert" as defined in applicable SEC rules.

We adopted an audit committee charter on December 7, 2020, which details the principal functions of the audit committee, including:

- the appointment, compensation, retention, replacement, and oversight of the work of the independent registered public accounting firm engaged by us;
- pre-approving all audit and permitted non-audit services to be provided by the independent registered public accounting firm engaged by us, and establishing pre-approval policies and procedures;

- setting clear hiring policies for employees or former employees of the independent registered public accounting firm, including but not limited to, as required by applicable laws and regulations;
- setting clear policies for audit partner rotation in compliance with applicable laws and regulations;
- obtaining and reviewing a report, at least annually, from the independent registered public accounting firm describing (i) the independent registered public accounting firm's internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues and (iii) all relationships between the independent registered public accounting firm and us to assess the independent registered public accounting firm's independence;
- reviewing and approving any related party transaction required to be disclosed pursuant to Item 404 of Regulation S-K promulgated by the SEC prior to us entering into such transaction; and
- reviewing with management, the independent registered public accounting firm, and our legal advisors, as appropriate, any legal, regulatory or compliance matters, including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding our financial statements or accounting policies and any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities.

### ***Compensation Committee***

On December 7, 2020, we established a compensation committee of the board of directors. Mr. Spragens and Mr. Martin serve as members of our compensation committee and Dr. Collins serves as chair of the compensation committee. Under the NASDAQ listing standards and applicable SEC rules, we are required to have at least two members of the compensation committee, all of whom must be independent. Each of Mr. Spragens, Mr. Martin and Dr. Collins are independent.

We adopted a compensation committee charter on December 7, 2020, which details the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, if any is paid by us, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;
- reviewing and approving on an annual basis the compensation, if any is paid by us, of all of our other officers;
- reviewing on an annual basis our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our officers and employees;
- if required, producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

Notwithstanding the foregoing, other than as indicated in this prospectus, no compensation of any kind, including finders, consulting or other similar fees, will be paid to any of our existing stockholders, officers, directors or any of their respective affiliates, prior to, or for any services they render in order to effectuate the consummation of an initial business combination. Accordingly, it is likely that prior to the consummation of an initial business combination, the compensation committee will only be responsible for the review and recommendation of any compensation arrangements to be entered into in connection with such initial business combination.

The charter also provides that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by NASDAQ and the SEC.

### ***Nominating Committee***

On December 7, 2020, we established a nominating committee of the board of directors. Mr. Martin and Dr. Collins serve as members of our nominating committee and Mr. Spragens chairs the nominating committee. Under the NASDAQ listing standards and applicable SEC rules, we are required to have at least two members of the nominating committee, all of whom must be independent. Each of Mr. Spragens, Mr. Martin and Dr. Collins are independent.

We adopted a nominating committee charter on December 7, 2020, which details the purpose and responsibilities of the nominating committee, including:

- screening and reviewing individuals qualified to serve as directors, consistent with criteria approved by the board, and recommending to the board of directors candidates for nomination for election at the annual meeting of stockholders or to fill vacancies on the board of directors;
- developing and recommending to the board of directors and overseeing implementation of our corporate governance guidelines; and
- reviewing on a regular basis our overall corporate governance and recommending improvements as and when necessary.

The nominating committee will consider a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person's candidacy for membership on the board of directors. The nominating committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time and will also consider the overall experience and makeup of its members to obtain a broad and diverse mix of board members. The nominating committee does not distinguish among nominees recommended by stockholders and other persons.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders.

### **Director Nominations**

The process of recommending director nominees for selection by the board of directors is undertaken by the nominating committee (see above).

The board of directors will also consider director candidates recommended for nomination by our stockholders during such times as they are seeking proposed nominees to stand for election at the next annual meeting of stockholders (or, if applicable, a special meeting of stockholders). Our stockholders that wish to nominate a director for election to our board of directors should follow the procedures set forth in our bylaws.

### **Code of Ethics**

We adopted a Code of Ethics applicable to our directors, officers and employees on December 7, 2020. A copy of our Code of Ethics and copies of our audit, nominating and compensation committee charters are attached as exhibits to the registration statement of which this prospectus is a part. You will be able to review these documents by accessing our public filings at the SEC's web site at [www.sec.gov](http://www.sec.gov). In addition, a copy of the Code of Ethics will be provided without charge upon request from us. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K. See the section of this prospectus entitled "Where You Can Find Additional Information."

## Conflicts of Interest

Subject to pre-existing fiduciary or contractual duties as described below, our officers and directors have agreed to present any business opportunities presented to them in their capacity as a director or officer of our company to us. Certain of our officers and directors presently have fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. We believe, however, that the fiduciary duties or contractual obligations of our officers or directors will not materially affect our ability to complete our initial business combination. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

Members of our management team may become an officer or director of another special purpose acquisition company with a class of securities registered under the Exchange Act even before we enter into a definitive agreement for an initial business combination.

Potential investors should also be aware of the following other potential conflicts of interest:

- None of our officers or directors is required to commit his or her full time to our affairs and, accordingly, may have conflicts of interest in allocating his or her time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to us as well as the other entities with which they are affiliated. Our management may have conflicts of interest in determining to which entity a particular business opportunity should be presented.
- Our initial stockholders have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and placement shares and (except for Ladenburg) any public shares held by them in connection with the consummation of our initial business combination. Additionally, our initial stockholders have agreed to waive their redemption rights with respect to any founder shares, or representative shares and placement shares held by them if we fail to consummate our initial business combination within 15 months (or up to 21 months) after the closing of this offering. If we do not complete our initial business combination within such applicable time period, the proceeds of the sale of the placement units held in the trust account will be used to fund the redemption of our public shares, and the placement securities will expire worthless. With certain limited exceptions, our sponsor has agreed not to transfer, assign or sell 50% of their founder shares until the earlier of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which the closing price of our shares of common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after our initial business combination, and the remaining 50% of the founder shares may not be transferred, assigned or sold until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. With certain limited exceptions, the placement shares and placement warrants and the common stock underlying such warrants and the representative shares held by Ladenburg and its employees will not be transferable, assignable or saleable by our sponsor or its permitted transferees or Ladenburg or its employees and permitted transferees until 30 days after the completion of our initial business combination. Since our sponsor and officers and directors may directly or indirectly own common stock and warrants following this offering, our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination.

- Our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to our initial business combination.
- Our sponsor, officers or directors may have a conflict of interest with respect to evaluating a business combination and financing arrangements as we may obtain loans from our sponsor or an affiliate of our sponsor or any of our officers or directors to finance transaction costs in connection with an intended initial business combination. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units.

The conflicts described above may not be resolved in our favor.

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation's line of business; and
- it would not be fair to our company and its stockholders for the opportunity not to be brought to the attention of the corporation.

Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above-listed criteria to multiple entities. Furthermore, our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

Below is a table summarizing the entities to which our executive officers, directors and director nominees currently have fiduciary duties or contractual obligations:

<b>Individual<sup>(1)</sup></b>	<b>Entity</b>	<b>Entity's Business</b>	<b>Affiliation</b>
James J. Martin	Cocrystal Pharma, Inc.	Life Sciences	Chief Financial Officer
Stephen D. Collins	Xalud Therapeutics	Life Sciences	Executive Chairman

(1) Each person has a fiduciary duty with respect to the listed entities next to their respective names.

Accordingly, if any of the above executive officers, directors or director nominees becomes aware of a business combination opportunity which is suitable for any of the above entities to which he or she has current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and only present it to us if such entity rejects the opportunity. Our officers, directors and director nominees have agreed not to participate in the formation of, or become an officer or director of, any other special purpose acquisition company that has publicly filed a registration statement with the SEC until we have entered into a definitive agreement regarding our initial business combination or we have liquidated the trust account.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. However, we do not intend to contact any such prospective target businesses subsequent to the closing of this offering unless we become aware that such targets are interested in a potential initial business combination with us and such transaction would be attractive to our stockholders. In the event we seek to complete our initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions, that such an initial business combination is fair to our company from a financial point of view.

In the event that we submit our initial business combination to our public stockholders for a vote, pursuant to the letter agreement, our sponsor, officers and directors have agreed to vote any founder shares held by them and (excluding Ladenburg) any public shares purchased during or after the offering (including in open market and privately negotiated transactions) in favor of our initial business combination. Ladenburg is under no such obligation with respect to any public shares it may purchase.

#### **Limitation on Liability and Indemnification of Officers and Directors**

Our amended and restated certificate of incorporation will provide that our officers and directors will be indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, our amended and restated certificate of incorporation will provide that our directors will not be personally liable for monetary damages to us or our stockholders for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

We will enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our bylaws also will permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification. We will purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the directors' and officers' liability insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

## PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our common stock as of the date of this prospectus, and as adjusted to reflect the sale of our common stock included in the units offered by this prospectus, and assuming no purchase of units in this offering, by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding shares of common stock;
- each of our executive officers, directors and director nominees that beneficially owns shares of our common stock; and
- all our executive officers, directors and director nominees as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them.

The following table presents the number of shares and percentage of our common stock beneficially owned as of the filing date, before and after this offering, by each person, or group of persons, known to us who beneficially owns more than 5% of our capital stock, each named executive officer, each of our directors and all directors and executive officers as a group. The post-offering numbers and percentages presented assume that the underwriters do not exercise their over-allotment option, that our sponsor forfeits 343,125 founder shares, that Ladenburg and its employees forfeits 31,875 representative shares on a pro rata basis, and that there are 12,882,250 shares of our common stock issued and outstanding after this offering.

Name and Address of Beneficial Owner <sup>(1)</sup>	Before Offering		After Offering	
	Number of Shares Beneficially Owned <sup>(2)</sup>	Approximate Percentage of Outstanding Common Stock	Number of Shares Beneficially Owned <sup>(2)</sup>	Approximate Percentage of Outstanding Common Stock
Big Cypress Holdings LLC <sup>(3)</sup>	2,630,625	91.5%	2,669,750	20.72%
Samuel J. Reich <sup>(3)</sup>	2,630,625	91.5%	2,669,750	20.72%
Jeffrey G. Spragens <sup>(4)</sup>	—	—	—	—
James Martin <sup>(4)</sup>	—	—	—	—
Ilan Katz <sup>(3)</sup>	2,630,625	91.5%	2,669,750	20.72%
Stephen D. Collins, MD, PhD. <sup>(4)</sup>	—	—	—	—
All executive officers and directors as a group (5 individuals)	2,630,625	91.5%	2,669,750	20.72%

- Less than 1%

(1) The business address of each of these entities and individuals is at 300 W. 41st Street, Suite 202, Miami Beach, Florida 33140.

(2) Interests shown consist solely of founder shares as well as placement shares after this offering.

(3) Big Cypress Holdings LLC, our sponsor, is the record holder of the shares reported herein. Each of Messrs. Reich and Katz is a managing member of our sponsor. Consequently, each may be deemed the beneficial owner of the shares held by our sponsor and have voting and dispositive control over such securities. Each disclaims beneficial ownership of any shares other than to the extent he may have a pecuniary interest therein, directly or indirectly.

(4) Big Cypress Holdings LLC, our sponsor, is the record holder of the shares reported herein. Each of Messrs. Spragens and Martin and Dr. Collins is a non-managing member of our sponsor. Consequently, they are not deemed the beneficial owner of the shares held by our sponsor as they do not have voting or dispositive control over such securities. Each disclaims beneficial ownership of any shares other than to the extent he may have a pecuniary interest therein, directly or indirectly.

After giving effect to the issuance of founder shares and private placement of the placement units, our sponsor will own approximately 2,669,750 of the outstanding common stock following the offering (assuming that holders of founder shares and purchasers of the placement units do not purchase any public shares in the offering or the public market). Because of this ownership block, our initial stockholders and the holders of placement shares will have significant influence over the outcome of all matters requiring approval by our stockholders, including the election of directors, amendments to our amended and restated certificate of incorporation and approval of significant corporate transactions other than approval of our initial business combination.

Neither our sponsor nor any of our officers or directors have expressed an intention to purchase any units in this offering. If we increase or decrease the size of the offering, we will effect a stock dividend or a share contribution back to capital, or other appropriate mechanism, as applicable, with respect to our founder shares and representative shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor and Ladenburg and its employees at 20% of the issued and outstanding shares of our common stock (excluding the placement units and the shares of common stock and warrants underlying the placement units) upon the consummation of this offering. Because of this ownership block, our initial stockholders may be able to effectively influence the outcome of all matters requiring approval by our stockholders, including the election of directors, amendments to our amended and restated certificate of incorporation and approval of significant corporate transactions, including approval of our initial business combination.

The holders of the founder shares and placement shares have agreed (A) to vote any shares owned by them in favor of any proposed initial business combination and (B) not to redeem any shares in connection with a stockholder vote to approve a proposed initial business combination.

Our sponsor, executive officers, and directors, are deemed to be our “promoters” as such term is defined under the federal securities laws.

## **Restrictions on Transfers of Founder Shares, Representative Shares and Placement Units**

The founder shares, representative shares and placement units, and securities contained therein, are each subject to transfer restrictions pursuant to lock-up provisions in a letter agreement with us to be entered into by our sponsor, officers and directors. Those lock-up provisions provide that such securities are not transferable or salable (i) in the case of the founder shares, with respect to 50% of the founder shares until the earlier of (A) six months after the date of the consummation of our initial business combination or (B) the date on which the closing price of our shares of common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after our initial business combination, and the remaining 50% of the founder shares may not be transferred, assigned or sold until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property, and (ii) in the case of the placement units, including the component securities therein, and the representative shares held by Ladenburg and its employees, until 30 days after the completion of our initial business combination, except in each case (a) to our officers or directors, any affiliates or family members of any of our officers or directors, any members of our sponsor, or any affiliates of our sponsor, or such parties related to Ladenburg, (b) in the case of an individual, by gift to a member of one of the members of the individual's immediate family or to a trust, the beneficiary of which is a member of one of the individual's immediate family, an affiliate of such person or to a charitable organization; (c) in the case of an individual, by virtue of laws of descent and distribution upon death of any of our officers, our directors, the initial stockholders, or members of our sponsor, or such parties related to Ladenburg; (d) in the case of an individual, pursuant to a qualified domestic relations order; (e) by private sales or transfers made in connection with the consummation of an initial business combination at prices no greater than the price at which the shares or warrants were originally purchased; (f) in the event of our liquidation prior to the completion of our initial business combination; (g) by virtue of the laws of Delaware or our sponsor's limited liability company agreement or Ladenburg's charter documents upon dissolution of our sponsor or Ladenburg; or (h) in the event of our liquidation, merger, capital stock exchange, reorganization or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property subsequent to our completion of our initial business combination; provided, however, that in the case of clauses (a) through (e) or (g) these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions and the other restrictions contained in the letter agreements and by the same agreements entered into by our sponsor with respect to such securities (including provisions relating to voting, the trust account and liquidation distributions described elsewhere in this prospectus).

## **Registration Rights**

The holders of the founder shares, representative shares, placement units, and units that may be issued upon conversion of working capital loans (and in each case holders of their component securities, as applicable) will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These holders will be entitled to make up to three demands, excluding short form registration demands, that we register such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by us. Notwithstanding the foregoing, Ladenburg and its employees may not exercise its demand and "piggyback" registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise its demand rights on more than one occasion. We will bear the expenses incurred in connection with the filing of any such registration statements.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share. On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. The number of founder shares and representative shares issued was determined based on the expectation that such founder shares and representative shares held by our sponsor and Ladenburg and its employees would represent 20% of the outstanding shares after this offering (excluding the placement units and the shares of common stock and warrants underlying the placement units). The founder shares and representative shares will be worthless if we do not complete an initial business combination. If we increase or decrease the size of the offering we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our founder shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor at 20% of the issued and outstanding shares of our common stock (excluding the placement units and the shares of common stock and warrants underlying the placement units) upon the consummation of this offering.

On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part).

Up to 343,125 founder shares are subject to forfeiture by our sponsor forfeiture and 31,875 representative shares held by Ladenburg and its employees, depending on the extent to which the underwriters' over-allotment option is exercised. The founder shares and representative shares may not, subject to certain limited exceptions, be transferred, assigned or sold by the holder.

Our sponsor has agreed to purchase an aggregate of 382,250 placement units (or 417,200 placement units if the over-allotment option is exercised in full) at a price of \$10.00 per unit, for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). There will be no redemption rights or liquidating distributions from the trust account with respect to the founder shares, placement shares or placement warrants, which will expire worthless if we do not consummate a business combination within the allotted 15 month (or up to 21 months) period.

We have engaged Dentons US LLP in connection with legal matters relating to this offering and other corporate matters and intend to engage Dentons for general matters after this offering. Mr. Katz, one of our directors, is a partner at Dentons US LLP.

Commencing on the date of this prospectus, we have agreed to pay, an affiliate of members of our sponsor, a total of \$10,000 per month for office space, utilities and secretarial and administrative support. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Other than the foregoing, no compensation of any kind, including any finder's fee, reimbursement, consulting fee or monies in respect of any payment of a loan, will be paid by us to our sponsor, officers, directors or any affiliate of our sponsor, officers, directors prior to, or in connection with any services rendered in order to effectuate, the consummation of an initial business combination (regardless of the type of transaction that it is). However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors, advisors or our or their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$250,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of March 31, 2021 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the estimated \$642,500 of offering proceeds that has been allocated to the payment of offering expenses (other than underwriting commissions). The value of our sponsor's interest in this transaction corresponds to the principal amount outstanding under any such loan.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to our stockholders, to the extent then known, in the tender offer or proxy solicitation materials, as applicable, furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of distribution of such tender offer materials or at the time of a stockholder meeting held to consider our initial business combination, as applicable, as it will be up to the directors of the post-combination business to determine executive and director compensation.

The holders of the founder shares, representative shares, placement units, and units that may be issued upon conversion of working capital loans (and in each case holders of their component securities, as applicable) will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These holders will be entitled to make up to three demands, excluding short form registration demands, that we register such securities for sale under the Securities Act. In addition, these holders will have “piggy-back” registration rights to include their securities in other registration statements filed by us. Notwithstanding the foregoing, Ladenburg and its employees may not exercise its demand and “piggyback” registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise its demand rights on more than one occasion. We will bear the expenses incurred in connection with the filing of any such registration statements.

We will enter into indemnification agreements with each of our officers and directors a form of which is to be filed as an exhibit to this Registration Statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

## Related Party Policy

We have not yet adopted a formal policy for the review, approval or ratification of related party transactions. Accordingly, the transactions discussed above were not reviewed, approved or ratified in accordance with any such policy.

Prior to the consummation of this offering, we will adopt a code of ethics requiring us to avoid, wherever possible, all conflicts of interests, except under guidelines or resolutions approved by our board of directors (or the appropriate committee of our board) or as disclosed in our public filings with the SEC. Under our code of ethics, conflict of interest situations will include any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) involving the company. A form of the code of ethics that we plan to adopt prior to the consummation of this offering is filed as an exhibit to the registration statement of which this prospectus is a part.

In addition, our audit committee, pursuant to a written charter that we will adopt prior to the consummation of this offering, will be responsible for reviewing and approving related party transactions to the extent that we enter into such transactions. An affirmative vote of a majority of the members of the audit committee present at a meeting at which a quorum is present will be required in order to approve a related party transaction. A majority of the members of the entire audit committee will constitute a quorum. Without a meeting, the unanimous written consent of all of the members of the audit committee will be required to approve a related party transaction. A form of the audit committee charter that we plan to adopt prior to the consummation of this offering is filed as an exhibit to the registration statement of which this prospectus is a part. We also require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate an initial business combination with an entity that is affiliated with any of our sponsor, officers or directors unless we, or a committee of independent directors, have obtained an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that our initial business combination is fair to our company from a financial point of view. Furthermore, no finder's fees, reimbursements, consulting fee, monies in respect of any payment of a loan or other compensation will be paid by us to our sponsor, officers, directors or any affiliate of our sponsor, officers, directors prior to, for services rendered to us prior to, or in connection with any services rendered in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). However, the following payments will be made to our sponsor, officers, directors or our or their affiliates, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination:

- Repayment of up to an aggregate of \$250,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- Payment to our sponsor of \$10,000 per month, for up to 15 months (or up to 21 months), for office space, utilities and secretarial and administrative support;
- Reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and
- Repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units.
- We have engaged Dentons US LLP in connection with legal matters relating to this offering and other corporate matters and intend to engage Dentons for general matters after this offering. We will pay Dentons US LLP fees in connection with these matters up to \$227,500 upon the closing of this offering. Mr. Katz, one of our directors, is a partner at Dentons US LLP.

Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors, advisors or our or their affiliates.

## DESCRIPTION OF SECURITIES

Pursuant to our amended and restated certificate of incorporation, our authorized capital stock consists of 50,000,000 shares of common stock, \$0.0001 par value and 1,000,000 shares of undesignated preferred stock, \$0.0001 par value. The following description summarizes the material terms of our capital stock. Because it is only a summary, it may not contain all the information that is important to you.

### Units

Each unit has an offering price of \$10.00 and consists of one share of common stock and one half of one redeemable warrant. Only whole warrants are exercisable. Each whole warrant entitles the holder to purchase one share of common stock. Pursuant to the warrant agreement, a warrant holder may exercise his, her or its warrants only for a whole number of shares of common stock. This means that only a whole warrant may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant.

We expect the common stock and warrants comprising the units will begin separate trading on the 52nd day following the closing of this offering unless Ladenburg informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of common stock and warrants.

In no event will the common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our receipt of the gross proceeds at the closing of this offering. We will file a Current Report on Form 8-K which includes this audited balance sheet upon the completion of this offering. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

### Common Stock

Upon the closing of this offering, 12,882,250 shares of our common stock will be outstanding (assuming no exercise of the underwriters' over-allotment option and the corresponding forfeiture of 343,125 founder shares by our sponsor and 31,875 representative shares held by Ladenburg and its employees, consisting of:

- 10,000,000 shares of our common stock underlying the units being offered in this offering;
- 382,250 shares of our common stock underlying the placement units;
- 2,287,500 founder shares held by our sponsor; and
- 212,500 representative shares held by Ladenburg and certain of its employees

Our sponsor has agreed to purchase an aggregate of 382,250 placement units at a price of \$10.00 per unit (417,200 placement units if the over-allotment option is exercised in full), for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). Holders of founder and representative shares will hold an aggregate of approximately 20% of the issued and outstanding common stock following the offering and the expiration of the underwriters' over-allotment option (excluding the placement units and the shares of common stock and warrants underlying the placement units and assuming that holders of founder shares and representative shares do not purchase any public shares in the offering or the public market). If we increase or decrease the size of the offering we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our founder shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor and Ladenburg and its employees at 20% of the issued and outstanding shares of our common stock (excluding the placement units and underlying securities) upon the consummation of this offering.

On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part).

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. Holders of common stock will vote together as a single class on all matters submitted to a vote of our stockholders, except as required by law. Unless specified in our amended and restated certificate of incorporation or bylaws, or as required by applicable provisions of the DGCL or applicable stock exchange rules, the affirmative vote of a majority of our shares of common stock that are voted is required to approve any such matter voted on by our stockholders. Our board of directors will be divided into two classes, each of which will generally serve for a term of two years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors. Our stockholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Because our amended and restated certificate of incorporation authorizes the issuance of up to 50,000,000 shares of common stock, if we were to enter into an initial business combination, we may (depending on the terms of such an initial business combination) be required to increase the number of shares of common stock which we are authorized to issue at the same time as our stockholders vote on the initial business combination to the extent we seek stockholder approval in connection with our initial business combination.

In accordance with NASDAQ corporate governance requirements, we are not required to hold an annual meeting until no later than one year after our first fiscal year end following our listing on NASDAQ. Under Section 211(b) of the DGCL, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our bylaws, unless such election is made by written consent in lieu of such a meeting. We may not hold an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

We will provide our stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.10 per public share. Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed to waive their redemption rights with respect to any founder shares or representative shares, as applicable, and placement shares and (except for Ladenburg) any public shares held by them in connection with the completion of our initial business combination. Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in conjunction with their initial business combinations and provide for related redemptions of public shares for cash upon completion of such initial business combinations even when a vote is not required by law, if a stockholder vote is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC, and file tender offer documents with the SEC prior to completing our initial business combination. Our amended and restated certificate of incorporation will require these tender offer documents to contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, a stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the initial business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting.

However, the participation of our sponsor, officers, directors, advisors or their affiliates in privately-negotiated transactions (as described in this prospectus), if any, could result in the approval of our initial business combination even if a majority of our public stockholders vote, or indicate their intention to vote, against such business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock voted, non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. These quorum and voting thresholds, and the voting agreements of our initial stockholders, may make it more likely that we will consummate our initial business combination.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares of common stock sold in this offering, which we refer to as the Excess Shares. However, we would not be restricting our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination. Our stockholders’ inability to redeem the Excess Shares will reduce their influence over our ability to complete our initial business combination, and such stockholders could suffer a material loss in their investment if they sell such Excess Shares on the open market. Additionally, such stockholders will not receive redemption distributions with respect to the Excess Shares if we complete the initial business combination. And, as a result, such stockholders will continue to hold that number of shares exceeding 15% and, in order to dispose such shares would be required to sell their stock in open market transactions, potentially at a loss.

If we seek stockholder approval in connection with our initial business combination, pursuant to the letter agreement our sponsor, officers and directors have agreed to vote their founder shares, placement shares and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination. As a result, in addition to our sponsor’s founder shares and placement shares, and excluding the representative shares, we would need only 3,558,876, or 35.59%, of the 10,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all outstanding shares are voted) in order to have our initial business combination approved (assuming the over-allotment option is not exercised). Additionally, each public stockholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction (subject to the limitation described in the preceding paragraph).

Pursuant to our amended and restated certificate of incorporation, if we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter subject to lawfully available funds therefor, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares, placement shares and placement shares held by them if we fail to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the prescribed time period.

In the event of a liquidation, dissolution or winding up of the company after an initial business combination, our stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the common stock. Our stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to the common stock, except that we will provide our stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, upon the completion of our initial business combination, subject to the limitations described herein.

### **Founder Shares, Placement Shares and Representative Shares**

The founder shares, placement shares and representative shares are identical to the shares of common stock included in the units being sold in this offering, and holders of founder shares, placement shares and representative shares have the same stockholder rights as public stockholders, except that (i) the founder shares, placement shares and representative shares are subject to certain transfer restrictions, as described in more detail below, (ii) our sponsor, officers and directors have entered into a letter agreement with us (and Ladenburg has entered into a subscription agreement with us), pursuant to which they have agreed (A) to waive their redemption rights with respect to any founder shares, placement shares and representative shares and (excluding Ladenburg) any public shares held by them in connection with the completion of our initial business combination, (B) to waive their redemption rights with respect to their founder shares, placement shares and representative shares and (excluding Ladenburg) any public shares in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation (x) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination and amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (y) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity and (C) to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within such time period and (iii) are entitled to registration rights. If we submit our initial business combination to our public stockholders for a vote, our sponsor, officers and directors have agreed pursuant to the letter agreement to vote any founder shares and placement shares held by them and (excluding Ladenburg) any public shares purchased during or after this offering (including in open market and privately negotiated transactions) in favor of our initial business combination.

With certain limited exceptions, the sponsor has agreed not to transfer, assign or sell 50% of their founder shares until the earlier of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which the closing price of our shares of common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after our initial business combination, and the remaining 50% of the founder shares may not be transferred, assigned or sold until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Ladenburg and its employees have agreed not to transfer, assign or sell any of the representative shares until 30 days after we complete our initial business combination, except as described under the section of this prospectus entitled "Principal Stockholders — Restrictions on Transfers of Founder Shares, Representative Shares and Placement Warrants."

### **Preferred Stock**

Our amended and restated certificate of incorporation will provide that shares of preferred stock may be issued from time to time in one or more series. Our board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the common stock and could have anti-takeover effects. The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. We have no preferred stock outstanding at the date hereof. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that we will not do so in the future. No shares of preferred stock are being issued or registered in this offering.

## Redeemable Warrants

### *Public Stockholders' Warrants*

Each whole warrant entitles the registered holder to purchase one share of our common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of 12 months from the closing of this offering or 30 days after the completion of our initial business combination. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of common stock. This means that only a whole warrant may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least two units, you will not be able to receive or trade a whole warrant.

The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any shares of common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of common stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable and we will not be obligated to issue shares of common stock upon exercise of a warrant unless common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will we be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of common stock underlying such unit.

We are not registering the shares of common stock issuable upon exercise of the warrants at this time. However, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our best efforts to file with the SEC a registration statement covering the shares of common stock issuable upon exercise of the warrants, to cause such registration statement to become effective and to maintain a current prospectus relating to those shares of common stock until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the shares of common stock issuable upon exercise of the warrants is not effective by the 60th business day after the closing of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the foregoing, if a registration statement covering the common stock issuable upon exercise of the warrants is not effective within a specified period following the consummation of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis.

Once the warrants become exercisable, we may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption given after the warrants become exercisable (the "30-day redemption period") to each warrant holder; and
- if, and only if, the reported last sale price of the common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period commencing once the warrants become exercisable and ending three business days before we send the notice of redemption to the warrant holders.

If and when the warrants become redeemable by us, we may not exercise our redemption right if the issuance of shares of common stock upon exercise of the warrants is not exempt from registration or qualification under applicable state blue sky laws or we are unable to effect such registration or qualification. We will use our best efforts to register or qualify such shares of common stock under the blue sky laws of the state of residence in those states in which the warrants were offered by us in this offering.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise its warrant prior to the scheduled redemption date. However, the price of the common stock may fall below the \$18.00 redemption trigger price (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) as well as the \$11.50 warrant exercise price after the redemption notice is issued.

If we call the warrants for redemption as described above, our management will have the option to require any holder that wishes to exercise its warrant to do so on a "cashless basis." In determining whether to require all holders to exercise their warrants on a "cashless basis," our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of shares of common stock issuable upon the exercise of our warrants. If our management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering their warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" for this purpose shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of common stock to be received upon exercise of the warrants, including the "fair market value" in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants after our initial business combination. If we call our warrants for redemption and our management does not take advantage of this option, our sponsor and its permitted transferees would still be entitled to exercise their placement warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 4.9% or 9.8% (or such other amount as a holder may specify) of the shares of common stock outstanding immediately after giving effect to such exercise.

If the number of outstanding shares of common stock is increased by a stock dividend payable in shares of common stock, or by a split-up of shares of common stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of common stock issuable on exercise of each whole warrant will be increased in proportion to such increase in the outstanding shares of common stock. A rights offering to holders of common stock entitling holders to purchase shares of common stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of common stock equal to the product of (i) the number of shares of common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for common stock) and (ii) one (1) minus the quotient of (x) the price per share of common stock paid in such rights offering divided by (y) the fair market value. For these purposes (i) if the rights offering is for securities convertible into or exercisable for common stock, in determining the price payable for common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of common stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of common stock on account of such shares of common stock (or other shares of our capital stock into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of common stock in connection with a proposed initial business combination, (d) to satisfy the redemption rights of the holders of common stock in connection with a stockholder vote to amend our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our common stock if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (ii) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity, or (e) in connection with the redemption of our public shares upon our failure to complete our initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of common stock in respect of such event.

If the number of outstanding shares of our common stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of common stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of common stock.

Whenever the number of shares of common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of common stock purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of common stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of common stock (other than those described above or that solely affects the par value of such shares of common stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of common stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of our common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. If less than 70% of the consideration receivable by the holders of common stock in such a transaction is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within thirty days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the Black-Scholes value (as defined in the warrant agreement) of the warrant. The purpose of such exercise price reduction is to provide additional value to holders of the warrants when an extraordinary transaction occurs during the exercise period of the warrants pursuant to which the holders of the warrants otherwise do not receive the full potential value of the warrants in order to determine and realize the option value component of the warrant. This formula is to compensate the warrant holder for the loss of the option value portion of the warrant due to the requirement that the warrant holder exercise the warrant within 30 days of the event. The Black-Scholes model is an accepted pricing model for estimating fair market value where no quoted market price for an instrument is available.

The warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a complete description of the terms and conditions applicable to the warrants. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least a majority of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants.

In addition, if (x) we issue additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at a Newly Issued Price of less than \$9.20 per share of common stock (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our sponsor or its affiliates, without taking into account any founder shares held by our sponsor or such affiliates, as applicable, prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and (z) the Market Value is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described above will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price. The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one (1) vote for each share held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round down to the nearest whole number of shares of common stock to be issued to the warrant holder.

#### ***Placement warrants***

Except as described below, the placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering, including as to exercise price, exercisability and exercise period. The placement warrants (including the common stock issuable upon exercise of the placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination (except, among other limited exceptions as described under the section of this prospectus entitled “Principal Stockholders — Restrictions on Transfers of Founder Shares and Placement Units,” to our officers and directors and other persons or entities affiliated with our sponsor). They will also be exercisable on a cashless basis and will not be redeemable by us so long as they are held by our sponsor or its permitted transferees. Our sponsor or its permitted transferees, have the option to exercise the placement warrants on a cashless basis. If the placement warrants are held by holders other than the sponsor or its permitted transferees, the placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

If holders of the placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” for this purpose shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by the sponsor or its permitted transferees is because it is not known at this time whether they will be affiliated with us following an initial business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public stockholders who could sell the shares of common stock issuable upon exercise of the warrants freely in the open market, the insiders could be significantly restricted from doing so. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

In order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. Up to \$1,500,000 of such loans may be convertible into units, at a price of \$10.00 per unit at the option of the lender, upon consummation of our initial business combination. The units would be identical to the placement units. However, as the units would not be issued until consummation of our initial business combination, any warrants underlying such units would not be able to be voted on an amendment to the warrant agreement in connection with such business combination.

Our sponsor has agreed not to transfer, assign or sell any of the placement warrants (including the common stock issuable upon exercise of any of these warrants) until the date that is 30 days after the date we complete our initial business combination, except that, among other limited exceptions as described under the section of this prospectus entitled “Principal Stockholders — Restrictions on Transfers of Founder Shares and Placement Warrants” made to our officers and directors and other persons or entities affiliated with our sponsor.

## **Dividends**

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of an initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial conditions subsequent to completion of an initial business combination. The payment of any cash dividends subsequent to an initial business combination will be within the discretion of our board of directors at such time. If we increase or decrease the size of the offering we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our founder shares immediately prior to the consummation of the offering in such amount as to maintain the ownership of our sponsor and Ladenburg and its employees at 20% of the issued and outstanding shares of our common stock (excluding the placement units and shares of common stock and warrants underlying the placement units) upon the consummation of this offering. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

## **Our Transfer Agent and Warrant Agent**

The transfer agent for our common stock and warrant agent for our warrants is Continental Stock Transfer & Trust Company. We have agreed to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence, willful misconduct or bad faith of the indemnified person or entity.

## Our Amended and Restated Certificate of Incorporation

Our amended and restated certificate of incorporation will contain certain requirements and restrictions relating to this offering that will apply to us until the completion of our initial business combination. These provisions cannot be amended without the approval of the holders of 65% of our common stock. Our sponsor, who will collectively beneficially own approximately 21.02% of our common stock upon the closing of this offering (including the placement shares and assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated certificate of incorporation and will have the discretion to vote in any manner they choose. Specifically, our amended and restated certificate of incorporation provides, among other things, that:

- If we are unable to complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter subject to lawfully available funds therefor, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in the case of clauses (ii) and (iii) above to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law;
- Prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination;
- Although we do not intend to enter into an initial business combination with a target business that is affiliated with our sponsor, our directors or our officers, we are not prohibited from doing so. However, we do not intend to contact any such prospective target businesses subsequent to the closing of this offering unless we become aware that such targets are interested in a potential initial business combination with us and such transaction would be attractive to our stockholders. In the event we enter into such a transaction, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm or another independent entity that commonly renders valuation opinions that such an initial business combination is fair to our company from a financial point of view;
- If a stockholder vote on our initial business combination is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will offer to redeem our public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, and will file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about our initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act; whether or not we maintain our registration under the Exchange Act or our listing on NASDAQ, we will provide our public stockholders with the opportunity to redeem their public shares by one of the two methods listed above;
- So long as we obtain and maintain a listing for our securities on NASDAQ, NASDAQ rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination;
- If our stockholders approve an amendment to our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or amendments to our charter prior thereto or to redeem 100% of our public shares if we do not complete our initial business combination within 15 months (or up to 21 months) from the closing of this offering or (ii) with respect to any other provision relating to stockholders' rights or pre-business combination activity, we will provide our public stockholders with the opportunity to redeem all or a portion of their shares of common stock upon such approval at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding public shares; and
- We will not effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In addition, our amended and restated certificate of incorporation will provide we will only redeem our public shares so long as (after such redemption) our net tangible assets will be at least \$5,000,001 either immediately prior to or upon consummation of our initial business combination.

### **Certain Anti-Takeover Provisions of Delaware Law and our Amended and Restated Certificate of Incorporation and Bylaws**

We will be subject to the provisions of Section 203 of the DGCL regulating corporate takeovers upon completion of this offering. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a “business combination” with:

- a stockholder who owns 15% or more of our outstanding voting stock (otherwise known as an “interested stockholder”);
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A “business combination” includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- our board of directors approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction;
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
- on or subsequent to the date of the transaction, the initial business combination is approved by our board of directors and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Our amended and restated certificate of incorporation will provide that our board of directors will be classified into two classes of directors. As a result, in most circumstances, a person can gain control of our board only by successfully engaging in a proxy contest at two or more annual meetings.

Our authorized but unissued common stock and preferred stock are available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

### ***Exclusive forum for certain lawsuits***

Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and employees for breach of fiduciary duty and certain other actions may be brought only in the Court of Chancery in the State of Delaware, except any action (A) as to which the Court of Chancery in the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, (C) for which the Court of Chancery does not have subject matter jurisdiction or (D) any action arising under the Securities Act of 1933, as amended. If an action is brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits us by providing increased consistency in the application of law in the types of lawsuits to which it applies, a court may determine that this provision is unenforceable, and to the extent it is enforceable, the provision may have the effect of discouraging lawsuits against our directors and officers.

Our amended and restated certificate of incorporation will provide that the exclusive forum provision will be applicable to the fullest extent permitted by applicable law, subject to certain exceptions. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. As a result, the exclusive forum provision will not apply to suits brought to enforce any duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction.

### ***Special meeting of stockholders***

Our bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, by our Chief Executive Officer or by our Chairman.

### ***Advance notice requirements for stockholder proposals and director nominations***

Our bylaws provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders, must provide timely notice of their intent in writing. To be timely, a stockholder's notice will need to be received by the company secretary at our principal executive offices not later than the close of business on the 90<sup>th</sup> day nor earlier than the opening of business on the 120<sup>th</sup> day prior to the anniversary date of the immediately preceding annual meeting of stockholders. Pursuant to Rule 14a-8 of the Exchange Act, proposals seeking inclusion in our annual proxy statement must comply with the notice periods contained therein. Our bylaws also specify certain requirements as to the form and content of a stockholders' meeting. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

### ***Action by written consent***

Subsequent to the consummation of the offering, any action required or permitted to be taken by our common stockholders must be effected by a duly called annual or special meeting of such stockholders and may not be effected by written consent of the stockholders.

### ***Classified Board of Directors***

Our board of directors will initially be divided into two classes, Class I and Class II, with members of each class serving staggered two-year terms. Our amended and restated certificate of incorporation will provide that the authorized number of directors may be changed only by resolution of the board of directors. Subject to the terms of any preferred stock, any or all of the directors may be removed from office at any time, but only for cause and only by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of our capital stock entitled to vote generally in the election of directors, voting together as a single class. Any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

## Securities Eligible for Future Sale

Immediately after the consummation of this offering (assuming no exercise of the underwriters' over-allotment option) we will have 12,882,250 (or 14,792,200 if the underwriters' over-allotment option is exercised in full) shares of common stock outstanding. Of these shares, the 10,000,000 shares (or 11,500,000 if the underwriters' over-allotment option is exercised in full) sold in this offering will be freely tradable without restriction or further registration under the Securities Act, except for any shares purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the 2,287,500 founder shares (or 2,630,625 founder shares if the underwriters' over-allotment option is exercised in full), 212,500 representative shares (or 244,375 representative shares if the underwriters' over-allotment option is exercised in full) and all 382,250 placement units (or 417,200 placement units if the over-allotment option is exercised in full; including component securities contained therein) are restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering, and the founder shares and placement units are subject to transfer restrictions as set forth elsewhere in this prospectus. These restricted securities will be entitled to registration rights as more fully described below under "— Registration Rights."

### Rule 144

Pursuant to Rule 144, a person who has beneficially owned restricted shares of our common stock or warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as we were required to file reports) preceding the sale.

Persons who have beneficially owned restricted shares of our common stock or warrants for at least six months but who are our affiliates at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of shares of common stock then outstanding, which will equal 96,165 shares immediately after this offering (or 110,396 if the underwriters exercise their over-allotment option in full); or
- the average weekly reported trading volume of the common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by our affiliates under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

### Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;

- the issuer of the securities has filed all Exchange Act reports and materials required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Current Reports on Form 8-K; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, our initial stockholders will be able to sell their founder shares and placement units (including component securities contained therein), as applicable, pursuant to Rule 144 without registration one year after we have completed our initial business combination.

### **Registration Rights**

The holders of the founder shares, representative shares, placement units (including securities contained therein) and units (including securities contained therein) that may be issued upon conversion of working capital loans, and any shares of common stock issuable upon the exercise of the placement warrants and any shares of common stock and warrants (and underlying common stock) that may be issued upon conversion of the units issued as part of the working capital loans will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering, requiring us to register such securities for resale. The holders of the majority of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. Notwithstanding the foregoing, Ladenburg and its employees may not exercise its demand and “piggyback” registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise its demand rights on more than one occasion. We will bear the expenses incurred in connection with the filing of any such registration statements.

### **Listing of Securities**

We have applied to list our units, common stock and warrants on NASDAQ under the symbols “BCYP,” “BCYPW” and “BCYPU,” respectively. We expect that our units will be listed on NASDAQ on or promptly after the effective date of the registration statement. Following the date the shares of our common stock and warrants are eligible to trade separately, we anticipate that the shares of our common stock and warrants will be listed separately and as a unit on NASDAQ. We cannot guarantee that our securities will be approved for listing on NASDAQ.

## MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of our units, shares of common stock and warrants, which we refer to collectively as our securities. Because once the shares of common stock and warrants commence separate trading the components of a unit are separable at the option of the holder, the holder of a unit generally should be treated, for U.S. federal income tax purposes, as the owner of the underlying common stock and one half of one redeemable warrant components of the unit, as the case may be. As a result, the discussion below with respect to actual holders of common stock and warrants should also apply to holders of units (as the deemed owners of the underlying common stock and warrants that comprise the units). This discussion applies only to securities that are held as capital assets for U.S. federal income tax purposes and is applicable only to holders who purchased units in this offering.

This discussion is a summary only and does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including but not limited to the alternative minimum tax, the Medicare tax on certain investment income and the different consequences that may apply if you are subject to special rules that apply to certain types of investors, including but not limited to:

- financial institutions or financial services entities;
- broker-dealers;
- governments or agencies and their controlled entities or instrumentalities thereof;
- regulated investment companies;
- real estate investment trusts;
- expatriates or former long-term residents of the U.S.;
- persons subject to the anti-inversion rules;
- persons that actually or constructively own five percent or more of the total combined voting power or value of our voting shares;
- insurance companies;
- dealers or traders subject to a mark-to-market method of accounting with respect to the securities;
- persons holding the securities as part of a “straddle,” hedge, integrated transaction or similar transaction;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- partnerships or other pass-through entities for U.S. federal income tax purposes and any beneficial owners of such entities; and
- tax-exempt entities.

If you are a partnership (or an entity or arrangement treated as a partnership) for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and the partners’ activities. Holders of securities that are partnerships or partners in such partnerships are urged to consult their tax advisors regarding the particular U.S. federal income tax consequences applicable to them.

This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), and administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations (“Treasury Regulations”) and other applicable authorities as of the date hereof, changes to any of which or new interpretations thereof subsequent to the date of this prospectus may affect the tax consequences described herein. This discussion does not address any aspect of state, local or non-U.S. taxation, or any U.S. federal taxes other than income taxes (such as gift and estate taxes).

We have not sought, and will not seek, a ruling from the Internal Revenue Service (“IRS”) with respect to the statements made and the conclusions reached in the following summary, and there can be no assurance that the IRS or a court will agree with our statements and conclusions or that a court would sustain any challenge by the IRS in the event of litigation. Moreover, there can be no assurance that future legislation, regulations, administrative rulings or court decisions will not adversely affect the accuracy of the statements in this discussion. You are urged to consult your tax advisor with respect to the application of U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or non-U.S. jurisdiction.

### **Personal Holding Company Status**

We could be subject to an additional U.S. federal income tax on a portion of our income if we are determined to be a personal holding company (or “PHC”) for U.S. federal income tax purposes. A U.S. corporation generally will be classified as a PHC for U.S. federal income tax purposes in a given taxable year if (i) at any time during the last half of such taxable year, five or fewer individuals (without regard to their citizenship or residency and including as individuals for this purpose certain entities such as certain tax-exempt organizations, pension funds and charitable trusts) own or are deemed to own (pursuant to certain constructive ownership rules) more than 50% of the stock of the corporation by value and (ii) at least 60% of the corporation’s adjusted ordinary gross income, as determined for U.S. federal income tax purposes, for such taxable year consists of PHC income (which includes, among other things, dividends, interest, certain royalties, annuities and, under certain circumstances, rents).

Depending on the date and size of our initial business combination, at least 60% of our adjusted ordinary gross income may consist of PHC income as discussed above. In addition, depending on the concentration of our stock in the hands of individuals, including the members of our sponsor and certain tax-exempt organizations, pension funds and charitable trusts, more than 50% of our stock may be owned or deemed owned (pursuant to the constructive ownership rules) by such persons during the last half of a taxable year. Thus, no assurance can be given that we will not be a PHC following this offering or in the future. If we are or were to become a PHC in a given taxable year, we would be subject to an additional PHC tax, currently 20%, on our undistributed PHC income, which generally includes our taxable income, subject to certain adjustments.

### **Allocation of Purchase Price and Characterization of a Unit**

No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U.S. federal income tax purposes and, therefore, that treatment is not entirely clear. The acquisition of a unit should be treated for U.S. federal income tax purposes as the acquisition of one share of our common stock and one half of one warrant to acquire one share of our common stock. For U.S. federal income tax purposes, each holder of a unit must allocate the purchase price paid by such holder for such unit between the one share of common stock and the one half of one warrant based on the relative fair market value of each at the time of issuance. Under U.S. federal income tax law, each investor must make his or her own determination of such value based on all the relevant facts and circumstances. Therefore, we strongly urge each investor to consult his or her tax advisor regarding the determination of value for these purposes. The price allocated to each share of common stock and the one half of one warrant should be the stockholder’s tax basis in such share or one half of one warrant, as the case may be. Any disposition of a unit should be treated for U.S. federal income tax purposes as a disposition of the share of common stock and the one half of one warrant comprising the unit, and the amount realized on the disposition should be allocated between the common stock and the one half of one warrant based on their respective relative fair market values (as determined by each such unit holder on all the relevant facts and circumstances) at the time of disposition. The separation of shares of common stock and warrants comprising units should not be a taxable event for U.S. federal income tax purposes.

The foregoing treatment of the shares of common stock and warrants and a holder's purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its own tax advisors regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit). The balance of this discussion assumes that the characterization of the units described above is respected for U.S. federal income tax purposes.

## U.S. Holders

This section applies to you if you are a "U.S. holder." A U.S. holder is a beneficial owner of our units, shares of common stock or warrants who or that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity taxable as a corporation) organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust, if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have authority to control all substantial decisions of the trust or (ii) it has a valid election in effect under Treasury Regulations to be treated as a U.S. person.

*Taxation of Distributions.* If we pay distributions in cash or other property (other than certain distributions of our stock or rights to acquire our stock) to U.S. holders of shares of our common stock, such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. holder's adjusted tax basis in our common stock. Any remaining excess will be treated as gain realized on the sale or other disposition of the common stock and will be treated as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants" below.

Dividends we pay to a U.S. holder that is a taxable corporation generally will qualify for the dividends received deduction if the requisite holding period is satisfied. With certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations), and provided certain holding period requirements are met, dividends we pay to a non-corporate U.S. holder may constitute "qualified dividends" that will be subject to tax at the maximum tax rate accorded to long-term capital gains. It is unclear whether the redemption rights with respect to the common stock described in this prospectus may prevent a U.S. holder from satisfying the applicable holding period requirements with respect to the dividends received deduction or the preferential tax rate on qualified dividend income, as the case may be. If the holding period requirements are not satisfied, then a corporation may not be able to qualify for the dividends received deduction and would have taxable income equal to the entire dividend amount, and non-corporate holders may be subject to tax on such dividend at regular ordinary income tax rates instead of the preferential rate that applies to qualified dividend income.

*Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants.* Upon a sale or other taxable disposition of our common stock or warrants which, in general, would include a redemption of common stock or warrants that is treated as a sale of such securities as described below, and including as a result of a dissolution and liquidation in the event we do not consummate an initial business combination within the required time period, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized and the U.S. holder's adjusted tax basis in the common stock or warrants. Any such capital gain or loss generally will be long-term capital gain or loss if the U.S. holder's holding period for the common stock or warrants so disposed of exceeds one year. It is unclear, however, whether the redemption rights with respect to the common stock described in this prospectus may suspend the running of the applicable holding period for this purpose. If the running of the holding period for the common stock is suspended, then non-corporate U.S. holders may not be able to satisfy the one-year holding period requirement for long-term capital gain treatment, in which case any gain on a sale or taxable disposition of the shares or warrants would be subject to short-term capital gain treatment and would be taxed at regular ordinary income tax rates. Long-term capital gains recognized by non-corporate U.S. holders will be eligible to be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

Generally, the amount of gain or loss recognized by a U.S. holder is an amount equal to the difference between (i) the sum of the amount of cash and the fair market value of any property received in such disposition (or, if the common stock or warrants are held as part of units at the time of the disposition, the portion of the amount realized on such disposition that is allocated to the common stock or the warrants based upon the then fair market values of the common stock and the warrants included in the units) and (ii) the U.S. holder's adjusted tax basis in its common stock or warrants so disposed of. A U.S. holder's adjusted tax basis in its common stock or warrants generally will equal the U.S. holder's acquisition cost (that is, as discussed above, the portion of the purchase price of a unit allocated to a share of common stock or one half of one warrant or, as discussed below, the U.S. holder's initial basis for common stock received upon exercise of warrants) less, in the case of a share of common stock, any prior distributions treated as a return of capital. See "U.S. Holders—Exercise or Lapse of a Warrant" below for a discussion regarding a U.S. holder's tax basis in shares of common stock acquired pursuant to the exercise of a warrant.

*Redemption of Common Stock.* In the event that a U.S. holder's common stock is redeemed pursuant to the redemption provisions described in this prospectus under the section of this prospectus entitled "Description of Securities — Common Stock" or if we purchase a U.S. holder's common stock in an open market transaction, (each of which we refer to as a "redemption"), the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as a sale of the common stock under Section 302 of the Code. If the redemption qualifies as a sale of common stock, the U.S. holder will be treated as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants" above. If the redemption does not qualify as a sale of common stock, the U.S. holder will be treated as receiving a corporate distribution with the tax consequences described above under "U.S. Holders — Taxation of Distributions". Whether a redemption qualifies for sale treatment will depend largely on the total number of shares of our stock treated as held by the U.S. holder (including any stock constructively owned by the U.S. holder as a result of owning warrants) relative to all of our shares outstanding both before and after the redemption. The redemption of common stock generally will be treated as a sale of the common stock (rather than as a corporate distribution) if the redemption (i) is "substantially disproportionate" with respect to the U.S. holder, (ii) results in a "complete termination" of the U.S. holder's interest in us or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. holder takes into account not only stock actually owned by the U.S. holder, but also shares of our stock that are constructively owned by it. A U.S. holder may constructively own, in addition to stock owned directly, stock owned by certain related individuals and entities in which the U.S. holder has an interest or that have an interest in such U.S. holder, as well as any stock the U.S. holder has a right to acquire by exercise of an option, which would generally include common stock which could be acquired pursuant to the exercise of the warrants. In order to meet the substantially disproportionate test, the percentage of our outstanding voting stock actually and constructively owned by the U.S. holder immediately following the redemption of common stock must, among other requirements, be less than 80% of the percentage of our outstanding voting stock actually and constructively owned by the U.S. holder immediately before the redemption. There will be a complete termination of a U.S. holder's interest if either (i) all of the shares of our stock actually and constructively owned by the U.S. holder are redeemed or (ii) all of the shares of our stock actually owned by the U.S. holder are redeemed and the U.S. holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of stock owned by certain family members and the U.S. holder does not constructively own any other shares of our stock. The redemption of the common stock will not be essentially equivalent to a dividend if a U.S. holder's conversion results in a "meaningful reduction" of the U.S. holder's proportionate interest in us. Whether the redemption will result in a meaningful reduction in a U.S. holder's proportionate interest in us will depend on the particular facts and circumstances. However, the IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority stockholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a "meaningful reduction." A U.S. holder should consult with its own tax advisors as to the tax consequences of a redemption.

If none of the foregoing tests is satisfied, then the redemption will be treated as a corporate distribution and the tax effects will be as described under “U.S. Holders — Taxation of Distributions,” above. After the application of those rules, any remaining tax basis of the U.S. holder in the redeemed common stock will be added to the U.S. holder’s adjusted tax basis in its remaining stock, or, if it has none, to the U.S. holder’s adjusted tax basis in its warrants or possibly in other stock constructively owned by it.

*Exercise or Lapse of a Warrant.* Except as discussed below with respect to the cashless exercise of a warrant, a U.S. holder generally will not recognize taxable gain or loss on the acquisition of common stock upon exercise of a warrant for cash. The U.S. holder’s tax basis in the share of our common stock received upon exercise of the warrant generally will be an amount equal to the sum of the U.S. holder’s initial investment in the warrant (i.e., the portion of the U.S. holder’s purchase price for units that is allocated to the warrant, as described above under “— Allocation of Purchase Price and Characterization of a Unit”) and the exercise price. The U.S. holder’s holding period for the common stock received upon exercise of the warrants should begin on the date following the date of exercise (or possibly the date of exercise) of the warrants and will not include the period during which the U.S. holder held the warrants. If a warrant is allowed to lapse unexercised, a U.S. holder generally will recognize a capital loss equal to such holder’s tax basis in the warrant.

The tax consequences of a cashless exercise of a warrant are not clear under current tax law. A cashless exercise may be tax-free, either because the exercise is not a gain realization event or because the exercise is treated as a recapitalization for U.S. federal income tax purposes. In either tax-free situation, a U.S. holder’s basis in the common stock received would equal the holder’s basis in the warrants exercised therefor. If the cashless exercise were treated as not being a gain realization event (and not a recapitalization), a U.S. holder’s holding period in the common stock should be treated as commencing on the date following the date of exercise (or possibly the date of exercise) of the warrant. If the cashless exercise were treated as a recapitalization, the holding period of the common stock would include the holding period of the warrants exercised therefor.

It is also possible that a cashless exercise could be treated in part as a taxable exchange in which gain or loss would be recognized. In such event, a U.S. holder could be deemed to have surrendered warrants having an aggregate fair market value equal to the exercise price for the total number of warrants to be exercised. The U.S. holder would recognize capital gain or loss in an amount equal to the difference between the fair market value of the common stock received in respect of the warrants deemed surrendered and the U.S. holder’s tax basis in such warrants. Such gain or loss would be long-term or short-term, depending on the U.S. holder’s holding period in the warrants deemed surrendered. In this case, a U.S. holder’s tax basis in the common stock received would equal the sum of the U.S. holder’s initial investment in the exercised warrants (i.e., the portion of the U.S. holder’s purchase price for the units that is allocated to the warrants, as described above under “— Allocation of Purchase Price and Characterization of a Unit”) and the exercise price of such warrants. A U.S. holder’s holding period for the common stock should commence on the date following the date of exercise (or possibly the date of exercise) of the warrant; in either case, the holding period would not include the period during which the U.S. holder held the warrant. There may also be alternative characterizations of any such taxable exchange that would result in similar tax consequences, except that a U.S. Holder’s gain or loss would be short-term.

Due to the absence of authority on the U.S. federal income tax treatment of a cashless exercise, including when a U.S. holder’s holding period would commence with respect to the common stock received, there can be no assurance which, if any, of the alternative tax consequences and holding periods described above would be adopted by the IRS or a court of law. Accordingly, U.S. holders should consult their tax advisors regarding the tax consequences of a cashless exercise.

*Redemption of Warrants.* In the case of a redemption of a warrant for cash, a U.S. holder generally should recognize capital gain or loss in an amount equal to the difference between the amount realized and the U.S. holder's adjusted tax basis in the warrants as described above under "—U.S. Holders—Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants." However, if the redemption were to be characterized as a redemption of stock for U.S. federal income tax purposes (which we do not expect), then the redemption would instead be treated as described above under "U.S. Holders—Redemption of Common Stock." In the case of a redemption of a warrant for common stock, such redemption generally should be treated as a tax-deferred recapitalization for U.S. federal income tax purposes, in which case a U.S. holder's basis in the common stock received would equal the holder's basis in the warrant and the holding period of the common stock would include the holding period of the warrant. We intend to treat the cashless exercise of a warrant in exchange for a number of shares of common stock occurring after our giving notice of an intention to redeem the warrant for \$0.01 as described thereunder, as if we redeemed such warrant for stock as described in this paragraph. However, if the redemption were instead to be characterized for U.S. federal income tax purposes as an exercise of the warrant (which we do not expect), then the tax treatment would instead be treated as described above under "U.S. Holders—Exercise or Lapse of a Warrant."

*Possible Constructive Distributions.* The terms of each warrant provide for an adjustment to the number of shares of common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus entitled "Description of Securities — Redeemable Warrants — Public Stockholders' Warrants." An adjustment which has the effect of preventing dilution generally is not taxable. The U.S. holders of the warrants would, however, be treated as receiving a constructive distribution from us if, for example, the adjustment to the number of such shares or to such exercise price increases the warrant holders' proportionate interest in our assets or earnings and profits (e.g., through an increase in the number of shares of common stock that would be obtained upon exercise or through a decrease in the exercise price of the warrant) as a result of a distribution of cash or other property, such as other securities, to the holders of shares of our common stock, or as a result of the issuance of a stock dividend to holders of shares of our common stock, in each case which is taxable to the U.S. holders of such shares as described under "U.S. Holders — Taxation of Distributions" above. Such constructive distribution would be subject to tax as described under that section in the same manner as if the U.S. holders of the warrants received a cash distribution from us equal to the fair market value of such increased interest. Such constructive distribution would generally be deemed to occur at the time the adjustment occurs, but in no event later than the date of the distribution of cash or property, or the issuance of the stock dividend, as applicable, that results in the constructive distribution. Generally, a U.S. holder's adjusted tax basis in its warrant would be increased to the extent any such constructive distribution is treated as a dividend.

*Information Reporting and Backup Withholding.* In general, information reporting requirements may apply to dividends paid to a U.S. holder and to the proceeds of the sale or other disposition of our units, shares of common stock and warrants, unless the U.S. holder is an exempt recipient. Backup withholding may apply to such payments if the U.S. holder fails to provide a taxpayer identification number, a certification of exempt status or has been notified by the IRS that it is subject to backup withholding (and such notification has not been withdrawn).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS. All U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding to them.

#### **Non-U.S. Holders**

This section applies to you if you are a "Non-U.S. holder." A Non-U.S. holder is a beneficial owner of our units, that is an individual, corporation, estate or trust for U.S. federal income tax purposes, and is not a U.S. holder.

*Taxation of Distributions.* In general, any distributions we make to a Non-U.S. holder of shares of our common stock, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with the Non-U.S. holder's conduct of a trade or business within the United States, we will be required to withhold tax from the gross amount of the dividend at a rate of 30%, unless such Non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E). The full amount of any distributions to a Non-U.S. holder may, however, be subject to United States withholding tax unless the applicable withholding agent elects to withhold a lesser amount based on a reasonable estimate of the amount of the distribution that would be treated as a dividend. In the case of any constructive dividend described below in "Non-U.S. Holders—Possible Constructive Distributions," it is possible that this tax would be withheld from any amount owed to a Non-U.S. holder by the applicable withholding agent, including cash distributions on other property or sale proceeds from warrants or other property subsequently paid or credited to such holder. Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the Non-U.S. holder's adjusted tax basis in its shares of our common stock and, to the extent such distribution exceeds the Non-U.S. holder's adjusted tax basis, as gain realized from the sale or other disposition of the common stock, which will be treated as described under "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants" below. In addition, if we determine that we are likely to be classified as a "U.S. real property holding corporation" (see "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants" below), we will withhold 15% of any distribution that exceeds our current and accumulated earnings and profits.

The withholding tax does not apply to dividends paid to a Non-U.S. holder who provides a Form W-8ECI, certifying that the dividends are effectively connected with the Non-U.S. holder's conduct of a trade or business within the United States. Instead, the effectively connected dividends will be subject to regular U.S. income tax as if the Non-U.S. holder were a U.S. resident, subject to an applicable income tax treaty providing otherwise. A Non-U.S. corporation receiving effectively connected dividends may also be subject to an additional "branch profits tax" imposed at a rate of 30% (or a lower treaty rate).

*Exercise of a Warrant.* The U.S. federal income tax treatment of a Non-U.S. holder's exercise of a warrant, or the lapse of a warrant held by a Non-U.S. holder, generally will correspond to the U.S. federal income tax treatment of the exercise or lapse of a warrant by a U.S. holder, as described under "U.S. Holders — Exercise or Lapse of a Warrant" above, although to the extent a cashless exercise results in a taxable exchange, the consequences would be similar to those described below in "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants."

*Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants.* A Non-U.S. holder generally will not be subject to U.S. federal income or withholding tax in respect of gain recognized on a sale, taxable exchange or other taxable disposition of our common stock, which would include a dissolution and liquidation in the event we do not complete an initial business combination within 15 months (or up to 21 months) from the closing of this offering, or warrants (including an expiration or redemption of our warrants), in each case without regard to whether those securities were held as part of a unit, unless:

- the gain is effectively connected with the conduct of a trade or business by the Non-U.S. holder within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment or fixed base maintained by the Non-U.S. holder);
- the Non-U.S. holder is an individual present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or
- we are or have been a "U.S. real property holding corporation" for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the Non-U.S. holder held our common stock, and, in the case where shares of our common stock are regularly traded on an established securities market, the Non-U.S. holder has owned, directly or constructively (including through the ownership of warrants), more than 5% of our common stock at any time within the shorter of the five-year period preceding the disposition or such Non-U.S. holder's holding period for the shares of our common stock. There can be no assurance that our common stock will be treated as regularly traded on an established securities market for this purpose.

Unless an applicable treaty provides otherwise, gain described in the first bullet point above will be subject to tax at generally applicable U.S. federal income tax rates as if the Non-U.S. holder were a U.S. resident. Any gains described in the first bullet point above of a Non-U.S. holder that is a foreign corporation may also be subject to an additional “branch profits tax” at a 30% rate (or lower treaty rate). Gain described in the second bullet point above will be subject to a 30% U.S. federal income tax rate.

If the third bullet point above applies to a Non-U.S. holder, gain recognized by such holder on the sale, exchange or other disposition of our common stock or warrants will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of our common stock or warrants from such holder may be required to withhold U.S. federal income tax at a rate of 15% of the amount realized upon such disposition. We cannot determine whether we will be a U.S. real property holding corporation in the future until we complete an initial business combination. We will be classified as a U.S. real property holding corporation if the fair market value of our “U.S. real property interests” equals or exceeds 50 percent of the sum of the fair market value of our worldwide real property interests plus our other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes.

*Redemption of Common Stock and Warrants.* The characterization for U.S. federal income tax purposes of the redemption of a Non-U.S. holder’s common stock or warrants pursuant to the redemption provisions described in the section of this prospectus entitled “Description of Securities — Common Stock” or “Description of Securities—Redeemable Warrants,” as applicable, generally will correspond to the U.S. federal income tax characterization of such a redemption of a U.S. holder’s common stock, or warrants as described under “U.S. Holders — Redemption of Common Stock” or “U.S. Holders—Redemption of Warrants” above, as applicable, and the consequences of the redemption to the Non-U.S. holder will be as described above under “Non-U.S. Holders — Taxation of Distributions” and “Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants,” as applicable.

*Possible Constructive Distributions.* The terms of each warrant provide for an adjustment to the number of shares of common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus entitled “Description of Securities — Redeemable Warrants — Public Stockholders’ Warrants.” The characterization of such an adjustment for U.S. federal income tax purposes generally will correspond to the U.S. federal income tax characterization of such an adjustment described under “—U.S. Holders—Possible Constructive Distributions,” and the consequences of a taxable adjustment to a Non-U.S. holder generally will be as described above under “Non-U.S. Holders—Taxation of Distributions.”

*Information Reporting and Backup Withholding.* Information returns will be filed with the IRS in connection with payments of dividends and the proceeds from a sale or other disposition of our units, shares of common stock and warrants. A Non-U.S. holder may have to comply with certification procedures to establish that it is not a United States person in order to avoid information reporting and backup withholding requirements. The certification procedures required to claim a reduced rate of withholding under a treaty will satisfy the certification requirements necessary to avoid the backup withholding as well.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a Non-U.S. holder will be allowed as a credit against such holder’s U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

*FATCA Withholding Taxes.* Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the “Foreign Account Tax Compliance Act” or “FATCA”) generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of our securities which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (1) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (2) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which our securities are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of our securities held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (1) certifies to us or the applicable withholding agent that such entity does not have any “substantial United States owners” or (2) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. Department of Treasury.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on our common stock. While withholding under FATCA would have also applied to payments of gross proceeds from the sale or other disposition of stock on or after January 1, 2019, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued.

All prospective investors should consult their tax advisors regarding the possible implications of FATCA on their investment in our securities.

## UNDERWRITING

Ladenburg is acting as joint book-running manager of the offering and as representative of the underwriters named below. Subject to the terms and conditions of the underwriting agreement dated the date of this prospectus, the underwriters named below have agreed to purchase, and we have agreed to sell to the underwriters, the following respective number of units set forth opposite the underwriter's name.

<b>Underwriters</b>	<b>Number of Units</b>
Ladenburg Thalmann & Co. Inc.	
Brookline Capital Markets a division of Arcadia Securities, LLC	
<b>Total</b>	<b>10,000,000</b>

The underwriting agreement provides that the obligations of the underwriters to purchase the units included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the units (other than those covered by the over-allotment option described below) if they purchase any of the units.

Units sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any units sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price not to exceed \$[—] per unit. If all of the units are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The underwriters have advised us that they do not intend to make sales to discretionary accounts.

We have granted to the underwriters an option, exercisable for 45 days from the date of this prospectus, to purchase up to 1,500,000 additional units at the public offering price less the underwriting discount. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, in connection with this offering. Any units issued or sold under the option will be issued and sold on the same terms and conditions as the other units that are the subject of this offering.

We, our sponsor and our officers and directors have agreed that, for a period of 180 days from the date of this prospectus, we and they will not, without the prior written consent of the underwriters, offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any units, warrants, shares of common stock or any other securities convertible into, or exercisable, or exchangeable for, shares of common stock, subject to certain exceptions. The underwriters in their sole discretion may release any of the securities subject to these lock-up agreements at any time without notice, other than in the case of the officers and directors, which shall be with notice. Our sponsor, officers and directors are also subject to separate transfer restrictions on their founder shares and placement units pursuant to the letter agreement as described herein.

Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares (up to 21,094 of which would be subject to forfeiture if the underwriters' over-allotment option is not exercised in full). Following the 1/3 common stock dividend effected January 3, 2020 (as described herein), Ladenburg and certain of its employees now hold an aggregate of 244,375 representative shares (of which up to 31,875 are subject to forfeiture). Such representative shares have been deemed compensation by FINRA and are therefore subject to a 180-day lock-up pursuant to Rule 5110(e) (1) of the FINRA Manual, commencing on the effective date of the registration statement of which this prospectus forms a part. Pursuant to FINRA Rule 5110(e)(1), these securities will not be sold during the offering, or sold, transferred, assigned, pledged, or hypothecated, or be the subject of any hedging, short sale, derivative, put or call transaction that would result in the economic disposition of the securities by any person for a period of 180 days immediately following the effective date of the registration statement of which this prospectus forms a part or commencement of sales of the public offering. The holders of the representative shares will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. The holders of the representative shares will have "piggyback" registration rights to include their securities in other registration statements filed by us. Notwithstanding the foregoing, Ladenburg and its employees may not exercise demand and "piggyback" registration rights after five (5) and seven (7) years after the effective date of the registration statement of which this prospectus forms a part and may not exercise demand rights on more than one occasion. We will bear the expenses incurred in connection with the filing of any such registration statements.

Our sponsor has agreed not to transfer, assign or sell 50% of their founder shares until the earlier of (i) six months after the date of the consummation of our initial business combination or (ii) the date on which the closing price of our shares of common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after our initial business combination, and the remaining 50% of the founder shares may not be transferred, assigned or sold until six months after the date of the consummation of our initial business combination, or earlier, in either case, if, subsequent to our initial business combination, we consummate a subsequent liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property (except as described herein under the section of this prospectus entitled “Principal Stockholders — Restrictions on Transfers of Founder Shares and Placement Units”).

Prior to this offering, there has been no public market for our securities. Consequently, the initial public offering price for the units was determined by negotiations between us and the underwriters. Among the factors considered in determining the initial public offering price were the history and prospects of companies whose principal business is the acquisition of other companies, prior offerings of those companies, our management, our capital structure, and currently prevailing general conditions in the equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the units, common stock or warrants will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our units, common stock or warrants will develop and continue after this offering.

We have applied to list our units on NASDAQ under the symbol “BCYPU.” We cannot guarantee that our securities will be approved for listing on NASDAQ. We expect that our units will be listed on NASDAQ on or promptly after the date of this prospectus. We expect that our common stock and warrants will be listed under the symbols “BCYP” and “BCYPW,” respectively, once the common stock and warrants begin separate trading.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters’ over-allotment option.

	<b>Payable by Big Cypress Acquisition Corp.</b>	
	<b>No Exercise of Over-Allotment</b>	<b>Full Exercise of Over-Allotment</b>
Per Unit <sup>(1)</sup>	\$ 0.50	\$ 0.50
Total <sup>(1)</sup>	\$ 5,000,000	\$ 5,750,000

(1) Includes \$0.367 per unit, or \$3,670,000 (or up to \$4,220,500 if the underwriters’ over-allotment option is exercised in full) in the aggregate payable to the representative of the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described in this prospectus. The deferred commissions will be released to the representative of the underwriters only on completion of an initial business combination, as described in this prospectus

We estimate that our portion of the total expenses of this offering payable by us will be \$642,500, excluding underwriting discounts and commissions. We have agreed to reimburse the underwriters for all expenses and fees related to the review by FINRA, including legal fees which will not exceed \$15,000, and up to an aggregate of \$35,000 for expenses (which includes expenses and fees related to FINRA and associated legal fees) including the investigations and background checks of our principals, all of which is included in the \$642,500 estimate of expenses.

## Price Stabilization, Short Positions

In connection with the offering, the underwriters may purchase and sell units in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the over-allotment option and stabilizing purchases, in accordance with Regulation M under the Exchange Act.

- Short sales involve secondary market sales by the underwriters of a greater number of units than it is required to purchase in the offering.
- “Covered” short sales are sales of units in an amount up to the number of units represented by the underwriters’ over-allotment option.
- “Naked” short sales are sales of units in an amount in excess of the number of units represented by the underwriters’ over-allotment option.
- Covering transactions involve purchases of units either pursuant to the over-allotment option or in the open market after the distribution has been completed in order to cover short positions.
- To close a naked short position, the underwriters must purchase units in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the units in the open market after pricing that could adversely affect investors who purchase in the offering.
- To close a covered short position, the underwriters must purchase units in the open market after the distribution has been completed or must exercise the over-allotment option. In determining the source of units to close the covered short position, the underwriters will consider, among other things, the price of units available for purchase in the open market as compared to the price at which they may purchase units through the over-allotment option.
- Stabilizing transactions involve bids to purchase units so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own account, may have the effect of preventing or retarding a decline in the market price of the units. They may also cause the price of the units to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, it may discontinue them at any time.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We are not under any contractual obligation to engage the underwriters to provide any services for us after this offering, and have no present intent to do so. However, the underwriters may introduce us to potential target businesses or assist us in raising additional capital in the future. If the underwriters provide services to us after this offering, we may pay the underwriters fair and reasonable fees that would be determined at that time in an arm’s length negotiation; provided that no agreement will be entered into with the underwriters and no fees for such services will be paid to the underwriters prior to the date that is 90 days from the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriters’ compensation in connection with this offering and we may pay the underwriters of this offering or any entity with which it is affiliated a finder’s fee or other compensation for services rendered to us in connection with the completion of an initial business combination.

The underwriters and their affiliates may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates, for which it may in the future receive, customary fees and commissions for any such transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## **Selling Restrictions**

### ***Notice to Prospective Investors in the European Economic Area***

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a “relevant member state”), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the “relevant implementation date”), an offer of units described in this prospectus may not be made to the public in that relevant member state prior to the publication of a prospectus in relation to the units that has been approved by the competent authority in that relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, with effect from and including the relevant implementation date, an offer of our units may be made to the public in that relevant member state at any time:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 100, or, if the relevant member state has implemented the relevant provisions of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the issuer for any such offer; or natural or legal persons (other than qualified investors as defined below) subject to obtaining the prior consent of the underwriters for any such offer; or
- in any other circumstances that do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

Each purchaser of units described in this prospectus located within a relevant member state will be deemed to have represented, acknowledged and agreed that it is a “qualified investor” within the meaning of Article 2(1)(e) of the Prospectus Directive.

For the purpose of this provision, the expression an “offer of units to the public” in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the units to be offered so as to enable an investor to decide to purchase or subscribe for the units, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive to the extent implemented by the relevant member state) and includes any relevant implementing measure in each relevant member state. The expression 2010 PD Amending Directive means Directive 2010/73/EU.

We have not authorized and do not authorize the making of any offer of units through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the units as contemplated in this prospectus. Accordingly, no purchaser of the units, other than the underwriters, is authorized to make any further offer of the units on behalf of us or the underwriters.

### ***Notice to Prospective Investors in the United Kingdom***

This prospectus is only being distributed to, and is only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive that are also (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “Order”) or (ii) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (each such person being referred to as a “relevant person”). The units are only available to, and any invitation, offer or agreement to purchase or otherwise acquire such units will be engaged in only with, relevant persons. This prospectus and its contents are confidential and should not be distributed, published or reproduced (in whole or in part) or disclosed by recipients to any other persons in the United Kingdom. Any person in the United Kingdom that is not a relevant person should not act or rely on this document or any of its contents.

### ***Notice to Prospective Investors in France***

Neither this prospectus nor any other offering material relating to the units described in this prospectus has been submitted to the clearance procedures of the Autorité des Marchés Financiers or of the competent authority of another member state of the European Economic Area and notified to the Autorité des Marchés Financiers. The units have not been offered or sold and will not be offered or sold, directly or indirectly, to the public in France. Neither this prospectus nor any other offering material relating to the units has been or will be:

- released, issued, distributed or caused to be released, issued or distributed to the public in France; or
- used in connection with any offer for subscription or sale of the units to the public in France.
- Such offers, sales and distributions will be made in France only:
- To qualified investors (investisseurs qualifiés) and/or to a restricted circle of investors (cercle restreint d'investisseurs), in each case investing for their own account, all as defined in, and in accordance with, articles L.411-2, D.411-1, D.411-2, D.734-1, D.744-1, D.754-1 and D.764-1 of the French Code monétaire et financier;
- to investment services providers authorized to engage in portfolio management on behalf of third parties; or
- in a transaction that, in accordance with article L.411-2-II-1° -or-2° -or 3° of the French Code monétaire et financier and article 211-2 of the General Regulations (Règlement Général) of the Autorité des Marchés Financiers, does not constitute a public offer (appel public à l'épargne).

The units may be resold directly or indirectly, only in compliance with articles L.411-1, L.411-2, L.412-1 and L.621-8 through L.621-8-3 of the French Code monétaire et financier.

### ***Notice to Prospective Investors in Hong Kong***

The units may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong) and no advertisement, invitation or document relating to the units may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to units which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

### ***Notice to Prospective Investors in Japan***

The units offered in this prospectus have not been and will not be registered under the Financial Instruments and Exchange Law of Japan. The units have not been offered or sold and will not be offered or sold, directly or indirectly, in Japan or to or for the account of any resident of Japan (including any corporation or other entity organized under the laws of Japan), except (i) pursuant to an exemption from the registration requirements of the Financial Instruments and Exchange Law and (ii) in compliance with any other applicable requirements of Japanese law.

### ***Notice to Prospective Investors in Singapore***

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the units may not be circulated or distributed, nor may the units be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA, in each case subject to compliance with conditions set forth in the SFA.

Where the units are subscribed or purchased under Section 275 of the SFA by a relevant person which is

- a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the shares pursuant to an offer made under Section 275 of the SFA except:
- to an institutional investor (for corporations, under Section 274 of the SFA) or to a relevant person defined in Section 275(2) of the SFA, or to any person pursuant to an offer that is made on terms that such shares, debentures and units of shares and debentures of that corporation or such rights and interest in that trust are acquired at a consideration of not less than \$200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of securities or other assets, and further for corporations, in accordance with the conditions specified in Section 275 of the SFA;
- where no consideration is or will be given for the transfer; or
- where the transfer is by operation of law.

### ***Notice to Prospective Investors in Canada***

The units may be sold in Canada only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the units must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 *Underwriting Conflicts* (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

### ***Notice to Prospective Investors in the Dubai International Financial Centre***

This prospectus relates to an Exempt Offer in accordance with the Offered Securities Rules of the Dubai Financial Services Authority (“DFSA”). This prospectus is intended for distribution only to persons of a type specified in the Offered Securities Rules of the DFSA. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this prospectus nor taken steps to verify the information set forth herein and has no responsibility for the prospectus. The securities to which this prospectus relates may be illiquid and/or subject to restrictions on their resale.

Prospective purchasers of the securities offered should conduct their own due diligence on the securities. If you do not understand the contents of this prospectus you should consult an authorized financial advisor.

### ***Notice to Prospective Investors in Australia***

No placement document, prospectus, product disclosure statement or other disclosure document has been lodged with the Australian Securities and Investments Commission (“ASIC”), in relation to the offering. This prospectus does not constitute a prospectus, product disclosure statement or other disclosure document under the Corporations Act 2001 (the “Corporations Act”), and does not purport to include the information required for a prospectus, product disclosure statement or other disclosure document under the Corporations Act. Any offer in Australia of the securities may only be made to persons (the “Exempt Investors”) who are “sophisticated investors” (within the meaning of section 708(8) of the Corporations Act), “professional investors” (within the meaning of section 708(11) of the Corporations Act) or otherwise pursuant to one or more exemptions contained in section 708 of the Corporations Act so that it is lawful to offer the securities without disclosure to investors under Chapter 6D of the Corporations Act.

The securities applied for by Exempt Investors in Australia must not be offered for sale in Australia in the period of 12 months after the date of allotment under the offering, except in circumstances where disclosure to investors under Chapter 6D of the Corporations Act would not be required pursuant to an exemption under section 708 of the Corporations Act or otherwise or where the offer is pursuant to a disclosure document which complies with Chapter 6D of the Corporations Act. Any person acquiring securities must observe such Australian on-sale restrictions. This prospectus contains general information only and does not take account of the investment objectives, financial situation or particular needs of any particular person. It does not contain any securities recommendations or financial product advice. Before making an investment decision, investors need to consider whether the information in this prospectus is appropriate to their needs, objectives and circumstances, and, if necessary, seek expert advice on those matters.

### ***Notice to Prospective Investors in Switzerland***

The securities may not be publicly offered in Switzerland and will not be listed on the SIX Swiss Exchange (“SIX”) or on any other stock exchange or regulated trading facility in Switzerland. This document has been prepared without regard to the disclosure standards for issuance prospectuses under art. 652a or art. 1156 of the Swiss Code of Obligations or the disclosure standards for listing prospectuses under art. 27 ff. of the SIX Listing Rules or the listing rules of any other stock exchange or regulated trading facility in Switzerland. Neither this document nor any other offering or marketing material relating to the securities or the offering may be publicly distributed or otherwise made publicly available in Switzerland.

Neither this document nor any other offering or marketing material relating to the offering, the company, the shares have been or will be filed with or approved by any Swiss regulatory authority. In particular, this document will not be filed with, and the offer of securities will not be supervised by, the Swiss Financial Market Supervisory Authority FINMA (FINMA), and the offer of securities has not been and will not be authorized under the Swiss Federal Act on Collective Investment Schemes (“CISA”). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of securities.

## LEGAL MATTERS

Dentons US LLP, New York, New York, is acting as counsel in connection with the registration of our securities under the Securities Act, and as such, will pass upon the validity of the securities offered in this prospectus. Certain legal matters will be passed upon on behalf of the underwriters by Graubard Miller, New York, New York.

## EXPERTS

The financial statements of Big Cypress Acquisition Corp. as of November 20, 2020 and for the period from November 12, 2020 (inception) through November 20, 2020 appearing in this prospectus, have been audited by Marcum LLP, our independent registered public accounting firm, as stated in their report therein (which contains an explanatory paragraph relating to substantial doubt about the ability of Big Cypress Acquisition Corp. to continue as a going concern as described in Note 1 to the financial statements), and are included in reliance on the report of such firm given upon their authority as experts in accounting and auditing.

## WHERE YOU CAN FIND ADDITIONAL INFORMATION

We have filed with the SEC a registration statement on Form S-1 under the Securities Act with respect to the securities we are offering by this prospectus. This prospectus does not contain all of the information included in the registration statement. For further information about us and our securities, you should refer to the registration statement and the exhibits and schedules filed with the registration statement. Whenever we make reference in this prospectus to any of our contracts, agreements or other documents, the references are materially complete but may not include a description of all aspects of such contracts, agreements or other documents, and you should refer to the exhibits attached to the registration statement for copies of the actual contract, agreement or other document.

Upon completion of this offering, we will be subject to the information requirements of the Exchange Act and will file annual, quarterly and current event reports, proxy statements and other information with the SEC. You can read our SEC filings, including the registration statement, over the Internet at the SEC's website at [www.sec.gov](http://www.sec.gov).

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of  
Big Cypress Acquisition Corp.

### Opinion on the Financial Statements

We have audited the accompanying balance sheet of Big Cypress Acquisition Corp. (the “Company”) as of November 20, 2020, the related statements of operations, changes in stockholders’ equity and cash flows for the period from November 12, 2020 (inception) through November 20, 2020, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of November 20, 2020, and the results of its operations and its cash flows for the period from November 12, 2020 (inception) through November 20, 2020, in conformity with accounting principles generally accepted in the United States of America.

### Explanatory Paragraph – Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 1 to the financial statements, the Company’s ability to execute its business plan is dependent upon its completion of the proposed initial public offering described in Note 3 to the financial statements. The Company has a working capital deficit as of November 20, 2020 and lacks the financial resources it needs to sustain operations for a reasonable period of time, which is considered to be one year from the issuance date of the financial statements. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management’s plans with regard to these matters are also described in Notes 1 and 3. The financial statements do not include any adjustments that might become necessary should the Company be unable to continue as a going concern.

### Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

*/s/ Marcum LLP*

---

Marcum LLP

We have served as the Company’s auditor since 2020.

New York, NY

December 7, 2020, except for the second paragraph of Note 8 as to which the date is January 4, 2021

**BIG CYPRESS ACQUISITION CORP.**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 1 — Organization, Business Operations and Going Concern**

Big Cypress Acquisition Corp. (the “Company”) is a newly organized blank check company incorporated in Delaware on November 12, 2020. The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses (“Business Combination”). The Company has not selected any specific business combination target and the Company has not, nor has anyone on its behalf, initiated any substantive discussions, directly or indirectly, with any business combination target with respect to the Business Combination.

The Company has selected December 31 as its fiscal year end.

As of November 20, 2020, the Company had not commenced any operations. All activity for the period from November 12, 2020 (inception) through November 20, 2020 relates to the Company’s formation and the proposed public offering described below. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Proposed Public Offering (as defined below).

The Company’s sponsor is Big Cypress Holdings LLC, a Delaware limited liability company (the “Sponsor”). The Company’s ability to commence operations is contingent upon obtaining adequate financial resources through a proposed public offering of 10,000,000 units at \$10.00 per unit (the “Units”) (or 11,500,000 units if the underwriters’ over-allotment option is exercised in full), which is discussed in Note 3 (the “Proposed Public Offering”), and the sale of 382,250 units (or up to 417,200 units if the underwriters’ over-allotment option is exercised in full) (the “Private Units”) at a price of \$10.00 per unit in a private placement to the Company’s sponsor that will close simultaneously with the Proposed Public Offering. Each Unit consists of one share of common stock, and one-half redeemable warrant to purchase one share of common stock at a price of \$11.50 per whole share. The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Proposed Public Offering and the Private Units, although substantially all of the net proceeds are intended to be generally applied toward consummating a Business Combination (less deferred underwriting commissions).

The Company’s Business Combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (as defined below) (net of taxes payable) at the time of the signing an agreement to enter into a Business Combination. However, the Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination.

Upon the closing of the Proposed Public Offering, management has agreed that an aggregate of \$10.10 per Unit sold in the Proposed Public Offering will be held in a trust account (“Trust Account”) and invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company. Except with respect to interest earned on the funds held in the trust account that may be released to the Company to pay its franchise and income tax obligations (less up to \$100,000 of interest to pay dissolution expenses), the proceeds from this offering and the sale of the Placement Units will not be released from the trust account until the earliest of (a) the completion of the Company’s initial business combination, (b) the redemption of any public shares properly submitted in connection with a stockholder vote to amend the Company’s amended and restated certificate of incorporation, and (c) the redemption of the Company’s public shares if the Company is unable to complete the initial business combination within 15 months (or up to 21 months) from the closing of this offering, subject to applicable law. The proceeds deposited in the trust account could become subject to the claims of the Company’s creditors, if any, which could have priority over the claims of the Company’s public stockholders.

The Company will provide its public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of the initial business combination either (i) in connection with a stockholder meeting called to approve the initial business combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a proposed initial business combination or conduct a tender offer will be made by the Company, solely in its discretion. The stockholders will be entitled to redeem their shares for a pro rata portion of the amount then on deposit in the Trust Account (initially approximately \$10.10 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations).

The shares of common stock subject to redemption will be recorded at a redemption value and classified as temporary equity upon the completion of the Proposed Public Offering, in accordance with Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon such consummation of a Business Combination and, if the Company seeks stockholder approval, a majority of the issued and outstanding shares voted are voted in favor of the Business Combination.

The Company will have 15 months (or up to 21 months) from the closing of the Proposed Public Offering to consummate a Business Combination (the “Combination Period”). However, if the Company is unable to complete a Business Combination within the Combination Period, the Company will redeem 100% of the outstanding public shares for a pro rata portion of the funds held in the trust account, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to the Company to pay its franchise and income taxes, divided by the number of then outstanding public shares, subject to applicable law and as further described in registration statement, and then seek to dissolve and liquidate.

The Sponsor, officers and directors have agreed to (i) waive their redemption rights with respect to their founder shares and placement shares in connection with the completion of the initial business combination, (ii) waive their redemption rights with respect to their founder shares and placement shares in connection with a stockholder vote to approve an amendment to the Company’s amended and restated certificate of incorporation, and (iii) waive their rights to liquidating distributions from the trust account with respect to their founder shares and placement shares if the Company fails to complete the initial business combination within the Combination Period.

The Company’s Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.00 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company’s indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, the Company has not asked its Sponsor to reserve for such indemnification obligations, nor has the Company independently verified whether its Sponsor has sufficient funds to satisfy its indemnity obligations and believe that the Company’s Sponsor’s only assets are securities of the Company. Therefore, the Company cannot assure that its Sponsor would be able to satisfy those obligations.

#### **Going Concern Consideration**

As of November 20, 2020, the Company had \$25,000 in cash and a working capital deficit of \$30,563 (excluding deferred offering costs). The Company has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. Management plans to address this uncertainty through a Proposed Public Offering as discussed in Note 3. There is no assurance that the Company’s plans to raise capital or to consummate a business combination will be successful within the combination period. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **Risks and Uncertainties**

Management is currently evaluating the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company's financial position, results of its operations, close of the Proposed Public Offering, and/or search for a target company, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **Note 2 — Significant Accounting Policies**

### **Basis of Presentation**

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("US GAAP") and pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC").

### **Emerging Growth Company Status**

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended, (the "Securities Act"), as modified by the Jumpstart our Business Startups Act of 2012, (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

### **Use of Estimates**

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

### **Cash and Cash Equivalents**

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of November 20, 2020.

## **Deferred Offering Costs**

Deferred offering costs consist of legal fees incurred through the balance sheet date that are directly related to the Proposed Public Offering and that will be charged to stockholders' equity upon the completion of the Proposed Public Offering. Should the Proposed Public Offering prove to be unsuccessful, these deferred costs, as well as additional expenses to be incurred, will be charged to operations.

## **Fair Value of Financial Instruments**

The fair value of the Company's assets and liabilities approximates the carrying amounts represented in the accompanying balance sheet, primarily due to their short-term nature.

## **Net Loss Per Common Share**

Net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period, excluding common stock subject to forfeiture. Weighted average shares were reduced for the effect of an aggregate of 375,000 shares of common stock that are subject to forfeiture if the over-allotment option is not exercised by the underwriters (see Note 5 and Note 8). At November 20, 2020, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into common stock and then share in the earnings of the Company. As a result, diluted loss per share is the same as basic loss per share for the period presented.

## **Income Taxes**

The Company accounts for income taxes under ASC 740 Income Taxes ("ASC 740"). ASC 740 requires the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial statement and tax basis of assets and liabilities and for the expected future tax benefit to be derived from tax loss and tax credit carry forwards. ASC 740 additionally requires a valuation allowance to be established when it is more likely than not that all or a portion of deferred tax assets will not be realized.

ASC 740 also clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim period, disclosure and transition.

The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of November 20, 2020. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position.

The Company has identified the United States as its only "major" tax jurisdiction.

The Company may be subject to potential examination by federal and state taxing authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with federal and state tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

The provision for income taxes was deemed to be de minimus immaterial for the period from November 12, 2020 (inception) through November 20, 2020.

## **Concentration of Credit Risk**

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

## Recent Accounting Pronouncements

Management does not believe that any recently issued, but not effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

## Note 3 — Proposed Public Offering

In the Proposed Public Offering, the Company will offer for sale up to 10,000,000 Units, (or 11,500,000 Units if the underwriters' over-allotment option is exercised in full) at a purchase price of \$10.00 per Unit. Each unit that the Company is offering has a price of \$10.00 and consists of one share of common stock, and one-half warrant to purchase one share of common stock. Each whole warrant will entitle the holder to purchase one share of common stock at a price of \$11.50 per share, subject to adjustment. Each warrant will become exercisable on the later of 30 days after the completion of the initial Business Combination or 12 months from the closing of this offering and will expire five years after the completion of the initial Business Combination, or earlier upon redemption or liquidation. (see Note 7).

## Note 4 — Private Placement

The Company's sponsor has agreed to purchase an aggregate of 382,250 Placement Units, or 417,200 Placement Units if the underwriter's over-allotment option is exercised in full, at a price of \$10.00 per Placement Unit, for an aggregate purchase price of \$3,822,500, or \$4,172,000 if the underwriter's over-allotment option is exercised in full. The private placement will occur simultaneously with the closing of the Proposed Public Offering. A portion of the purchase price of the Placement Units will be added to the proceeds from this Proposed Public Offering to be held in the trust account such that, at the time of closing, \$101 million (or \$116.15 million if the underwriters exercise their over-allotment option in full) will be held in the trust account. Each Placement Unit will be identical to the Units sold in this Proposed Public Offering, except for the placement warrants ("Placement Warrants") (see Note 7). If the Company does not complete its initial business combination within 15 months (or up to 21 months) from the closing of this Proposed Public Offering, the proceeds from the sale of the Placement Units held in the trust account will be used to fund the redemption of its public shares (subject to the requirements of applicable law) and the Placement Warrants will expire worthless.

## Note 5 — Related Party Transactions

### Founder Shares

On November 12, 2020, the Company issued 2,156,250 shares of common stock to the Sponsor for \$25,000 in cash, or approximately \$0.012 per share, in connection with formation. On December 7, 2020, the Sponsor forfeited 161,719 founder shares to the Company and Ladenburg Thalmann & Co. Inc., the representative of the underwriters, and certain of its employees ("Ladenburg") purchased from the Company an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. The founder shares include an aggregate of up to 260,156 shares will be subject to forfeiture by the Sponsor and up to 21,094 representative shares held by Ladenburg and certain of its employees will be subject to forfeiture if the over-allotment option is not exercised by the underwriters in full.

On January 3, 2021, the Company effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, the Sponsor forfeited 28,750 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, the Sponsor currently own 2,630,625 shares (including up to 343,125 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part) (see Note 8). All shares of common stock and associated amounts have been retroactively restated as disclosed in Note 8.

The Sponsor has agreed not to transfer, assign or sell 50% of its founder shares until the earlier to occur of (A) six months after the completion of the Company's initial business combination or (B) the date the last sale price of the Company's common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the Company's initial business combination, and the remaining 50% of the founder shares until six months after the completion of the Company's initial business combination, or earlier, if, in either case, subsequent to the Company's initial business combination, the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction that results in all of its stockholders having the right to exchange their shares of common stock for cash, securities or other property.

## **Representative Shares**

On December 7, 2020, the Sponsor forfeited 161,719 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. On January 4, 2021, the Sponsor forfeited 28,750 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. Following the 1/3 common stock dividend effected January 3, 2020 (as described herein), Ladenburg and certain of its employees now hold an aggregate of 244,375 representative shares (of which up to 31,875 are subject to forfeiture) (see Note 8).

Ladenburg and certain of its employees have entered into a subscription agreement with the Company, pursuant to which they have agreed to (i) waive their redemption rights with respect to their representative shares, as applicable, and public shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their representative shares, as applicable, (iii) waive their rights to liquidating distributions from the trust account with respect to their representative shares if the Company fails to complete the initial business combination within the Combination Period.

## **Promissory Note – Related Party**

On November 19, 2020, the Company issued an unsecured promissory note to the Sponsor for an aggregate principal amount of \$250,000 to be used for a portion of the expenses of this offering. This loan is non-interest bearing, unsecured and due at the earlier of March 31, 2021 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the estimated \$750,000 of offering proceeds that has been allocated to the payment of offering expenses (other than underwriting commissions). On December 4, 2020, the Company and the Sponsor effected a drawdown of the loan in the amount of \$150,000.

## **Related Party Loans**

In order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of the working capital held outside the Trust Account to repay the Working Capital Loans but no proceeds from the Trust Account would be used to repay the Working Capital Loans. Up to \$1,500,000 of such Working Capital Loans may be convertible into units at a price of \$10.00 per unit at the option of the lender, upon consummation of the Company's Initial Business Combination. The units would be identical to the Placement Units. At November 20, 2020, no Working Capital Loans were outstanding.

## **Administrative Service Fee**

The Company has agreed, commencing on the effective date of the prospectus, to pay an affiliate of the Company's Sponsor a monthly fee of an aggregate of \$10,000 for office space, utilities and secretarial and administrative support. Upon completion of the Company's Business Combination or its liquidation, the Company will cease paying these monthly fees.

## **Note 6 — Commitments and Contingencies**

### **Registration Rights**

The holders of the founder shares, representative shares, placement units, and units that may be issued upon conversion of working capital loans will have registration rights to require the Company to register a sale of any of its securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These holders will be entitled to make up to three demands, excluding short form registration demands, that the Company registers such securities for sale under the Securities Act. In addition, these holders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

## Underwriters Agreement

The underwriters have a 45-day option from the date of Proposed Public Offering to purchase up to an additional 1,500,000 units to cover over-allotments, if any.

The underwriters will be entitled to a cash underwriting discount of one and one third percent (1.33%) of the gross proceeds of the Proposed Public Offering, or \$1,330,000 (or up to \$1,529,500 if the underwriters' over-allotment is exercised in full). Additionally, the underwriters will be entitled to a deferred underwriting discount of 3.67% of the gross proceeds of the Proposed Public Offering held in the Trust Account upon the completion of the Company's initial business combination subject to the terms of the underwriting agreement.

### Note 7 — Stockholders' Equity

**Preferred Stock** — The Company is authorized to issue a total of 1,000,000 preferred shares at par value of \$0.0001 each. At November 20, 2020, there were no shares of preferred shares issued or outstanding.

**Common Stock** — The Company is authorized to issue a total of 50,000,000 shares of common stock at par value of \$0.0001 each. At November 20, 2020, the Company issued 2,156,250 common shares to its initial stockholders for \$25,000, or approximately \$0.012 per share. In November 2020, the Sponsor forfeited 161,719 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. Up to 260,156 founder shares will be subject to forfeiture by the Sponsor and up to 21,094 representative shares held by Ladenburg and certain of its employees will be subject to forfeiture, if the over-allotment option is not exercised by the underwriters in full.

On January 3, 2021, the Company effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, the Sponsor forfeited 28,750 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, the Sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). All shares of common stock and associated amounts have been retroactively restated (see Note 8).

The Company's initial stockholder has agreed not to transfer, assign or sell 50% of its founder shares until the earlier to occur of (A) six months after the completion of the Company's initial business combination or (B) the date the last sale price of the Company's common stock equals or exceeds \$12.50 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing after the Company's initial business combination, and not to transfer, assign or sell the remaining 50% of the founder shares until six months after the completion of the Company's initial business combination, or earlier, if, in either case, subsequent to the Company's initial business combination, the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction that results in all of its stockholders having the right to exchange their shares of common stock for cash, securities or other property. Any permitted transferees will be subject to the same restrictions and other agreements of the Company's initial stockholders with respect to any founder shares.

**Warrants** — No warrants are currently outstanding. Each whole warrant entitles the holder to purchase one share of the Company's common stock at a price of \$11.50 per share, subject to adjustment as discussed herein. In addition, if (x) the Company issues additional shares of common stock or equity-linked securities for capital raising purposes in connection with the closing of its initial business combination at an issue price or effective issue price of less than \$9.20 per share of common stock (with such issue price or effective issue price to be determined in good faith by the Company's board of directors and, in the case of any such issuance to the Company's sponsor or its affiliates, without taking into account any founder shares held by the Company's sponsor or its affiliates, prior to such issuance) (the "Newly Issued Price"), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial business combination on the date of the consummation of the initial business combination (net of redemptions), and (z) the volume weighted average trading price of the Company's common stock during the 20 trading day period starting on the trading day prior to the day on which the Company consummates the initial business combination (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described below under "Redemption of warrants" will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

The warrants will become exercisable on the later of 12 months from the closing of this offering or 30 days after the completion of its initial business combination, and will expire five years after the completion of the Company's initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

The Company will not be obligated to deliver any shares of common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of common stock underlying the warrants is then effective and a prospectus is current. No warrant will be exercisable and the Company will not be obligated to issue shares of common stock upon exercise of a warrant unless common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In no event will the Company be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of common stock underlying such unit.

Once the warrants become exercisable, the Company may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption (the "30-day redemption period") to each warrant holder; and
- if, and only if, the reported last sale price of the common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending three business days before the Company send the notice of redemption to the warrant holders.

The Placement Warrants will be identical to the Public Warrants underlying the Units being sold in the Proposed Public Offering, except that the Placement Warrants and the common stock issuable upon the exercise of the Placement Warrants will not be transferable, assignable or salable until after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Placement Warrants will be exercisable on a cashless basis and be non-redeemable so long as they are held by the initial purchasers or their permitted transferees. If the Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

If the Company calls the warrants for redemption as described above, the management will have the option to require any holder that wishes to exercise its warrant to do so on a "cashless basis." If the management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering their warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the excess of the "fair market value" (defined below) over the exercise price of the warrants by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants.

#### **Note 8 — Subsequent Events**

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Other than as described in these financial statements, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

On January 3, 2021, the Company effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, the Sponsor forfeited 28,750 founder shares to the Company and Ladenburg and certain of its employees purchased from the Company an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, the Sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). All shares of common stock and associated amounts have been retroactively restated.

## INFORMATION NOT REQUIRED IN PROSPECTUS

### Item 13. Other Expenses of Issuance and Distribution.

The estimated expenses payable by us in connection with the offering described in this registration statement (other than the underwriting discount and commissions) will be as follows:

Legal fees and expenses	227,500
Accounting fees and expenses	40,000
SEC/FINRA Expenses	20,000
Travel and road show	0
NASDAQ listing and filing fees	50,000
Director and Officer liability insurance premiums <sup>(1)</sup>	250,000
Printing and engraving expenses	30,000
Miscellaneous	25,000
Total offering expenses (excluding underwriting commissions)	<u>\$ 642,500</u>

- (1) This amount represents the approximate amount of annual director and officer liability insurance premiums the registrant anticipates paying following the completion of its initial public offering and until it completes an initial business combination.

### Item 14. Indemnification of Directors and officers.

Our amended and restated certificate of incorporation will provide that all of our directors, officers, employees and agents shall be entitled to be indemnified by us to the fullest extent permitted by Section 145 of the Delaware General Corporation Law ("DGCL"). Section 145 of the Delaware General Corporation Law concerning indemnification of officers, directors, employees and agents is set forth below.

Section 145. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former officers and directors or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

(h) For purposes of this section, references to “the corporation” shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

(i) For purposes of this section, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the corporation” as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any by law, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation’s obligation to advance expenses (including attorneys’ fees).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

In accordance with Section 102(b)(7) of the DGCL, our amended and restated certificate of incorporation, will provide that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL. The effect of this provision of our amended and restated certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders’ derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director’s duty of care.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our amended and restated certificate of incorporation, the liability of our directors to us or our stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our amended and restated certificate of incorporation limiting or eliminating the liability of directors, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to further limit or eliminate the liability of directors on a retroactive basis.

Our amended and restated certificate of incorporation will also provide that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former officers and directors, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney's fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred or suffered by any such person in connection with any such proceeding.

Notwithstanding the foregoing, a person eligible for indemnification pursuant to our amended and restated certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

The right to indemnification which will be conferred by our amended and restated certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition, provided, however, that if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our amended and restated certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our amended and restated certificate of incorporation may have or hereafter acquire under law, our amended and restated certificate of incorporation, our bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

Any repeal or amendment of provisions of our amended and restated certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our amended and restated certificate of incorporation will also permit us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our amended and restated certificate of incorporation.

Our bylaws, which we intend to adopt immediately prior to the closing of this offering, include the provisions relating to advancement of expenses and indemnification rights consistent with those which will be set forth in our amended and restated certificate of incorporation. In addition, our bylaws provide for a right of indemnity to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnification agreements with each of our officers and directors a form of which is to be filed as an exhibit to this Registration Statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Pursuant to the Underwriting Agreement to be filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the underwriters and the underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

#### **Item 15. Recent Sales of Unregistered Securities.**

On November 12, 2020, our sponsor paid an aggregate of \$25,000 on behalf of us to cover certain offering costs in exchange for 2,156,250 founder shares, or approximately \$0.012 per share. On December 7, 2020, our sponsor forfeited 161,719 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 161,719 representative shares at an average purchase price of approximately \$0.012 per share, for an aggregate purchase price of \$1,875. The number of founder shares and representative shares issued was determined based on the expectation that such founder shares and representative shares held by our sponsor and Ladenburg and its employees would represent 20% of the outstanding shares after this offering (excluding the placement units and the shares of common stock and warrants underlying the placement units). The founder shares and representative shares will be worthless if we do not complete an initial business combination. Such securities were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act. Our sponsor is an accredited investor for purposes of Rule 501 of Regulation D. After the completion of the offering and the private placement, our sponsor and Ladenburg and certain of its employees will own approximately 20.72% and 1.65% of our issued and outstanding shares of common stock, respectively (including the placement shares and assuming they do not purchase any units in this offering).

On January 3, 2021, we effected a stock dividend of 1/3 of a share of common stock for every share of common stock outstanding, resulting in an aggregate of 2,875,000 founder shares outstanding (including up to 375,000 shares subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part). On January 4, 2021, our sponsor forfeited 28,750 founder shares to us and Ladenburg and certain of its employees purchased from us an aggregate of 28,750 representative shares at an average purchase price of approximately \$0.008 per share, for an aggregate purchase price of \$230. As a result, our sponsor currently own 2,630,625 shares and Ladenburg and certain of its employees currently own 244,375 representative shares (including up to 343,125 and 31,875 shares, respectively, subject to forfeiture to the extent that the underwriters' over-allotment is not exercised in full or in part).

On or before the date of the prospectus accompanying this registration statement, our sponsor has agreed to purchase an aggregate of 382,250 placement units at a price of \$10.00 per unit (417,200 placement units if the over-allotment option is exercised in full), for an aggregate purchase price of \$3,822,500 (or \$4,172,000 if the over-allotment option is exercised in full). These placement units will be issued pursuant to the exemption from registration contained in Section 4(2) of the Securities Act as they will be sold to "accredited investors" as defined in Rule 501(a) of the Securities Act. No underwriting discounts or commissions will be paid with respect to such sales. A private placement subscription agreement has been entered into with our sponsor in connection with these placement units and a copy of such agreement is attached as exhibits to this Registration Statement.

#### **Item 16. Exhibits and Financial Statement Schedules.**

- (b) *Financial Statements.* See page F-1 for an index to the financial statements and schedules included in the registration statement.

#### **Item 17. Undertakings.**

(a) The undersigned registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) For the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(4) For the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

## WARRANT AGREEMENT

THIS WARRANT AGREEMENT (this “*Agreement*”), dated as of [\_\_\_\_], 2021 is by and between Big Cypress Acquisition Corp., a Delaware corporation (the “*Company*”), and Continental Stock Transfer & Trust Company, a New York corporation, as warrant agent (the “*Warrant Agent*”, also referred to herein as the “*Transfer Agent*”).

WHEREAS, the Company is engaged in an initial public offering (the “*Offering*”) of units of the Company’s equity securities, each such unit comprised of one share of common stock of the Company, par value \$0.0001 per share (“*Common Stock*”) and one-half of one redeemable Public Warrant (as defined below) (the “*Units*”) and, in connection therewith, has determined to issue and deliver up to 5,000,000 warrants (or up to 5,750,000 warrants if the Over-Allotment Option (as defined below) is exercised in full) to public investors in the Offering (the “*Public Warrants*”); and

WHEREAS, on [\_\_\_\_], 2021 the Company entered into a Units Subscription Agreement with Big Cypress Holdings LLC, a Delaware limited liability company (the “*Sponsor*”), pursuant to which the Sponsor agreed to purchase an aggregate of 382,250 Units (or up to 417,200 Units if the Over-Allotment Option is exercised in full) simultaneously with the closing of the Offering at a purchase price of \$10.00 per Unit and in connection therewith, will issue and deliver up to an aggregate of 191,125 warrants (or up to 208,599 warrants if the Over-Allotment Option is exercised in full) bearing the legend set forth in Exhibit B hereto (“*Private Placement Warrants*”); and

WHEREAS, in order to finance the Company’s transaction costs in connection with an intended initial Business Combination (as defined below), the Sponsor or an affiliate of the Sponsor or certain of the Company’s executive officers and directors may, but are not obligated to, loan to the Company funds as the Company may require, of which up to \$1,500,000 of such loans may be convertible into up to an additional 150,000 Units at a price of \$10.00 per Unit, and in connection therewith, will issue and deliver up to an aggregate of 75,000 warrants (the “*Working Capital Warrants*”); and

WHEREAS, following consummation of the Offering, the Company may issue additional warrants (“*Post-IPO Warrants*”); together with the Private Placement Warrants, the Working Capital Warrants and the Public Warrants, the “*Warrants*”) in connection with, or following the consummation by the Company of, a Business Combination (defined below); and

WHEREAS, the Company has filed with the Securities and Exchange Commission (the “*Commission*”) a registration statement on Form S-1, File No. 333-251178 (the “*Registration Statement*”) and prospectus (the “*Prospectus*”), for the registration, under the Securities Act of 1933, as amended (the “*Securities Act*”), of the Units, the Public Warrants and the Common Stock included in the Units; and

WHEREAS, the Company desires the Warrant Agent to act on behalf of the Company, and the Warrant Agent is willing to so act, in connection with the issuance, registration, transfer, exchange, redemption and exercise of the Warrants; and

WHEREAS, the Company desires to provide for the form and provisions of the Warrants, the terms upon which they shall be issued and exercised, and the respective rights, limitation of rights, and immunities of the Company, the Warrant Agent, and the holders of the Warrants; and

WHEREAS, all acts and things have been done and performed which are necessary to make the Warrants, when executed on behalf of the Company and countersigned by or on behalf of the Warrant Agent, as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Warrant Agent. The Company hereby appoints the Warrant Agent to act as agent for the Company for the Warrants, and the Warrant Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.

2. Warrants.

2.1 Form of Warrant. Each Warrant shall be issued in registered form only, and, if a physical certificate is issued, shall be in substantially the form of Exhibit A hereto, the provisions of which are incorporated herein and shall be signed by, or bear the facsimile signature of, the Chairman of the Board, President, Chief Executive Officer, Chief Financial Officer, Secretary or other principal officer of the Company. In the event the person whose facsimile signature has been placed upon any Warrant shall have ceased to serve in the capacity in which such person signed the Warrant before such Warrant is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.

2.2 Effect of Countersignature. If a physical certificate is issued, unless and until countersigned by the Warrant Agent pursuant to this Agreement, a Warrant certificate shall be invalid and of no effect and may not be exercised by the holder thereof.

2.3 Registration.

2.3.1 Warrant Register. The Warrant Agent shall maintain books (the "**Warrant Register**") for the registration of original issuance and the registration of transfer of the Warrants. Upon the initial issuance of the Warrants, the Warrant Agent shall issue and register the Warrants in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Warrant Agent by the Company. All of the Public Warrants shall initially be represented by one or more book-entry certificates (each, a "**Book-Entry Warrant Certificate**") deposited with The Depository Trust Company (the "**Depository**") and registered in the name of Cede & Co., a nominee of the Depository. Ownership of beneficial interests in the Public Warrants shall be shown on, and the transfer of such ownership shall be effected through, records maintained by (i) the Depository or its nominee for each Book-Entry Warrant Certificate, or (ii) institutions that have accounts with the Depository (each such institution, with respect to a Warrant in its account, a "**Participant**").

If the Depository subsequently ceases to make its book-entry settlement system available for the Public Warrants, the Company may instruct the Warrant Agent regarding making other arrangements for book-entry settlement. In the event that the Public Warrants are not eligible for, or it is no longer necessary to have the Public Warrants available in, book-entry form, the Warrant Agent shall provide written instructions to the Depository to deliver to the Warrant Agent for cancellation each Book-Entry Warrant Certificate, and the Company shall instruct the Warrant Agent to deliver to the Depository definitive certificates in physical form evidencing such Warrants ("**Definitive Warrant Certificate**"). Such Definitive Warrant Certificate shall be in the form annexed hereto as Exhibit A, with appropriate insertions, modifications and omissions, as provided above.

2.3.2 Registered Holder. Prior to due presentment for registration of transfer of any Warrant, the Company and the Warrant Agent may deem and treat the person in whose name such Warrant is registered in the Warrant Register (the "**Registered Holder**") as the absolute owner of such Warrant and of each Warrant represented thereby (notwithstanding any notation of ownership or other writing on a Definitive Warrant Certificate made by anyone other than the Company or the Warrant Agent), for the purpose of any exercise thereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary.

2.4 Detachability of Warrants. The Common Stock and Public Warrants comprising the Units shall begin separate trading on the 52nd day following the date of the Prospectus or, if such 52nd day is not on a day, other than a Saturday, Sunday or federal holiday, on which banks in New York City are generally open for normal business (a "**Business Day**"), then on the immediately succeeding Business Day following such date, or earlier (the "**Detachment Date**") with the consent of Ladenburg Thalmann & Co. Inc., as representative of the several underwriters (the "**Representative**"), but in no event shall the Common Stock and the Public Warrants comprising the Units be separately traded until (A) the Company has filed a current report on Form 8-K with the Commission containing an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Offering, including the proceeds received by the Company from the exercise by the underwriters of their right to purchase additional Units in the Offering (the "**Over-Allotment Option**"), if the Over-Allotment Option is exercised prior to the filing of the current report on Form 8-K, and (B) the Company issues a press release and files with the Commission a current report on Form 8-K announcing when such separate trading shall begin.

2.5 No Fractional Warrants Other Than as Part of Units. The Company shall not issue fractional Warrants other than as part of the Units, each of which is comprised of one share of Common Stock and one-half of one Public Warrant. If, upon the detachment of Public Warrants from Units or otherwise, a holder of Warrants would be entitled to receive a fractional Warrant, the Company shall round down to the nearest whole number the number of Warrants to be issued to such holder.

2.6 Private Placement Warrants and Working Capital Warrants. The Private Placement Warrants and the Working Capital Warrants shall be identical to the Public Warrants, except that so long as they are held by the Sponsor or any Permitted Transferees (as defined below), as applicable, the Private Placement Warrants and the Working Capital Warrants: (i) may be exercised for cash or on a cashless basis, pursuant to subsection 3.3.1(c) hereof, (ii) may not be transferred, assigned or sold until thirty (30) days after the completion by the Company of an initial Business Combination (as defined below), and (iii) shall not be redeemable by the Company; provided, however, that in the case of (ii) the Private Placement Warrants and the Working Capital Warrants and any shares of Common Stock held by the Sponsor or any Permitted Transferees, as applicable, and issued upon exercise of the Private Placement Warrants and the Working Capital Warrants may be transferred by the holders thereof:

(a) to the Company's officers or directors, any affiliate or family member of any of the Company's officers or directors, any affiliate of the Sponsor or to any member(s) of the Sponsor or any of their affiliates, officers, directors and direct and indirect equityholders;

(b) in the case of an individual, by gift to a member such individual's immediate family or to a trust, the beneficiary of which is a member of such individual's immediate family, an affiliate of such individual or to a charitable organization;

(c) in the case of an individual, by virtue of the laws of descent and distribution upon death of any of our officers, our directors, the initial stockholders, or members of our sponsor or any of their affiliates;

(d) in the case of an individual, pursuant to a qualified domestic relations order;

(e) by private sales or transfers made in connection with the consummation of an initial Business Combination at prices no greater than the price at which the Warrants were originally purchased or otherwise with the consent of the Company;

(f) in the event of the Company's liquidation prior to consummation of the Company's Business Combination; or

(g) by virtue of the laws of the State of Delaware or the Sponsor's limited liability company agreement upon dissolution of the Sponsor; provided, however, that, in the case of clauses (a) through (e) or (g), these permitted transferees (the "***Permitted Transferees***") must enter into a written agreement with the Company agreeing to be bound by the transfer restrictions in this Agreement.

2.7 Working Capital Warrants. The Working Capital Warrants shall be identical to the Private Placement Warrants.

2.8 Post-IPO Warrants. The Post-IPO Warrants, when and if issued, shall have the same terms and be in the same form as the Public Warrants except as may be agreed upon by the Company.

### 3. Terms and Exercise of Warrants.

3.1 Warrant Price. Each whole Warrant shall entitle the Registered Holder thereof, subject to the provisions of such Warrant and of this Agreement, to purchase from the Company the number of shares of Common Stock stated therein, at the price of \$11.50 per share, subject to the adjustments provided in Section 4 hereof and in the last sentence of this Section 3.1. The term “Warrant Price” as used in this Agreement shall mean the price per share at which shares of Common Stock may be purchased at the time a Warrant is exercised. The Company in its sole discretion may lower the Warrant Price at any time prior to the Expiration Date (as defined below) for a period of not less than twenty (20) Business Days, provided, that the Company shall provide at least twenty (20) days prior written notice of such reduction to Registered Holders of the Warrants and, provided further that any such reduction shall be identical among all of the Warrants.

3.2 Duration of Warrants. A Warrant may be exercised only during the period (the “*Exercise Period*”) commencing on the later of: (i) the date that is thirty (30) days after the first date on which the Company completes a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses (a “*Business Combination*”), or (ii) the date that is twelve (12) months from the date of the closing of the Offering, and terminating at 5:00 p.m., New York City time on the earlier to occur of: (x) the date that is five (5) years after the date on which the Company completes its initial Business Combination, (y) the liquidation of the Company if the Company fails to complete a Business Combination, or (z) other than with respect to the Private Placement Warrants and the Working Capital Warrants to the extent then held by the original purchasers thereof or their Permitted Transferees, the Redemption Date (as defined below) as provided in Section 6.2 hereof (the “*Expiration Date*”); provided, however, that the exercise of any Warrant shall be subject to the satisfaction of any applicable conditions, as set forth in subsection 3.3.2 below with respect to an effective registration statement. Except with respect to the right to receive the Redemption Price (as defined below) (other than with respect to a Private Placement Warrant or a Working Capital Warrant) to the extent then held by the original purchasers thereof or their Permitted Transferees in the event of a redemption (as set forth in Section 6 hereof), each outstanding Warrant (other than a Private Placement Warrant or a Working Capital Warrant to the extent then held by the original purchasers thereof or their Permitted Transferees in the event of a redemption) not exercised on or before the Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Agreement shall cease at 5:00 p.m. New York City time on the Expiration Date. The Company in its sole discretion may extend the duration of the Warrants by delaying the Expiration Date; provided, that the Company shall provide at least twenty (20) days prior written notice of any such extension to Registered Holders of the Warrants and, provided further that any such extension shall be identical in duration among all the Warrants.

#### 3.3 Exercise of Warrants.

3.3.1 Payment. Subject to the provisions of the Warrant and this Agreement, a Warrant may be exercised by the Registered Holder thereof by delivering to the Warrant Agent at its corporate trust department (i) the Definitive Warrant Certificate evidencing the Warrants to be exercised, or, in the case of a Book-Entry Warrant Certificate, the Warrants to be exercised (the “*Book-Entry Warrants*”) on the records of the Depository to an account of the Warrant Agent at the Depository designated for such purposes in writing by the Warrant Agent to the Depository from time to time, (ii) an election to purchase (“*Election to Purchase*”) shares of Common Stock pursuant to the exercise of a Warrant, properly completed and executed by the Registered Holder on the reverse of the Definitive Warrant Certificate or, in the case of a Book-Entry Warrant Certificate, properly delivered by the Participant in accordance with the Depository’s procedures, and (iii) payment in full of the Warrant Price for each full share of Common Stock as to which the Warrant is exercised and any and all applicable taxes due in connection with the exercise of the Warrant, the exchange of the Warrant for the shares of Common Stock and the issuance of such shares of Common Stock, as follows:

(a) by certified check payable to the order of the Warrant Agent or by wire transfer;

(b) in the event of a redemption pursuant to Section 6 hereof in which the Company’s board of directors (the “*Board*”) has elected to require all holders of the Warrants to exercise such Warrants on a “cashless basis,” by surrendering the Warrants for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value”, as defined in this subsection 3.3.1(b) by (y) the Fair Market Value; provided, however, that no cashless exercise shall be permitted unless the Fair Market Value is equal to or higher than the Warrant Price. Solely for purposes of this subsection 3.3.1(b) and Section 6.3, the “Fair Market Value” shall mean the average last sale price of the Common Stock for the ten (10) trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of the Warrants, pursuant to Section 6 hereof;

(c) with respect to any Private Placement Warrant or Working Capital Warrant, so long as such Private Placement Warrant or Working Capital Warrant is held by the Sponsor or a Permitted Transferee, as applicable, by surrendering the Warrants for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value”, as defined in this [subsection 3.3.1\(c\)](#), by (y) the Fair Market Value. Solely for purposes of this [subsection 3.3.1\(c\)](#), the “Fair Market Value” shall mean the average reported last sale price of the Common Stock for the ten (10) trading days ending on the third trading day prior to the date on which notice of exercise of the Warrant is sent to the Warrant Agent; or

(d) as provided in [Section 7.4](#) hereof.

3.3.2 [Issuance of Shares of Common Stock on Exercise](#). As soon as practicable after the exercise of any Warrant and the clearance of the funds in payment of the Warrant Price (if payment is pursuant to [subsection 3.3.1\(a\)](#)), the Company shall issue to the Registered Holder of such Warrant a book-entry position or certificate, as applicable, for the number of full shares of Common Stock to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it, and if such Warrant shall not have been exercised in full, a new book-entry position or countersigned Warrant, as applicable, for the number of shares of Common Stock as to which such Warrant shall not have been exercised. If fewer than all the Warrants evidenced by a Book-Entry Warrant Certificate are exercised, a notation shall be made to the records maintained by the Depository, its nominee for each Book-Entry Warrant Certificate, or a Participant, as appropriate, evidencing the balance of the Warrants remaining after such exercise. Notwithstanding the foregoing, the Company shall not be obligated to deliver any shares of Common Stock pursuant to the exercise of a Warrant and shall have no obligation to settle such Warrant exercise unless a registration statement under the Securities Act with respect to the shares of Common Stock underlying the Public Warrants is then effective and a prospectus relating thereto is current, subject to the Company’s satisfying its obligations under [Section 7.4](#). No Warrant shall be exercisable and the Company shall not be obligated to issue shares of Common Stock upon exercise of a Warrant unless the Common Stock issuable upon such Warrant exercise has been registered, qualified or deemed to be exempt from registration or qualification under the securities laws of the state of residence of the Registered Holder of the Warrants, except pursuant to [Section 7.4](#). In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a Warrant, the holder of such Warrant shall not be entitled to exercise such Warrant and such Warrant may have no value and expire worthless, in which case the purchaser of a Unit containing such Public Warrants shall have paid the full purchase price for the Unit solely for the shares of Common Stock underlying such Unit. In no event will the Company be required to net cash settle the Warrant exercise. The Company may require holders of Public Warrants to settle the Warrant on a “cashless basis” pursuant to [subsection 3.3.1\(b\)](#) and [Section 7.4](#). If, by reason of any exercise of Warrants on a “cashless basis”, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share of Common Stock, the Company shall round down to the nearest whole number, the number of shares of Common Stock to be issued to such holder.

3.3.3 [Valid Issuance](#). All shares of Common Stock issued upon the proper exercise of a Warrant in conformity with this Agreement shall be validly issued, fully paid and non-assessable.

3.3.4 [Date of Issuance](#). Each person in whose name any book-entry position or certificate, as applicable, for shares of Common Stock is issued shall for all purposes be deemed to have become the holder of record of such shares of Common Stock on the date on which the Warrant, or book-entry position representing such Warrant, was surrendered and payment of the Warrant Price was made, irrespective of the date of delivery of such certificate in the case of a certificated Warrant, except that, if the date of such surrender and payment is a date when the share transfer books of the Company or book-entry system of the Warrant Agent are closed, such person shall be deemed to have become the holder of such shares of Common Stock at the close of business on the next succeeding date on which the share transfer books or book-entry system are open.

3.3.5 Maximum Percentage. A holder of a Warrant may notify the Company in writing in the event it elects to be subject to the provisions contained in this subsection 3.3.5; however, no holder of a Warrant shall be subject to this subsection 3.3.5 unless he, she or it makes such election. If the election is made by a holder, the Warrant Agent shall not effect the exercise of the holder's Warrant, and such holder shall not have the right to exercise such Warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the Warrant Agent's actual knowledge, would beneficially own in excess of 4.9% or 9.8% (or such other amount as a holder may specify)(the "**Maximum Percentage**") of the shares of Common Stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such person and its affiliates shall include the number of shares of Common Stock issuable upon exercise of the Warrant with respect to which the determination of such sentence is being made, but shall exclude shares of Common Stock that would be issuable upon (x) exercise of the remaining, unexercised portion of the Warrant beneficially owned by such person and its affiliates and (y) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by such person and its affiliates (including, without limitation, any convertible notes or convertible preferred stock or warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein. Except as set forth in the preceding sentence, for purposes of this paragraph, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). For purposes of the Warrant, in determining the number of outstanding shares of Common Stock, the holder may rely on the number of outstanding shares of Common Stock as reflected in (1) the Company's most recent annual report on Form 10-K, quarterly report on Form 10-Q, current report on Form 8-K or other public filing with the Commission as the case may be, (2) a more recent public announcement by the Company or (3) any other notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. For any reason at any time, upon the written request of the holder of the Warrant, the Company shall, within two (2) Business Days, confirm orally and in writing to such holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of equity securities of the Company by the holder and its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. By written notice to the Company, the holder of a Warrant may from time to time increase or decrease the Maximum Percentage applicable to such holder to any other percentage specified in such notice; provided, however, that any such increase shall not be effective until the sixty-first (61st) day after such notice is delivered to the Company.

#### 4. Adjustments.

##### 4.1 Stock Dividends.

4.1.1 Split-Ups. If after the date hereof, and subject to the provisions of Section 4.6 below, the number of outstanding shares of Common Stock is increased by a stock dividend payable in shares of Common Stock, or by a split-up of shares of Common Stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be increased in proportion to such increase in the outstanding shares of Common Stock. A rights offering to holders of the Common Stock entitling holders to purchase shares of Common Stock at a price less than the "Fair Market Value" (as defined below) shall be deemed a stock dividend of a number of shares of Common Stock equal to the product of (i) the number of shares of Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for the Common Stock) and (ii) one (1) minus the quotient of (x) the price per share of Common Stock paid in such rights offering divided by (y) the Fair Market Value. For purposes of this subsection 4.1.1, (i) if the rights offering is for securities convertible into or exercisable for Common Stock, in determining the price payable for Common Stock, there shall be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) "Fair Market Value" means the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

4.1.2 Extraordinary Dividends. If the Company, at any time while the Warrants are outstanding and unexpired, shall pay a dividend or make a distribution in cash, securities or other assets to the holders of the Common Stock on account of such shares of Common Stock (or other shares of the Company's capital stock into which the Warrants are convertible), other than (a) as described in subsection 4.1.1 above, (b) Ordinary Cash Dividends (as defined below), (c) to satisfy the redemption rights of the holders of the Common Stock in connection with a proposed initial Business Combination, (d) as a result of the repurchase of shares of Common Stock by the Company if a proposed Business Combination is presented to the stockholders of the Company for approval, (e) to satisfy the redemption rights of the holders of Common Stock in connection with a stockholder vote to amend the Company's amended and restated certificate of incorporation to modify the substance or timing of the Company's obligation to redeem 100% of the public shares of Common Stock if the Company does not complete the Business Combination within the period set forth in the Company's amended and restated certificate of incorporation or (f) in connection with the redemption of public shares of Common Stock upon the failure of the Company to complete its initial Business Combination and any subsequent distribution of its assets upon its liquidation (any such non-excluded event being referred to herein as an "**Extraordinary Dividend**"), then the Warrant Price shall be decreased, effective immediately after the effective date of such Extraordinary Dividend, by the amount of cash and/or the fair market value (as determined by the Board, in good faith) of any securities or other assets paid on each share of Common Stock in respect of such Extraordinary Dividend. For purposes of this subsection 4.1.2, "**Ordinary Cash Dividends**" means any cash dividend or cash distribution which, when combined on a per share basis, with the per share amounts of all other cash dividends and cash distributions paid on the Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution (as adjusted to appropriately reflect any of the events referred to in other subsections of this Section 4 and excluding cash dividends or cash distributions that resulted in an adjustment to the Warrant Price or to the number of shares of Common Stock issuable on exercise of each Warrant) does not exceed \$0.50 (being 5% of the offering price of the Units in the Offering).

4.2 Aggregation of Shares. If after the date hereof, and subject to the provisions of Section 4.6 hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be decreased in proportion to such decrease in outstanding shares of Common Stock.

#### 4.3 Adjustments in Exercise Price.

4.3.1 Whenever the number of shares of Common Stock purchasable upon the exercise of the Warrants is adjusted, as provided in subsection 4.1.1 or Section 4.2 above, the Warrant Price shall be adjusted (to the nearest cent) by multiplying such Warrant Price immediately prior to such adjustment by a fraction (x) the numerator of which shall be the number of shares of Common Stock purchasable upon the exercise of the Warrants immediately prior to such adjustment, and (y) the denominator of which shall be the number of shares of Common Stock so purchasable immediately thereafter.

4.3.2 If (i) the Company issues additional shares of Common Stock or securities convertible into or exercisable or exchangeable for shares of Common Stock for capital raising purposes in connection with the closing of its initial Business Combination at an issue price or effective issue price of less than \$9.20 per share of Common Stock, with such issue price or effective issue price to be determined in good faith by the Board (and in the case of any such issuance to the Sponsor or its affiliates, without taking into account any founder shares held by such holder or affiliates, as applicable, prior to such issuance) (the "**New Issuance Price**"), (ii) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the consummation thereof (net of redemptions) and (iii) the volume weighted average trading price of the Common Stock during the 20 trading day period starting on the trading day prior to the day on which the Company consummates the initial Business Combination (such price, the "Market Value") is below \$9.20 per share, the Warrant Price shall be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the New Issuance Price and the Redemption Trigger Price (as defined below) shall be adjusted to equal to 180% of the higher of the Market Value and the Newly Issued Price.

4.4 Replacement of Securities upon Reorganization, etc. In case of any reclassification or reorganization of the outstanding shares of Common Stock (other than a change under subsections 4.1.1 or 4.1.2 or Section 4.2 hereof or that solely affects the par value of such shares of Common Stock), or in the case of any merger or consolidation of the Company with or into another entity or conversion of the Company as another entity (other than a consolidation or merger in which the Company is the continuing corporation and that does not result in any reclassification or reorganization of the outstanding shares of Common Stock), or in the case of any sale or conveyance to another entity of the assets or other property of the Company as an entirety or substantially as an entirety in connection with which the Company is dissolved, the holders of the Warrants shall thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the Warrants and in lieu of the shares of Common Stock of the Company immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the Warrants would have received if such holder had exercised his, her or its Warrant(s) immediately prior to such event (the “**Alternative Issuance**”); provided, however, that in connection with the closing of any such consolidation, merger, sale or conveyance, the successor or purchasing entity shall execute an amendment hereto with the Warrant Agent providing for delivery of such Alternative Issuance; provided, further, that (i) if the holders of the Common Stock were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets constituting the Alternative Issuance for which each Warrant shall become exercisable shall be deemed to be the weighted average of the kind and amount received per share by the holders of the Common Stock in such consolidation or merger that affirmatively make such election, and (ii) if a tender, exchange or redemption offer shall have been made to and accepted by the holders of the Common Stock (other than a tender, exchange or redemption offer made by the Company in connection with redemption rights held by stockholders of the Company as provided for in the Company’s amended and restated certificate of incorporation or as a result of the repurchase of shares of Common Stock by the Company if a proposed initial Business Combination is presented to the stockholders of the Company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act (or any successor rule)) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act (or any successor rule)) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act (or any successor rule)) more than 50% of the outstanding shares of Common Stock, the holder of a Warrant shall be entitled to receive as the Alternative Issuance, the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such Warrant holder had exercised the Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in this Section 4; provided, further, that if less than 70% of the consideration receivable by the holders of the Common Stock in the applicable event is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the Registered Holder properly exercises the Warrant within thirty (30) days following the public disclosure of the consummation of such applicable event by the Company pursuant to a current report on Form 8-K filed with the Commission, the Warrant Price shall be reduced by an amount (in dollars) (but in no event less than zero) equal to the difference of (i) the Warrant Price in effect prior to such reduction minus (ii) (A) the Per Share Consideration (as defined below) minus (B) the Black-Scholes Warrant Value (as defined below). The “**Black-Scholes Warrant Value**” means the value of a Warrant immediately prior to the consummation of the applicable event based on the Black-Scholes Warrant Model for a Capped American Call on Bloomberg Financial Markets (“**Bloomberg**”). For purposes of calculating such amount, (1) Section 6 of this Agreement shall be taken into account, (2) the price of each share of Common Stock shall be the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the effective date of the applicable event, (3) the assumed volatility shall be the 90 day volatility obtained from the HVT function on Bloomberg determined as of the trading day immediately prior to the day of the announcement of the applicable event, and (4) the assumed risk-free interest rate shall correspond to the U.S. Treasury rate for a period equal to the remaining term of the Warrant. “**Per Share Consideration**” means (i) if the consideration paid to holders of the Common Stock consists exclusively of cash, the amount of such cash per share of Common Stock, and (ii) in all other cases, the amount of cash per share of Common Stock, if any, plus the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the effective date of the applicable event. If any reclassification or reorganization also results in a change in shares of Common Stock covered by subsection 4.1.1, then such adjustment shall be made pursuant to subsection 4.1.1 or Sections 4.2, 4.3 and this Section 4.4. The provisions of this Section 4.4 shall similarly apply to successive reclassifications, reorganizations, mergers or consolidations, sales or other transfers. In no event will the Warrant Price be reduced to less than the par value per share issuable upon exercise of the Warrant.

4.5 Notices of Changes in Warrant. Upon every adjustment of the Warrant Price or the number of shares of Common Stock issuable upon exercise of a Warrant, the Company shall give written notice thereof to the Warrant Agent, which notice shall state the Warrant Price resulting from such adjustment and the increase or decrease, if any, in the number of shares of Common Stock purchasable at such price upon the exercise of a Warrant, setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Upon the occurrence of any event specified in Sections 4.1, 4.2, 4.3 or 4.4, the Company shall give written notice of the occurrence of such event to each holder of a Warrant, at the last address set forth for such holder in the Warrant Register, of the record date or the effective date of the event. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such event.

4.6 No Fractional Shares. Notwithstanding any provision contained in this Agreement to the contrary, the Company shall not issue fractional shares of Common Stock upon the exercise of Warrants. If, by reason of any adjustment made pursuant to this Section 4, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share, the Company shall, upon such exercise, round down to the nearest whole number the number of shares of Common Stock to be issued to such holder.

4.7 Form of Warrant. The form of Warrant need not be changed because of any adjustment pursuant to this Section 4, and Warrants issued after such adjustment may state the same Warrant Price and the same number of shares of Common Stock as is stated in the Warrants initially issued pursuant to this Agreement; provided, however, that the Company may at any time in its sole discretion make any change in the form of Warrant that the Company may deem appropriate and that does not affect the substance thereof, and any Warrant thereafter issued or countersigned, whether in exchange or substitution for an outstanding Warrant or otherwise, may be in the form as so changed.

4.8 Other Events. In case any event shall occur affecting the Company as to which none of the provisions of preceding subsections of this Section 4 are strictly applicable, but which would require an adjustment to the terms of the Warrants in order to (i) avoid an adverse impact on the Warrants and (ii) effectuate the intent and purpose of this Section 4, then, in each such case, the Company shall appoint a firm of independent public accountants, investment banking or other appraisal firm of recognized national standing, which shall give its opinion as to whether or not any adjustment to the rights represented by the Warrants is necessary to effectuate the intent and purpose of this Section 4 and, if they determine that an adjustment is necessary, the terms of such adjustment, provided, however, that under no circumstances shall the Warrants be adjusted pursuant to this Section 4.8 as a result of any issuance of securities in connection with the Business Combination. The Company shall adjust the terms of the Warrants in a manner that is consistent with any adjustment recommended in such opinion.

## 5. Transfer and Exchange of Warrants.

5.1 Registration of Transfer. The Warrant Agent shall register the transfer, from time to time, of any outstanding Warrant upon the Warrant Register, upon surrender of such Warrant for transfer, in the case of certificated Warrants, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Warrant representing an equal aggregate number of Warrants shall be issued and the old Warrant shall be cancelled by the Warrant Agent. In the case of certificated Warrants, the Warrants so cancelled shall be delivered by the Warrant Agent to the Company from time to time upon request.

5.2 Procedure for Surrender of Warrants. Warrants may be surrendered to the Warrant Agent, together with a written request for exchange or transfer, and thereupon the Warrant Agent shall issue in exchange therefor one or more new Warrants as requested by the Registered Holder of the Warrants so surrendered, representing an equal aggregate number of Warrants; provided, however, that except as otherwise provided herein or in any Book-Entry Warrant Certificate or Definitive Warrant Certificate, each Book-Entry Warrant Certificate and Definitive Warrant Certificate may be transferred only in whole and only to the Depository, to another nominee of the Depository, to a successor depository, or to a nominee of a successor depository; provided further, however, that in the event that a Warrant surrendered for transfer bears a restrictive legend (as in the case of the Private Placement Warrants and the Working Capital Warrants), the Warrant Agent shall not cancel such Warrant and issue new Warrants in exchange thereof until the Warrant Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating whether the new Warrants must also bear a restrictive legend.

5.3 Fractional Warrants. The Warrant Agent shall not be required to effect any registration of transfer or exchange which shall result in the issuance of a warrant certificate or book-entry position for a fraction of a warrant.

5.4 Service Charges. No service charge shall be made for any exchange or registration of transfer of Warrants.

5.5 Warrant Execution and Countersignature. The Warrant Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Warrants required to be issued pursuant to the provisions of this Section 5, and the Company, whenever required by the Warrant Agent, shall supply the Warrant Agent with Warrants duly executed on behalf of the Company for such purpose.

5.6 Transfer of Warrants. Prior to the Detachment Date, the Public Warrants may be transferred or exchanged only together with the Unit in which such Warrant is included, and only for the purpose of effecting, or in conjunction with, a transfer or exchange of such Unit. Furthermore, each transfer of a Unit on the register relating to such Units shall operate also to transfer the Warrants included in such Unit. Notwithstanding the foregoing, the provisions of this Section 5.6 shall have no effect on any transfer of Warrants on and after the Detachment Date.

## 6. Redemption.

6.1 Redemption. Subject to Section 6.4 hereof, not less than all of the outstanding Warrants may be redeemed, at the option of the Company, at any time while they are exercisable and prior to their expiration, at the office of the Warrant Agent, upon notice to the Registered Holders of the Warrants, as described in Section 6.2 below, at the price of \$0.01 per Warrant (the “**Redemption Price**”), provided that the last sales price of the Common Stock reported has been at least \$18.00 per share (subject to adjustment in compliance with Section 4 hereof) (the “**Redemption Trigger Price**”), on each of twenty (20) trading days within the thirty (30) trading-day period commencing once the Warrants become exercisable and ending on the third trading day prior to the date on which notice of the redemption is given and provided that there is an effective registration statement covering the shares of Common Stock issuable upon exercise of the Warrants, and a current prospectus relating thereto, available throughout the 30-day Redemption Period (as defined in Section 6.2 below) or the Company has elected to require the exercise of the Warrants on a “cashless basis” pursuant to subsection 3.3.1; provided, however, that if and when the Public Warrants become redeemable by the Company, the Company may not exercise such redemption right if the issuance of shares of Common Stock upon exercise of the Public Warrants is not exempt from registration or qualification under applicable state blue sky laws or the Company is unable to effect such registration or qualification.

6.2 Date Fixed for, and Notice of, Redemption. In the event that the Company elects to redeem all of the Warrants, the Company shall fix a date for the redemption (the “**Redemption Date**”). Notice of redemption shall be mailed by first class mail, postage prepaid, by the Company not less than thirty (30) days prior to the Redemption Date (the “**30-day Redemption Period**”) to the Registered Holders of the Warrants to be redeemed at their last addresses as they shall appear on the registration books. Any notice mailed in the manner herein provided shall be conclusively presumed to have been duly given whether or not the Registered Holder received such notice.

6.3 Exercise After Notice of Redemption. The Warrants may be exercised, for cash (or on a “cashless basis” in accordance with subsection 3.3.1(b) of this Agreement) at any time after notice of redemption shall have been given by the Company pursuant to Section 6.2 hereof and prior to the Redemption Date. In the event that the Company determines to require all holders of Warrants to exercise their Warrants on a “cashless basis” pursuant to subsection 3.3.1, the notice of redemption shall contain the information necessary to calculate the number of shares of Common Stock to be received upon exercise of the Warrants, including the “Fair Market Value” (as such term is defined in subsection 3.3.1(b) hereof) in such case. On and after the Redemption Date, the record holder of the Warrants shall have no further rights except to receive, upon surrender of the Warrants, the Redemption Price.

6.4 Exclusion of Private Placement Warrants and Working Capital Warrants. The Company agrees that the redemption rights provided in this Section 6 shall not apply to the Private Placement Warrants or the Working Capital Warrants if at the time of the redemption such Private Placement Warrants or the Working Capital Warrants continue to be held by the Sponsor or any Permitted Transferees, as applicable. However, once such Private Placement Warrants or Working Capital Warrants are transferred (other than to Permitted Transferees under Section 2.6), the Company may redeem the Private Placement Warrants and the Working Capital Warrants, provided that the criteria for redemption are met, including the opportunity of the holder of such Private Placement Warrants or the Working Capital Warrants to exercise the Private Placement Warrants and the Working Capital Warrants prior to redemption pursuant to Section 6.3. Private Placement Warrants and Working Capital Warrants that are transferred to persons other than Permitted Transferees shall upon such transfer cease to be Private Placement Warrants or Working Capital Warrants and shall become Public Warrants under this Agreement.

## 7. Other Provisions Relating to Rights of Holders of Warrants.

7.1 No Rights as Stockholder. A Warrant does not entitle the Registered Holder thereof to any of the rights of a stockholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as stockholders in respect of the meetings of stockholders or the election of directors of the Company or any other matter.

7.2 Lost, Stolen, Mutilated, or Destroyed Warrants. If any Warrant is lost, stolen, mutilated, or destroyed, the Company and the Warrant Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Warrant, include the surrender thereof), issue a new Warrant of like denomination, tenor, and date as the Warrant so lost, stolen, mutilated, or destroyed. Any such new Warrant shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Warrant shall be at any time enforceable by anyone.

7.3 Reservation of Common Stock. The Company shall at all times reserve and keep available a number of its authorized but unissued shares of Common Stock that shall be sufficient to permit the exercise in full of all outstanding Warrants issued pursuant to this Agreement.

### 7.4 Registration of Common Stock; Cashless Exercise at Company's Option.

7.4.1 Registration of the Common Stock. The Company agrees that as soon as practicable, but in no event later than fifteen (15) Business Days after the closing of its initial Business Combination, it shall use its best efforts to file with the Commission a registration statement for the registration, under the Securities Act, of the shares of Common Stock issuable upon exercise of the Warrants. The Company shall use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Warrants in accordance with the provisions of this Agreement. If any such registration statement has not been declared effective by the 60th Business Day following the closing of the Business Combination, holders of the Warrants shall have the right, during the period beginning on the 61st Business Day after the closing of the Business Combination and ending upon such registration statement being declared effective by the Commission, and during any other period when the Company shall fail to have maintained an effective registration statement covering the shares of Common Stock issuable upon exercise of the Warrants, to exercise such Warrants on a "cashless basis," by exchanging the Warrants (in accordance with Section 3(a)(9) of the Securities Act (or any successor rule) or another exemption) for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the "Fair Market Value" (as defined below) by (y) the Fair Market Value; provided, however, that no cashless exercise shall be permitted unless the Fair Market Value is equal to or higher than the Warrant Price. Solely for purposes of this subsection 7.4.1, "Fair Market Value" shall mean the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the Warrant Agent from the holder of such Warrants or its securities broker or intermediary. The date that notice of cashless exercise is received by the Warrant Agent shall be conclusively determined by the Warrant Agent. In connection with the "cashless exercise" of a Public Warrant, the Company shall, upon request, provide the Warrant Agent with an opinion of counsel for the Company (which shall be an outside law firm with securities law experience) stating that (i) the exercise of the Warrants on a cashless basis in accordance with this subsection 7.4.1 is not required to be registered under the Securities Act and (ii) the shares of Common Stock issued upon such exercise shall be freely tradable under United States federal securities laws by anyone who is not an affiliate (as such term is defined in Rule 144 under the Securities Act (or any successor statute)) of the Company and, accordingly, shall not be required to bear a restrictive legend. Except as provided in subsection 7.4.2, for the avoidance of any doubt, unless and until all of the Warrants have been exercised or have expired, the Company shall continue to be obligated to comply with its registration obligations under the first three sentences of this subsection 7.4.1.

7.4.2 Cashless Exercise at Company's Option. If the Common Stock is at the time of any exercise of a Warrant not listed on a national securities exchange such that it satisfies the definition of a "covered security" under Section 18(b)(1) of the Securities Act (or any successor statute), the Company may, at its option, (i) require holders of Public Warrants who exercise Public Warrants to exercise such Public Warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act (or any successor statute) as described in subsection 7.4.1 and (ii) in the event the Company so elects, the Company shall not be required to file or maintain in effect a registration statement for the registration, under the Securities Act, of the Common Stock issuable upon exercise of the Warrants, notwithstanding anything in this Agreement to the contrary. If the Company does not elect at the time of exercise to require a holder of Public Warrants who exercises Public Warrants to exercise such Public Warrants on a "cashless basis," it agrees to use its best efforts to register or qualify for sale the Common Stock issuable upon exercise of the Public Warrant under the blue sky laws of the state of residence of the exercising Public Warrant holder to the extent an exemption is not available.

## 8. Concerning the Warrant Agent and Other Matters.

8.1 Payment of Taxes. The Company shall from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Warrant Agent in respect of the issuance or delivery of shares of Common Stock upon the exercise of the Warrants, but the Company shall not be obligated to pay any transfer taxes in respect of the Warrants or such shares of Common Stock.

### 8.2 Resignation, Consolidation, or Merger of Warrant Agent.

8.2.1 Appointment of Successor Warrant Agent. The Warrant Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Warrant Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Warrant Agent in place of the Warrant Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after it has been notified in writing of such resignation or incapacity by the Warrant Agent or by the holder of a Warrant (who shall, with such notice, submit his Warrant for inspection by the Company), then the holder of any Warrant may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Warrant Agent at the Company's cost. Any successor Warrant Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Warrant Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Warrant Agent with like effect as if originally named as Warrant Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Warrant Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Warrant Agent all the authority, powers, and rights of such predecessor Warrant Agent hereunder; and upon request of any successor Warrant Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Warrant Agent all such authority, powers, rights, immunities, duties, and obligations.

8.2.2 Notice of Successor Warrant Agent. In the event a successor Warrant Agent shall be appointed, the Company shall give notice thereof to the predecessor Warrant Agent and the Transfer Agent for the Common Stock not later than the effective date of any such appointment.

8.2.3 Merger or Consolidation of Warrant Agent. Any corporation into which the Warrant Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Warrant Agent shall be a party shall be the successor Warrant Agent under this Agreement without any further act.

### 8.3 Fees and Expenses of Warrant Agent.

8.3.1 Remuneration. The Company agrees to pay the Warrant Agent reasonable remuneration for its services as such Warrant Agent hereunder and shall, pursuant to its obligations under this Agreement, reimburse the Warrant Agent upon demand for all expenditures that the Warrant Agent may reasonably incur in the execution of its duties hereunder.

8.3.2 Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Warrant Agent for the carrying out or performing of the provisions of this Agreement.

### 8.4 Liability of Warrant Agent.

8.4.1 Reliance on Company Statement. Whenever in the performance of its duties under this Agreement, the Warrant Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the Chief Executive Officer, Chief Financial Officer, President, Executive Vice President, Vice President, Secretary or Chairman of the Board of the Company and delivered to the Warrant Agent. The Warrant Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

8.4.2 Indemnity. The Warrant Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. The Company agrees to indemnify the Warrant Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Warrant Agent in the execution of this Agreement, except as a result of the Warrant Agent's gross negligence, willful misconduct or bad faith.

8.4.3 Exclusions. The Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof). The Warrant Agent shall not be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant. The Warrant Agent shall not be responsible to make any adjustments required under the provisions of Section 4 hereof or responsible for the manner, method, or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any shares of Common Stock to be issued pursuant to this Agreement or any Warrant or as to whether any shares of Common Stock shall, when issued, be valid and fully paid and non-assessable.

8.5 Acceptance of Agency. The Warrant Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth and among other things, shall account promptly to the Company with respect to Warrants exercised and concurrently account for, and pay to the Company, all monies received by the Warrant Agent for the purchase of shares of Common Stock through the exercise of the Warrants.

8.6 Waiver. The Warrant Agent has no right of set-off or any other right, title, interest or claim of any kind ("**Claim**") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Warrant Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever. The Warrant Agent hereby waives any and all Claims against the Trust Account and any and all rights to seek access to the Trust Account.

## 9. Miscellaneous Provisions.

9.1 Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrant Agent shall bind and inure to the benefit of their respective successors and assigns.

9.2 Notices. Any notice, statement or demand authorized by this Agreement to be given or made by the Warrant Agent or by the holder of any Warrant to or on the Company shall be sufficiently given when so delivered if by hand or overnight delivery or if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Company with the Warrant Agent), as follows:

Big Cypress Acquisition Corp.  
300 W. 41st Street, Suite 202  
Miami Beach, FL 33140  
Attention: Samuel J. Reich

Any notice, statement or demand authorized by this Agreement to be given or made by the holder of any Warrant or by the Company to or on the Warrant Agent shall be sufficiently given when so delivered if by hand or overnight delivery or if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Warrant Agent with the Company), as follows:

Continental Stock Transfer & Trust Company  
1 State Street, 30th Floor  
New York, NY 10004  
Attention: Compliance Department

9.3 Applicable Law. The validity, interpretation, and performance of this Agreement and of the Warrants shall be governed in all respects by the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The Company hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive. The Company hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum. Notwithstanding the foregoing, this Section 9.3 shall not apply to actions brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum.

9.4 Persons Having Rights under this Agreement. Nothing in this Agreement shall be construed to confer upon, or give to, any person or corporation other than the parties hereto and the Registered Holders of the Warrants and, for purposes of Sections 7.4, 9.4 and 9.8, the Representative, any right, remedy, or claim under or by reason of this Agreement or of any covenant, condition, stipulation, promise, or agreement hereof. All covenants, conditions, stipulations, promises, and agreements contained in this Agreement shall be for the sole and exclusive benefit of the parties hereto and, for purposes of Sections 7.4, 9.4 and 9.8, the Representative, and their successors and assigns and of the Registered Holders of the Warrants.

9.5 Examination of the Warrant Agreement. A copy of this Agreement shall be available at all reasonable times at the office of the Warrant Agent in the Borough of Manhattan, City and State of New York, for inspection by the Registered Holder of any Warrant. The Warrant Agent may require any such holder to submit such holder's Warrant for inspection by the Warrant Agent.

9.6 Counterparts. This Agreement may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

9.7 Effect of Headings. The section headings herein are for convenience only and are not part of this Agreement and shall not affect the interpretation thereof.

9.8 Amendments. This Agreement may be amended by the parties hereto without the consent of any Registered Holder (i) for the purpose of curing any ambiguity, or curing, correcting or supplementing any defective provision contained herein or adding or changing any other provisions with respect to matters or questions arising under this Agreement as the parties may deem necessary or desirable and that the parties deem shall not adversely affect the interest of the Registered Holders, and (ii) to provide for the delivery of Alternative Issuance pursuant to Section 4.4. All other modifications or amendments, including any amendment to increase the Warrant Price or shorten the Exercise Period, shall require the vote or written consent of the Registered Holders of a majority of the then outstanding Public Warrants. Any amendment solely to the Private Placement Warrants or the Working Capital Warrants shall require the vote or written consent of a majority of the holders of the then outstanding Private Placement Warrants or the Working Capital Warrants. Notwithstanding the foregoing, the Company may lower the Warrant Price or extend the duration of the Exercise Period pursuant to Sections 3.1 and 3.2, respectively, without the consent of the Registered Holders.

9.9 Severability. This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

Number

**Warrants**

**THIS WARRANT SHALL BE VOID IF NOT EXERCISED PRIOR TO  
THE EXPIRATION OF THE EXERCISE PERIOD PROVIDED FOR  
IN THE WARRANT AGREEMENT DESCRIBED BELOW  
BIG CYPRESS ACQUISITION CORP.**

*Incorporated Under the Laws of the State of Delaware*

CUSIP [—]

**Warrant Certificate**

*This Warrant Certificate certifies that* , or registered assigns, is the registered holder of warrant(s) evidenced hereby (the “*Warrants*” and each, a “Warrant”) to purchase shares of common stock, \$0.0001 par value per share (“*Common Stock*”), of Big Cypress Acquisition Corp., a Delaware corporation (the “*Company*”). Each whole Warrant entitles the holder, upon exercise during the period set forth in the Warrant Agreement referred to below, to receive from the Company that number of fully paid and non-assessable shares of Common Stock as set forth below, at the exercise price (the “*Exercise Price*”) as determined pursuant to the Warrant Agreement, payable in lawful money (or through “*cashless exercise*” as provided for in the Warrant Agreement) of the United States of America upon surrender of this Warrant Certificate and payment of the Exercise Price at the office or agency of the Warrant Agent referred to below, subject to the conditions set forth herein and in the Warrant Agreement. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement.

Each whole Warrant is initially exercisable for one fully paid and non-assessable share of Common Stock. No fractional shares will be issued upon exercise of any Warrant. If, upon the exercise of Warrants, a holder would be entitled to receive a fractional interest in a share of Common Stock, the Company will, upon exercise, round down to the nearest whole number the number of shares of Common Stock to be issued to the Warrant holder. The number of shares of Common Stock issuable upon exercise of the Warrants is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

The initial Exercise Price per share of Common Stock for any Warrant is equal to \$11.50 per whole share. The Exercise Price is subject to adjustment upon the occurrence of certain events set forth in the Warrant Agreement.

Subject to the conditions set forth in the Warrant Agreement, the Warrants may be exercised only during the Exercise Period and to the extent not exercised by the end of such Exercise Period, such Warrants shall become void.

Reference is hereby made to the further provisions of this Warrant Certificate set forth on the reverse hereof and such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Warrant Certificate shall not be valid unless countersigned by the Warrant Agent, as such term is used in the Warrant Agreement.

This Warrant Certificate shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to conflicts of laws principles thereof.

[Form of Warrant Certificate]  
[Reverse]

The Warrants evidenced by this Warrant Certificate are part of a duly authorized issue of Warrants entitling the holder on exercise to receive shares of Common Stock and are issued or to be issued pursuant to a Warrant Agreement dated as of , 2021 (the “*Warrant Agreement*”), duly executed and delivered by the Company to Continental Stock Transfer & Trust Company, a New York corporation, as warrant agent (the “*Warrant Agent*”), which Warrant Agreement is hereby incorporated by reference in and made a part of this instrument and is hereby referred to for a description of the rights, limitation of rights, obligations, duties and immunities thereunder of the Warrant Agent, the Company and the holders (the words “*holders*” or “*holder*” meaning the Registered Holders or Registered Holder, respectively) of the Warrants. A copy of the Warrant Agreement may be obtained by the holder hereof upon written request to the Company. Defined terms used in this Warrant Certificate but not defined herein shall have the meanings given to them in the Warrant Agreement.

Warrants may be exercised at any time during the Exercise Period set forth in the Warrant Agreement. The holder of Warrants evidenced by this Warrant Certificate may exercise them by surrendering this Warrant Certificate, with the form of election to purchase set forth hereon properly completed and executed, together with payment of the Exercise Price as specified in the Warrant Agreement (or through “cashless exercise” as provided for in the Warrant Agreement) at the principal corporate trust office of the Warrant Agent. In the event that upon any exercise of Warrants evidenced hereby the number of Warrants exercised shall be less than the total number of Warrants evidenced hereby, there shall be issued to the holder hereof or his, her or its assignee, a new Warrant Certificate evidencing the number of Warrants not exercised.

Notwithstanding anything else in this Warrant Certificate or the Warrant Agreement, no Warrant may be exercised unless at the time of exercise (i) a registration statement covering the shares of Common Stock to be issued upon exercise is effective under the Securities Act and (ii) a prospectus thereunder relating to the shares of Common Stock is current, except through “cashless exercise” as provided for in the Warrant Agreement.

The Warrant Agreement provides that upon the occurrence of certain events the number of shares of Common Stock issuable upon exercise of the Warrants set forth on the face hereof may, subject to certain conditions, be adjusted. If, upon exercise of a Warrant, the holder thereof would be entitled to receive a fractional interest in a share of Common Stock, the Company shall, upon exercise, round down to the nearest whole number of shares of Common Stock to be issued to the holder of the Warrant.

Warrant Certificates, when surrendered at the principal corporate trust office of the Warrant Agent by the Registered Holder thereof in person or by legal representative or attorney duly authorized in writing, may be exchanged, in the manner and subject to the limitations provided in the Warrant Agreement, but without payment of any service charge, for another Warrant Certificate or Warrant Certificates of like tenor evidencing in the aggregate a like number of Warrants.

Upon due presentation for registration of transfer of this Warrant Certificate at the office of the Warrant Agent a new Warrant Certificate or Warrant Certificates of like tenor and evidencing in the aggregate a like number of Warrants shall be issued to the transferee(s) in exchange for this Warrant Certificate, subject to the limitations provided in the Warrant Agreement, without charge except for any tax or other governmental charge imposed in connection therewith.

The Company and the Warrant Agent may deem and treat the Registered Holder(s) hereof as the absolute owner(s) of this Warrant Certificate (notwithstanding any notation of ownership or other writing hereon made by anyone), for the purpose of any exercise hereof, of any distribution to the holder(s) hereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary. Neither the Warrants nor this Warrant Certificate entitles any holder hereof to any rights of a stockholder of the Company.

Election to Purchase  
(To Be Executed Upon Exercise of Warrant)

The undersigned hereby irrevocably elects to exercise the right, represented by this Warrant Certificate, to receive shares of Common Stock and herewith tenders payment for such shares of Common Stock to the order of Big Cypress Acquisition Corp. (the “**Company**”) in the amount of \$ in accordance with the terms hereof. The undersigned requests that a certificate for such shares of Common Stock be registered in the name of , whose address is and that such shares of Common Stock be delivered to whose address is . If said number of shares of Common Stock is less than all of the shares of Common Stock purchasable hereunder, the undersigned requests that a new Warrant Certificate representing the remaining balance of such shares of Common Stock be registered in the name of , whose address is and that such Warrant Certificate be delivered to , whose address is .

In the event that the Warrant has been called for redemption by the Company pursuant to Section 6 of the Warrant Agreement and the Company has required cashless exercise pursuant to Section 6.3 of the Warrant Agreement, the number of shares of Common Stock that this Warrant is exercisable for shall be determined in accordance with subsection 3.3.1(b) and Section 6.3 of the Warrant Agreement.

In the event that the Warrant is a Private Placement Warrant, Working Capital Warrant or Post-IPO Warrant that is to be exercised on a “cashless” basis pursuant to subsection 3.3.1(c) of the Warrant Agreement, the number of shares of Common Stock that this Warrant is exercisable for shall be determined in accordance with subsection 3.3.1(c) of the Warrant Agreement.

In the event that the Warrant is to be exercised on a “cashless” basis pursuant to Section 7.4 of the Warrant Agreement, the number of shares of Common Stock that this Warrant is exercisable for shall be determined in accordance with Section 7.4 of the Warrant Agreement.

In the event that the Warrant may be exercised, to the extent allowed by the Warrant Agreement, through cashless exercise (i) the number of shares of Common Stock that this Warrant is exercisable for would be determined in accordance with the relevant section of the Warrant Agreement which allows for such cashless exercise and (ii) the holder hereof shall complete the following: The undersigned hereby irrevocably elects to exercise the right, represented by this Warrant Certificate, through the cashless exercise provisions of the Warrant Agreement, to receive shares of Common Stock. If said number of shares of Common Stock is less than all of the shares of Common Stock purchasable hereunder (after giving effect to the cashless exercise), the undersigned requests that a new Warrant Certificate representing the remaining balance of such shares of Common Stock be registered in the name of , whose address is and that such Warrant Certificate be delivered to , whose address is .
